15.1 **TECHNICAL BID (ENVELOPE-A):** In step 1: Envelope “A” containing documents for **“Technical Bid”** shall be opened online on GeM portal in respect of bidders whose **EMD/MSME & NSIC Exemption Documents and all other mentioned Undertakings/ Certificates/documents** received by AAI, Bhuj on or before the dates and time mentioned in the tender which should match with the scan copies of the

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares **same uploaded on GeM Portal. Otherwise bidders shall not be considered for online opening of Technical Bid on GeM portal.** Scan copies of receipts of EMD/MSME & NSIC Exemption Documents and all other mentioned Undertakings/ Certificates/documents are positively submitted and available on GeM portal, on the designated date of opening of tender/e-bid response, online. Content of Envelope “A” containing submissions/ Compliances against different Para’s of section A, B & C shall be checked/verified by AAI along with clarifications if any submitted by bidders on AAI e-portal, against AAI queries. Envelope “A” e-bid response in scan copy available on GeM portal, shall be evaluated and bidders meeting eligibility requirements as per all parts of Clause 12,13 and their Sub-Clauses, shall be informed and considered for further participation in Price bid.

15.2 Every bidder shall submit his offered equipment at his own cost for Technical Demonstration as a part of technical evaluation, in case AAI demanded. AAI appointed committee will witness technical demonstration tests on the offered equipment by bidders in BHUJ Airport to evaluate its operational/functional capabilities as per requirements of this tender.

15.3 Bidders not submitting/offering their offered equipment against this tender on AAI request, for the tests by AAI within stipulated time shall be considered non-compliant/non-responsive. Such bidders are liable to be technically disqualified by AAI and commercial bids of such bidders shall not be considered by AAI for opening.

15.4 Bidders not meeting Tender criteria even after clarifications sought by AAI and technical demonstration, bid shall be rejected for not meeting the eligibility or technical criteria in step 1 (envelope A) and commercial bids of such bidders shall not be considered by AAI for opening. The EMD of unsuccessful bidders shall be returned as per tender conditions and no further communication regarding progress of this tender shall be made by AAI to such bidders. They shall not be considered for further participation in step 2 (price bid).

15.5 Bidders not submitting the valid **Manufacturer Authorization Form (MAF)** in Technical Bid (Envelope A) from respective Original Equipment Manufacturer (OEM) for product offered like All camera, camera server, VMS AND DIGITAL VIDEO SURVEILLANCE CONTROL SOFTWARE, ANPR& FC Software, workstation, NAS Storage shall not be considered by AAI for further participation in step 2 (price bid).

15.6 PRICE BID (ENVELOPE-B): In Step 2: Envelope “B” containing Price bid of short-listed vendors in step 1, shall be opened on GeM Portal (price bid shall be opened on scheduled date otherwise suitable date shall be informed by AAI in due course to all the bidders).

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares
15.7 Price Bid opened on GeM Portal only shall be evaluated by AAI as per tender conditions.

15.8 To short-list bidders in step 1, opened e-bids responses of eligible bidders shall be scrutinized by AAI to ensure whether the same are in conformity with the tender requirements. Bidder shall provide complete information to substantiate compliance of the requirements listed in the tender. In case of incomplete compliance statement or inadequate information, tender shall be evaluated on the basis of the information available.

15.9 It shall, therefore, be in the bidders' interest to give complete and comprehensive particulars, description and details while submitting their e-bid responses. However, AAI may seek clarifications on tender requirements or any other information deemed necessary. **The queries raised shall be replied positively within the time specified and through GeM Portal only, failing which the evaluation shall be done on the basis of the information available.**

16 LANGUAGE

16.1 The language of all submission shall be **English**.

16.2 Certified English translation must be submitted along with the documents, which are not in English language.

17 ADDRESS FOR CORRESPONDENCE

Any enquiries, clarification/interpretation in connection with this tender shall be addressed to:

**CNS In-Charge, O/o Airport Director, BHUJ Airport
Airports Authority of India,
Bhuj– 370001**

18 TENDERING GUIDELINES

18.1 Hard copies of ENVELOPE “A” response, uploaded by bidders on GeM Portal may be asked by AAI from bidders, as clarifications/confirmation of contents.

18.2 Airports Authority of India (AAI) reserves the right to reject any or all the tenders or part thereof without assigning any reason there-of, and to call for any other details or information from any of the bidder.

18.3 AAI shall not be responsible for delay/loss/non-receipt of e-tender bid response or for loss of contents submitted on GeM portal.

18.4 Bidder's E-bid response documents on GeM Portal once opened on GeM Portal is final.

No amendment in any portion of the bid is permitted/possible through GeM portal, after opening of the 1st stage of e-bid responses, on GeM Portal by AAI.

18.5 One bidder firm shall submit only one e-bid solution response on GeM portal.

18.6 For the evaluation of this tender & for assessing the eligibility, technical & financial criteria, the date of Publishing of Bid on GeM Portal shall be taken as reference.

18.7 At any stage of evaluation of tender, by AAI, if it is found that the firms in competition has formed a cartel or consortium to mislead AAI, then such bids shall be summarily rejected without assigning any reasons to bidder firms. Such firms shall be dealt by AAI according to other provisions of the tender.

19 REJECTION & RETURN OF TENDER

19.1 Airports Authority of India (hereinafter abbreviated as AAI) reserves the right to reject any or all parts of tender without assigning any reason. The hard copy of bid documents and/or clarifications, if any, sought from bidders will not be returned back by AAI.

19.2 AAI also reserves the right at its sole discretion not to award any order under the tender called. AAI shall not pay any compensation/cost incurred in the preparation and submission of any tender or any cost incidental to it.

19.3 Tenders, in which any of the particulars and prescribed information is vague, missing or is incomplete, in any respect and/or prescribed conditions are not fulfilled, shall be considered non-responsive and are liable to be rejected.

19.4 If the bidder gives wrong information in his tender, AAI reserves the right to reject such tender at any stage or to cancel the Contract, if awarded, and forfeit the entire amount of Earnest Money Deposit.

19.5 The information contained in the tender shall be comprehensive and to the point. The tenders containing information other than sought, with a motive to confuse or delay the finalization process are likely to be rejected.

19.6 Canvassing in any form in connection with the tenders is strictly prohibited and the tenders submitted by the Contractors who resort to Canvassing are liable for rejection.

19.7 In case a bidder has a relation or relations employed in the capacity of an officer of AAI, the authority inviting tender shall be informed of the fact along with the offer, failing

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares which AAI, at its sole discretion shall reject the tender or cancel the contract and forfeit the entire amount of Earnest Money Deposit.

19.8In case a bidder feel that it shall not participate/compete further in the tender, then such bidders shall communicate to AAI in writing about its intention before opening of Envelope B “PRICE BID”. Bids of such bidders shall be rejected by AAI. EMD of such bidders shall be returned by AAI.

19.9AAI shall be the sole judge in the matter of short-listing and the decision of AAI shall be final and binding.

19.10The acceptance of tender rests with the Airport Director, BHUJ Airport, Airports Authority of India, who does not bind himself to accept the lowest tender and reserves to himself the authority to reject any or all the tenders received without assigning any reason.

20MAINTENANCE SET-UPS IN INDIA: Bidder Firm shall inform Address, Fax & Telephone numbers of their maintenance set-up functional in India or firm shall establish its own maintenance set-up in India before at least THIRTY days of SAT, and shall be functional for the complete duration of 3 years warranty & 3 years CAMC & defect liability period.

Declaration:

The terms and conditions given in **Section D** given in the Tender Document are read, understood and hereby accepted unconditionally and shall be complied with. I/We agree to abide by the Terms and Conditions, contained in this section of Tender Document and which shall form part of contract conditions and provisions. I/We hereby unconditionally accept(s) these Terms and Conditions of AAI’s tender documents in its entirety for the Gem Bid No. for **SITC of CCTV System at BHUJ Airport with 3 years warranty and 3 years Comprehensive AMC with spares**. It is certified that I/we have not stipulated any condition(s) in our tender offer. In case any condition(s) are found in our tender offer, the same shall be treated as withdrawn.

ENVELOPE “A”

TECHNICAL BID (SECTION – A, B & C)

Technical bid documents consist of three Sections i.e. Section-A, Section-B and Section-C. The bidder firm shall read, understand and shall comply with all the sections, without any conditions.

SECTION –A: GENERAL CONDITIONS OF CONTRACT

S. No.	Description
1.	GENERAL
i.	The bidder firm shall assume complete responsibility for the design and performance of the equipment/items, to satisfy all technical, functional and qualitative requirements as described in Section- C.
ii.	In the evaluation of tenders, the overall quality and economy of the system offered shall be kept in view. Such offers which necessitate, additional expenditure required to be made by AAI may have to be loaded to make the offer compatible with the tender document requirement.
iii.	The tenders shall be compared on the basis of price quoted by the bidder firm for the entire scope of proposal on GeM portal. All the tenders shall be evaluated for the supply cost including taxes & duties etc., accessories and expenditure towards services like installation, training, transportation, insurance etc.
2.	STANDARDS & PROVEN PRODUCT
i.	State of the art technology shall be deployed in the equipment for the system offered and all designs, materials, manufacturing techniques and workmanship shall be in accordance with the highest accepted international standards for this type of equipment.
ii.	The bidder shall also state, where applicable, the National or other International Standard(s) to which the whole, or any specific part, of the equipment or system complies.
3.	PRICE
i.	This tender shall be an open tender and rates shall be valid during the concurrency/ pendency of the contract including extension of time limits any granted by AAI. Currency of price quote(s) shall be Indian Rupees only. Bidder shall quote the rates in figures on GeM portal. The rates quoted in figures shall be in International numerals and whole numbers. Rates shall be quoted clearly for the entire schedule of quantities, item-wise (Please see notes for guidance of tenderers for filling up the schedule of quantities).
ii.	The quoted price for the work shall remain firm without any escalation for the period of concurrency of contract or one year from the date of award of contract, whichever is later extendable for further one year on mutual acceptance.
iii.	The bidder shall quote rates of item as per price schedule (BOQ) given on GeM portal inclusive of all the taxes including GST. GST shall be paid to bidder for any taxable supply/ services against a valid Tax Invoice. The Bidder must comply with Specifications given in Annexure-IX as well as Technical Specifications mentioned in Section C.
iv.	The bidder firm must fully insure the material under all risk contractor scheme or any other suitable scheme which shall be maintained till completion period, pay relevant freight, taxes/duties/levies and deliver all items relevant to a site, at site within the contract period, failing which any increase in amount due to change in foreign exchange rate shall be on account of the bidder firm and the same shall be borne by the bidder firm.
v.	The documents in support of freight, insurance, policies, taxes, duties, levies shall be submitted to AAI as per requirement however the <i>payment on account of any taxes (other than GST), duties and levies shall not be paid by AAI.</i>
vi.	The bidder must deliver all items at site within the time schedule contract period, failing which any increase in amount due to change in foreign exchange rate other than GST fluctuation shall be on account of the bidder and the same shall be borne by the bidder. In case of fluctuation in GST, shall be adjusted as per actual based on documentary evidence. The rates shall remain firm during the pendency of the contract irrespective of any change in foreign currency rate.

vii.	Since this shall be an indivisible work contract, which includes supply of items and their installation, testing and commissioning, the contractor is responsible for ensuring the items reach the site in good condition. The bidder shall survey the RAIL/ROAD/SEA ROUTE for transporting the system to the site. If Road Permit is required, requisite request shall be made well in advance to ensure timely delivery as per the terms of contract by the bidder from AAI Bhuj. Charges for the Road Permit shall be paid by the contractor.
4.	PAYMENT TERM
	Payment to the bidder firm shall be made in the following manner: -
i.	1) 60% of total work order payment shall be made to the firm after delivery/Supply of all SITC Materials at Bhuj Airport against submission of the following documents in ORIGINAL as per below clause 4 ii. 2) 40% of total work order or total remaining payment (as calculated and adjusted on actual basis) whichever is applicable, shall be made after successful completion of Installation, Testing, Commissioning, training, documentation, SAT, etc. against submission of the following documents in ORIGINAL: 3) Certificate of completion of successful SAT and Training, issued by authorized representative of AAI.
ii.	The bidder shall submit the following two set of documents along with their bills/invoices for release of their due payment to Bhuj Airport Director/CNS In-charge as soon as goods are dispatched. • Invoice + 2 copies. • Itemized Packing list with cost of each item + 2 copies. • Certificate of Factory Acceptance Test/Pre-delivery inspection report issued by authorized representative of AAI or certificate from Quality Control Department of OEM complete with all test reports along with AAI letter for FAT waiver. • Proof of dispatch of equipment/items. • Proof of insurance policies against all material/equipment. • Certificate of goods received at site in physically good condition duly signed by authorized representative of AAI.
iii.	All Payments shall be released after adjusting any compensation for delay/ any other recovery for which firm might have rendered themselves liable as per provisions of contract and applicable income tax and any applicable deductions.
5.	INSURANCE AND FREIGHT
i.	The bidder firm shall decide at no additional cost to AAI for transporting the equipment to the Bhuj site as the same has been included in price quote. The firm has to obtain all risk contract policy beneficiary AAI against contract amount, which shall be enforced up to successful completion of work at no additional cost to AAI.
ii.	Packing lists, consignment details in terms of volume/weight, size, number of boxes and container load, etc. shall be provided by the bidder firm during each transport of AAI consignment.
6.	THIRD PARTY INSURANCE
i.	Before commencing the execution of works the contractor (but without limiting his obligations and responsibilities) shall insure against all damage's loss or injury, which may occur to any property (including that of the employer) or to any person, including any employee of the employer by or arising out of the execution of the works or temporary works or in carrying out of the contract.

ii.	This insurance cover shall be for the period up to system acceptance by AAI upon issue of Completion Certificate.
7.	TIME ALLOWED/ SUPPLY, INSTALLATION, TESTING & COMMISSIONING SCHEDULE
7.1	Total Completion period: Total time allowed to complete the work (Supply, Installation, Testing & Commissioning) shall be 06 (Six) Months, from the date of issue of work order. Note: The bidder may note that the installation work will be executed in operational Airport Terminal. Hence, there may be restrictions in working hours due to Passenger movements, Flight Operations etc. so that the contractor shall plan accordingly to meet the timeline. AAI shall not entertain any compensation/relaxation for the same.
i.	For Supply: Supply of complete equipment with accessories at Bhuj site to be completed within 90 Days from the date of issue of work order.
8.	LIQUIDATED DAMAGES
i.	In case of delay in completion of the contract or each milestone of contract for supplies, SAT and training attributed to contractor, liquidated damages (L.D.) shall be levied @ 0.5% of the total value of the uncompleted portion of work per week (part of week to be treated as one week) subject to a maximum of 10% of total contract value.
ii.	AAI, if satisfied that the works can be completed by the bidder firm within a reasonable time after the specified time for completion, may allow further extension of time at its discretion with or without the levy of L.D. In the event of extension granted with levy of L.D., AAI shall be entitled without prejudice to any other right or remedy available in that behalf, to recover from the bidder firm an agreed compensation amount calculated @ 0.5% of the total value of the uncompleted portion of work per week or part thereof subject to a maximum of 10% of total contract value.
iii.	Extension of Time: In case of work is getting delayed beyond the stipulated date of completion of the work then firm may apply for Extension of Time to keep the contract alive, well before the actual stipulated date of completion. Authority shall issue provisional Extension of Time up to the expected date of completion. This provisional extension of time will be granted without prejudice to the right of AAI to recover the liquidated damages in accordance of provision of relevant clause of agreement. On actual completion date of the work, grant of Final EOT (Extension of time) shall be processed on application by the contractor on prescribed EOT application form. Same can be obtained from the office of Airport Director, AAI Bhuj.
9.	TIME: THE ESSENCE OF CONTRACT
	The time and date of completion of the works, as contained in the tender and as agreed to contractually, shall be final and binding upon the contractor, except in the event of Force Majeure as described under clause 14 of this section and delay in site readiness. It must be understood that the bidder has made the proposal after fully considering all such factors which may have any bearing on the time schedule of the contract, and no extension in the schedule whatsoever shall be permitted on these accounts by AAI.
10.	DELAY & NON-CONFORMANCE

i.	In case of time schedule including approved delay with or without levy of liquidated damages, for late delivery of supplies or late completion of installation, whichever is applicable as contained under clause 7,8 & 9 above, not being adhered to, AAI has shall have the right to cancel the order wholly or in part thereof, without any liability of cancellation charges and shall have right to procure the goods/services elsewhere in which case the bidder firm shall pay for the loss to AAI the difference in the cost of goods procured elsewhere against price set forth in the purchase order with the bidder firm.
ii.	In the event of rejection of non-conforming goods, the bidder firm shall be allowed to correct the non-conformities without extension in supply/ delivery period. If bidder firm fails to do so within THIRTY calendar days, on notice, the purchaser shall have the right to take recourse to Section A, Para 10 (i) .
11.	DEDUCTIONS FROM CONTRACT PRICE
i.	All costs, damage or expenses which the AAI may have paid, for which under the contract the bidder firm is liable, shall be claimed by the Airports Authority of India (AAI). All such claims shall be billed by the AAI to the bidder firm regularly as and when they fall due. Such bills shall be supported by appropriate and certified vouchers or explanations to enable the bidder firm to properly identify within FIFTEEN Calendar days of the raising of the corresponding bills and if not paid by the bidder firm within the period or if the bidder firm fails to satisfy AAI of such claims within the aforesaid FIFTEEN Calendar days period, then AAI may deduct the amount from any money due or becoming due to the bidder firm under the contract or may be recovered by actions of Law or otherwise.
12.	TERMINATION OF CONTRACT AT PURCHASER'S INITIATIVE
i.	The AAI reserves the right to terminate the contract either in part or in full due to the reasons other than specified herein in this tender, in fact not for convenience, Then AAI shall in such an event give THIRTY calendar days' notice in writing to the bidder firm of their decision to do so.
ii.	The bidder firm upon receipt of notice under Section A, Para 12 (i) , shall discontinue the work on the date and to the extent specified in the notice, make all reasonable efforts to obtain cancellation of all orders and contracts, to the extent they are related to the works terminated, at terms satisfactory to the AAI, stop all further subcontracting or purchasing activity related to the work terminated, and assist the AAI in maintenance protection, and disposition of the works acquired under the contract by the AAI.
13.	PERFORMANCE BANK GUARANTEE (PBG)
i.	a) PBG at AAI Bhuj for SITC work: The Performance Bank Guarantee (PBG-I) shall be furnished @ 3% of total work order/contract amount within THIRTY calendar days of issue of order for SITC Work to AAI Bhuj. b) PBG at AAI Bhuj for CAMC work: Second Performance Bank Guarantee (PBG-II) shall be furnished @ 10% of total Comprehensive AMC Cost overall for three-year period of CAMC, given in the PO within THIRTY calendar days of the start of CAMC.
ii.	Advisory: For Applicant and its BG issuing Branch. It is to be noted that along with physical BG; we have also activated an online facility to view the issued BG cover message transmitted to ICICI bank through SFMS platform. a) For availability of BG in this platform, it is necessary that BG issuing/amending bank send the BG advice in the form of message format IFN 760COV (BG Issuance) / IFN 767COV (BG Amendment) via SFMS (Structured Financial Messaging System) as provided by RBI. b) In the event of BG issuing/amending bank not sending the message IFN 760COV (BG Issuance) / IFN 767COV (BG Amendment) or committing any error while capturing the details at least in the below field, BG Confirmation through online portal would not be updated.

	Request you to notify your bank (BG issuing bank) to update below details at time of submission of BG issuance/amendment request to their respective banks: The following bank details are given so that the prospective successful bidder may submit BG(PBG/BG-SD/FBG) in accordance with the bank details. CORPORATE NAME : AIRPORTS AUTHORITY OF INDIA BANK NAME : ICICI BANK IFSC CODE : ICIC0000007 BG ADVISING MESSAGE : IFN 760COV (BG ISSUE) : IFN 767COV (BG AMENDMENT) UNIQUE IDENTIFIER CODE : AAIBHUJ Please note that the issuing bank while issuing/amending the BG, should ensure that the above information is correctly captured in the message i.e. IFN 760COV / IFN 767COV. The indicative request letter format as per Annexure XVI to be sent to issuing bank for ensuring transmission of BGs through SFMS.
iii.	Moreover, interest @ 1 Percent per month to maximum @ 12 Percent per annum on Performance Guarantee amount would be levied (non-refundable) for delayed period of submission. The same shall be deducted from running bills.
iv.	Performance Guarantee (PBG-I) shall be furnished by bidder at AAI Bhuj which shall be valid for SIX months beyond the scheduled date of completion of last awarded work, including warranty period and shall remain valid till extended time period by AAI through provisional time extension granted/ worked out by the Project In-charge, AAI Bhuj. If the agency fails to extend the validity of the Performance Guarantee, the same shall be en-cashed by AAI and shall be returned only as per other provision of contract at discretion of AAI.
v.	in case the bidder firm fails to submit the Performance Guarantee against CAMC, if applicable, within stipulated period, no payment for the work done in respect of CAMC running account bills shall be released to the bidder firm and in case firm fail to start the CAMC, capital measured bill as per then equivalent amount of second PBG as mentioned above in Sl. No.13 i(b) shall be adjusted with en-cashing of the first PBG. In addition to, interest @ 1 Percent per month to maximum @ 12 Percent per annum on Performance Guarantee amount would be levied (non-refundable) for delayed period of submission. The same shall be deducted from running bills of the CAMC.
vi.	PBG against CAMC shall be valid for SIX months beyond the completion of overall CAMC period. PBG shall be returned as per the other clauses of contract/agreement as applicable.
vii.	Successful Bidder firm shall not change the language contents of PBG language; if any successful bidding firm PBG is found not conforming to the language then AAI may ask to resubmit the same within the stipulated period or else AAI may at its discretion foreclose or rescind or cancel the work order without giving reasons and forfeit the EMD/PBG.
viii.	The performance guarantee amount shall be payable to AAI without any condition whatsoever and the guarantee shall be irrevocable by the bidder firm.
ix.	The performance guarantee shall be deemed to govern the following guarantees from the successful bidder firm, in addition to the other provisions of the guarantee.
x.	The successful and satisfactory operation of the equipment supplied in accordance with the specifications and other relevant documents.
xi.	The equipment supplied shall be free from all defects of design, material and workmanship and upon written notice from AAI, the successful bidder firm shall fully remedy, free of expenses to AAI, all such defects as developed under the normal use of the said equipment within the period of guarantee/warranty.

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT3 years warranty & 3 years CAMC with spares

xii.	The first performance bank guarantee, submitted at AAI Bhuj shall be returned to the bidder firm within Three Months from the end of Three years' warranty period & defect liability period of overall contract subject to above clause 13(v). Second performance bank guarantee, which is submitted against performance of CAMC work at Bhuj Airport, shall be released after declaration of successful completion of CAMC period without interest as per provisions of contract.
xiii.	The performance guarantee is intended to secure the performance of the entire equipment. However, it is not to be construed as limiting the damages stipulated in any other clause.
14.	FORCE MAJEURE
i.	AAI may grant an extension of time limit set for the completion of the work, in case the timely completion of the work is delayed by force majeure beyond the AAI/bidder firm's control, subject to the following terms: Force majeure is defined as an event of effect that cannot reasonably be anticipated such as acts of God (like earthquakes, floods, storms, etc.), acts of states, the direct and indirect consequences of wars, hostilities, national emergencies, civil commotions and strikes (only those which exceed a duration of ten continuous days) at bidder firm manufacturing premises, etc.
ii.	The bidder firm's right to an extension of the time limit for completion of the work in above mentioned cases is subject to the following procedures:
iii.	That within TEN days after the occurrence of a case of force majeure but before the expiry of the stipulated date of completion of the milestone, the bidder firm informs the AAI in writing that the bidder firm considers himself entitled to an extension of the time limit.
iv.	That the bidder firm produces evidence of the date of occurrence and the duration of the force majeure in an adequate manner by means of documents drawn up by responsible authorities.
v.	That the bidder firm proves that the said conditions have actually been interfered with the carrying out of the Contract.
vi.	That the bidder firm proves that the delay occurred is not due to his own action or lack of action.
vii.	Apart from the extension of the time limit, force majeure does not entitle the bidder firm for any relaxation or to any compensation of damage or loss suffered.
15.	DISPUTE RESOLUTION, ARBITRATION & JURISDICTION
i.	If any dispute of any kind whatsoever arises between the Authority (AAI) and contractor in connection with or arising out of contract or the execution of works, whether during execution of works or after their completion and whether before or after the repudiation or termination of contract, including any disagreement by either party with any action, opinion, instruction determination, certificate or valuation of engineer; the matter in dispute shall in first place, be referred to the Dispute Resolution committee (DRC) appointed by ED (CNS)/RED (WR), AAI.
ii.	DRC thus constituted may act as 'conciliator' and will be guided by principles of 'conciliation' as included in part III of Arbitration & conciliation Act 1996. DRC should take into consideration, rights and obligations of parties, usage to trade concerned and circumstances surrounding the dispute(s), including any previous business practices between parties. Efforts of DRC should be to come to an amicable settlement of outstanding disputes. If parties agree a written settlement will be drawn up and signed by the parties. DRC will authenticate the settlement agreement and furnish a copy to each party.
iii.	DRC will give its report within FORTY-FIVE days of its constitution.
iv.	When the disputes could not be resolved through the dispute resolution committee, the arbitration clause may be invoked

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

v.	The Contractor shall be entitled for invoking the arbitration clause only after exhausting the remedy available under the dispute resolution mechanism.
vi.	If the parties fail to reach a resolution even after referring to the higher level, either party should be able to start arbitration proceedings under the Indian Sellers as per the Indian Arbitration and Conciliation Act 1996 and changes and amendments to the act in 2015 after following the due procedure.
vii.	If the dispute between the parties is not resolved by the DRC, then matter shall be referred to a sole arbitrator to be appointed by the Chairman, Airports Authority of India in accordance to the provisions of The Arbitration and Conciliation Act, 1996 of India. The governing law will be Indian Law and the award of the arbitrator shall be final and binding on the parties. The venue of the arbitration shall be at New Delhi.
viii.	All questions, disputes or difference arising under and out of, in connection with the contract if concluded shall if required to be referred to any court of law, be referred to the courts in India at New Delhi and the said court shall have jurisdiction and decide matters according to the laws of India.
16.	INTEGRITY PACT PROGRAMME
i.	Signing of Integrity Pact (Annexure- VI) is mandatory for every bidder participating in this tender and the contractor who is awarded the work. The Pact signed on each page by the person authorized by bidder to sign the bid for submission or the person authorized to sign the contract on behalf of successful bidder shall be submitted by the bidder in Envelop-A and be enclosed with the agreement by the contracted.
ii.	IP shall be signed on plain papers, which is post-signed by tender issuing authority/contract signing authority.

ii.	The works shall be carried out under the supervision of the CNS In-charge/ nominated project officer, according to the terms and conditions of this tender/ contract.
iii.	All supervision/ additional works requirement justifications/ measurements/payment/ performance feedback and warranty under defect liability/warranty of works shall be supervised by the CNS In-charge/Engineer In charge.
19.	When Contract can be Determined
	Subject to other provision contained in this clause, the Engineer-in-Charge may, without prejudice to his any other rights or remedy against the contractor in respect of any delay, inferior workmanship, any claims for damages and/or any other provisions of this contract or otherwise, and whether the date of completion has or has not elapsed, by notice in writing absolutely determine the contract in any of the following cases. i. If the contractor having been given by the Engineer-in-Charge a notice in writing to rectify, reconstruct or replace any defective work or that the work is being performed in any inefficient or otherwise improper or un workman like manner shall omit to comply with the requirement of such notice for a period of seven days thereafter. ii. If the contractor has, without reasonable cause, suspended the progress of the work or has failed to proceed with the work with due diligence so that in the opinion of the Engineer-in-Charge (which shall be final and binding) he will be unable to secure completion of the work by the date for completion and continues to do so after a notice in writing of seven days from the Engineer-in-Charge. iii. If the contractor fails to complete the work within the stipulated date or items of work with individual date of completion, if any stipulated, on or before such date(s) of completion and does not complete them within the period specified in a notice given in writing in that behalf by the Engineer-in-Charge. iv. In the contractor persistently neglects to carry out his obligations under the contract and / commits default in complying with any of the terms and conditions of the contract and does not remedy it or take effective steps to remedy it within 7 days after a notice in writing is given to him in that behalf by the Engineer-InCharge. v. If the contractor shall offer or give or agree to give to any person in AAI service or to any other person on his behalf any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any act in relation to the obtaining or execution of this or any other contract for AAI. vi. If the contractor shall enter into a contract with Airport Authority of India in connection with which commission has been paid or agreed to be paid by him or to his knowledge, unless the particulars of any such commission and the terms of

	payment thereof have been previously disclosed in writing to the Engineer-InCharge. vii. If the contractor shall obtain a contract with AAI as a result of wrong tendering or other non-bonafide methods of competitive tendering. viii. If the contractor being an individual, or if a firm, any partner thereof shall at any time be adjudged insolvent or have a receiving order or order for administration of his estate made against his or shall take any proceedings for liquidation or composition (other than a voluntary liquidation for the purpose of amalgamation or reconstruction) under any Insolvency Act for the time being in force or make any conveyance or assignment of his effects for composition or arrangement for the behalf of his creditors or purport so to do, or if any application be made under any Insolvency Act for the time being in force for the sequestration of his estate or if a trust deed be executed by him for behalf of his creditors. ix. If the contractor being a company shall pass a resolution or the court shall make an order that the company shall be wound manager on behalf of a creditor shall be appointed or if circumstances shall arise which entitle the court or the creditor to appoint a receiver or a manager or which entitle the court to make a winding up order. x. If the contractor shall suffer an execution being levied on his goods and allow it to be continued for a period of 21 days. xi. If the contractor assigns, transfers, sublets (engagement of labour on a piecework basis or of labour with materials not to be incorporated in the work, shall not be deemed to be subletting) or otherwise parts with or attempts to assign, transfer, sublet or otherwise parts with the entire work or any portion thereof without the prior written approval of the Engineer-in-Charge. When the contractor has made himself liable for action under any of the cases aforesaid, the Engineer-in-Charge on behalf of AAI shall have powers: • To determine the contract as aforesaid (of which termination notice in writing to the contractor under the hand of the Engineer-in-Charge shall be conclusive evidence). Upon such determination, the Earnest Money Deposit, Security Deposit already recovered and Performance Guarantee under the contract shall be liable to be forfeited and shall be absolutely at the disposal of the AAI. • After giving notice to the contractor to measure up the work of the contractor and to take such whole, or the balance or part thereof, as shall be un-executed out of his hands and to give it to another contractor to complete the work. The contractor whose contract is determined as above shall not be allowed to participate in the tendering process for the balance work. In the event of above courses being adopted by the Engineer-in-Charge, the contractor shall have no claim to compensation for any loss sustained by him by reasons of his having purchased or procured any materials or entered into any engagements or made any advances on account or with a view to the execution of the work or the performance of the contract. And in case action is taken under any of the provision aforesaid, the contractor shall not be entitled to recover or be paid any sum for any work thereof or actually performed under this contract unless and until the Engineer-in-Charge has certified in writing the performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified.
20.	In case, the work cannot be started due to reasons not within the control of the contractor within 1/8th of the stipulated time for completion of work, either party may close the contract. In such eventuality, the Earnest Money Deposit and the Performance Guarantee of the contractor may be refunded on discretion of AAI, but no payment on account of interest, loss of profit or damages etc. shall be payable at all.

21.	Work to be Executed in Accordance with Specifications, Drawings, Orders etc.
	The contractor shall execute the whole and every part of the work in the most substance and workman like manner both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also conform exactly, fully and faithfully to the design, drawings and instructions in writing in respects to the work signed by the Engineer-in-Charge and the contractor shall be furnished free of charge one copy of the contract documents together with specifications, designs, drawings and instructions as are not included in the standard specifications or in any Bureau of Indian Standard or any other published standard or code or schedule of Rates or any other printed Publication referred to elsewhere in the contract. The contractor shall comply with the provisions of the contract and with the care and diligence execute and maintain the works and provide all labour and materials, tools and plants including for measurements and supervisions of all works, structural plans, and other things of temporary or permanent nature required for such execution and maintenance in so far as the necessity for providing these, is specified or is reasonably inferred from the contract. The contractor shall take full responsibility for adequacy suitability any safety of all the works and methods of execution.
22.	The Engineer-in-Charge shall have power - (i) to make alteration in, omissions form, additions to or substitutions for the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work, and (ii) to omit a part of the works in case of non –availability of a portion of the site or for any other reasons and the contractor shall be bound to carry out the works in accordance with any instructions given to him in writing signed by the Engineer-in-Charge such alterations, omissions, additions or substitutions shall form part of the contract as if originally provided therein and any altered, additional or substituted work which the contractor may be directed to do in the manner specified above as part of the works, shall be carried out by the contractor on the same conditions in all respects including price on which he agreed to do the main work except as hereafter provided.
22.1	Deviations /Variations Extent and Pricing
	The time for completion of the work shall, in the event of any deviations resulting in additional cost over the tendered value sum being ordered, be extended, if requested by the contractor, as follows. i) In the proportion which the additional cost of the altered, additional or substituted work, bears to the original tendered value plus ii) 25% of the time calculated in (i) above or such further additional time as may be considered reasonable by the Engineer-in-Charge. iii) In case of extra deviation substitute items, which are required to be imported from out of country, the contractor shall be given additional time of four weeks to deliver items at site.
22.2	Deviation, Extra Items and Pricing

	In the case of extra item (s) (items that are completely new, and in addition to the items contained in the contract) the contractor may within fifteen days of receipt of order or occurrence of the item(s) claim rates, supported by proper analysis, for the work and the Engineer-in-Charge shall within Six weeks of the receipt of the claims supported by analysis, after giving consideration to the analysis of the rates submitted by the contractor, determine the rates on the basis of the market rates and the contractor shall be paid in accordance with the rate so determined.
	Deviation, Substituted Items Pricing
	In the case of substituted items, (items that are taken up with partial substitution or in lieu of items of work in the contract) the rate for the agreement item (to be substituted) and substituted item shall also be determined in the manner as mentioned in the following para. a) If the market rate for the substituted item so determined is more than the market rate of the agreement item (to be substituted), the rate payable to the contractor for the substituted item shall be the rate for the agreement item (to be substituted). b) If the market rate for the substituted item so determined is less than the market rate of the agreement item (to be substituted), the rate payable to the contractor for the substituted item shall be the rate for the agreement item (to be substituted) so decreased to the extent of the difference between the market rate of substituted item and the agreement item (to be substituted).
	Deviation, Deviated Quantities Pricing
	In the case of contract items, substituted item, contract cum substituted items, which exceed the limits laid down in contract, the contractor may within fifteen days of receipt of order of occurrence of the excess, claim revision of the rates, supported by proper analysis for the work in excess of the above mentioned limits, provided that if the rates so claimed are in excess of the rates specified in the schedule of quantities, of Engineer-in-Charge shall within Six weeks of receipt of the claims supported by analysis, after giving consideration to the analysis of the rates submitted by the contractor, determine the rate on the basis of the market rates and the contractor shall be paid in accordance with the rates so determined.
22.3	The provisions of the preceding paragraph shall also apply to the decrease in the rates of items for the work in excess of the limits laid down in contract and the Engineer-in-Charge shall after giving notice to the contractor within one month of occurrence of the excess and after taking into consideration any reply received from him within fifteen days of the receipt of the notice, revise the rates for the work in question within one month of the expiry of the said period of fifteen days having regards to the market rates.
22.4	The contractor shall send to the Engineer-in-Charge once every two months, an up to date account giving complete details of all claims for additional payments to which the contractor may consider himself entitled and of all additional work ordered by the Engineer-in-Charge, which he has executed during the preceding quarter failing which the contractor shall be deemed to have waived his right. However, the Airport Director, AAI, Bhuj may authorize consideration of such claims on merits.
22.5	Any operation incidental to or necessarily has to be in contemplation of tenderer while filing, tender, or necessary for proper execution of the item included in the Schedule of quantities or in the schedule of rates mentioned above, whether or not, specifically indicated in the description of the item and the relevant specifications, shall be deemed to be included in the rate quoted by the tenderer or the rate given in the said schedule of rate, as the case may be. Nothing extra shall be admissible for such operations.

23.	Foreclosure of contract due to Abandonment or Reduction in Scope of Work
	If at any time after acceptance of the tender, AAI shall decide to abandon or reduce the scope of the works for any reason whatsoever and hence not require the whole or any part of the work to be carried out, the Engineer-in-Charge shall give the notice in writing to that effect to the contractor and the contractor shall act accordingly in the Matter. The contractor shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the works in full but which he did not derive in consequence of the foreclosure of the whole or part of the works. The contractor shall be paid at contract rates, full amount for works executed at site and in addition, a reasonable amount as certified by the Engineer-in-Charge for the item hereunder mentioned which could not be utilized on the work to the full extent in view of the foreclosure: i. Provided that the contractor shall be paid the cartage charges only of materials actually and bonafide brought to the site of work by the contractor and rendered surplus and then taken back by the contractor, provided AAI shall have the option to take over contractor's materials or any part thereof either brought to site or of which the contractor is legally bound to accept delivery from suppliers (for incorporation in or incidental to the work). For materials taken over or to be taken over by AAI. Cost of such materials as detailed by Engineer-in-Charge shall be paid. The cost shall, however, consider purchase price cost of transportation and deterioration or damage which may have been caused to materials whilst in custody of the contractor. ii. If any materials supplied by AAI are rendered surplus, the same except normal wastage shall be returned by the contractor to AAI at rates not exceeding those at which these were originally issued, less allowance for any deterioration or damage which may have been caused whilst the materials were in the custody of in contractor. In addition, cost of transporting such materials from site to AAI stores, if so required by AAI, shall be paid. The contractor shall, if required by the Engineer-in-Charge, furnish to him book of account and other relevant documents and evidence as may be necessary to enable him to certify the reasonable amount payable under this condition.
24.	Suspension of Work
	(i) The contractor shall, on receipt of the order in writing of the Engineer-In-Charge, (whose decision shall be final and binding on the contractor) suspend the progress of the works or any part thereof for such time and in such manner as the Engineer-in-Charge may consider necessary so as not to cause any damage or injury to the work already done or endanger the safety thereof for any of the following reasons: • On account of any default on the part of the contractor or; • For proper execution of the works or part thereof for reasons other than the default of the contractor; or • For safety of the works or part thereof. The contractor shall, during such suspension, properly protect and secure the works to the extent necessary and carry out the instructions given in that behalf by the Engineer-in-Charge (ii) If the suspension is ordered or reasons (b) and (c) in sub –para (i) above: • The contractor shall be entitled to an extension of time equal to the period of every such suspension PLUS 25% for completion of the item or group of items of work for which a separate period of completion is specified in the contract and of which the suspended work forms a part, and; • The total period of all such suspensions in respect of an item or group of items or work for which a separate period of completion is specified in the contract exceeds thirty days, the contractor shall, in addition, be entitled to such compensation as the Engineer-in-Charge may consider reasonable in respect of salaries and /or wages paid

	by the contractor to his employees and labour at site, remaining idle during the period of suspension, adding thereto 2% to cover indirect expenses of the contractor provided the contractor submits his claim supported by details to the Engineer-in-Charge within fifteen days of the expiry of the period of 30 days. (iii) If the works or part thereof is suspended on the orders of the Engineer-InCharge for more than three months at a time, except when suspension is ordered for reasons (a) in sub-para (i) above, the contractor may after receipt of such order serve a written notice on the Engineer-in-Charge requiring permission within fifteen days from receipt by the Engineer-in-Charge of the said notice, to proceed with the work or part thereof in regards to which progress has been suspended and if such permission is not granted within that time, the contractor, if he intends to treat the suspension, where it affects Only a part of the works as on omission of such part by AAI or where it affects whole of the works, as an abandonments of the works by AAI, shall within ten days of expiry of such period of 15 days give notice in writing of his intention to the Engineer-in-Charge. In the event of the contractor treating the suspension as an abandonment of the contract by AAI, he shall have no claim to payment of any compensations on account of any profit or advantage which he might have derived from the execution of the work in full but which he could not derive in consequence of the abandonment. He shall, however, be entitled to such compensation, as the Engineer-in-Charge may consider reasonable, in respect of salaries and /or wages paid by him to his employees and labour at site, remaining idle in consequence adding to the total thereof 2% to cover indirect expenses of the contractor provided the contractor submits his claim supported by details to the Engineer-in-Charge within 30 days of the expiry of the period of 3 months. Provided, further, that the contractor shall not be entitled to claim any compensation from AAI for the loss suffered by him on account of delay by AAI in the supply of materials where such delay is covered by difficulties relating to the supply of wagons, force majeure including non-allotment of such materials by controlling authorities, act of God, acts of enemies of the state/country or any reasonable cause beyond the control of the AAI
25.	Contractor to Supply Tools & Plants etc.
	The contractor shall provide at his own cost all materials (except such special materials, if any, as may in accordance with the contract be supplied from the Engineer-in-Charge's stores) machinery, laptop, tools & plants as per contract. In addition to this, appliances, implements, other plants ladders, cordage, tackle scaffolding and temporary works required for the proper execution of the work, whether original altered or substituted and whether included in the specifications or other documents forming part of the contract or referred to in these conditions or not, or which may be necessary for the purpose of satisfying or complying with the requirements of the Engineer-in-Charge as to any matter as to which under these conditions he is entitled to be satisfied or which he is entitled to require together with carriage therefor to and from the work the contractor shall also supply without charge the requisite number of persons with the means and materials, necessary for the purpose of setting out works, and counting, weighting and assisting the measurement for examination at any time and from time to time of the work or materials. Failing his so doing, the same may be provided by the Engineer-in-Charge at the expense of the contractor and the expenses may be deducted, from any money due to the contractor, under this contract or otherwise and/or from his security deposit or the proceeds of sale thereof, or of a sufficient portion thereof.
26.	With-holding and lien in respect of sums due from contractor
	(i) Whenever any claims for payment of a sum of money arises out of or under the contractor or against the contractor, the Engineer-in-Charge or the AAI shall be entitled to withhold and also have a lien to retain such sum or sums in whole or in part from the security/PBG/EMD, if any deposited by the contractor and for the purpose aforesaid, the Engineer-in-Charge or the AAI shall be entitled to withhold the security deposit if any, furnished as the case may be and also have lien over the same pending finalization or

	adjudication of any such claim. In the event of the security being insufficient to cover the claimed amount or amounts or if so security has been taken from the contractor, the Engineer-in-Charge or the AAI shall be entitled to withhold and have lien to retain to the extent of such claimed amount or amounts referred to above from any sum or sums found payable or which may at any thereafter become payable to the contractor under the same contract or any other contract with the Engineer-in-Charge of the AAI or any contracting person through the Engineer-in-Charge pending finalization of adjudication of any such claim. It is an agreed term of the contract that the sum of money of moneys so withheld or retained under the lien referred to above by the Engineer-in-Charge or AAI will be kept withheld or retained as such by the Engineer-in-Charge or AAI till the claim arising out of or under the contract is determined by the arbitrator. (If the contract is government by the arbitration clause) by the competent court, as the case may be and that the contractor will have no claim for interest or damages whatsoever on any account in respect of such withholding or retention under the lien referred to above and duly notified as such to the contractor. For the purpose of this clause, where the contractor is a partnership firm or a limited company, Engineer-in-Charge or the AAI shall be entitled to withhold and also have a lien to retain towards such claimed amount or amounts in whole or in part from any sum found payable to any partner/ limited company as the case may be, whether in his individual capacity or otherwise. (ii) AAI shall have the right to cause an audit and technical examination of the works and the final bills of the contractor including all supporting vouchers, abstract, etc., to be made after payment of the final bill and if as a result of such audit and technical examination any sum is found to have been overpaid in respect of any work done by contractor under the contract or any work claimed to have been done by the him under the contract and found not to have been executed, the contractor shall be liable to refund the amount of over payment and it shall be lawful for AAI to recover the same from him in the manner prescribed in subclause (i) of this clause or in any other manner legally permissible; and if it is found that contractor was paid less than what was due to him under the contract in respect of any work executed by him under it, the amount of such under payment shall be duly paid by AAI to the contractor, without any interest thereon whatsoever. Provided that the AAI shall not be entitled to recover any sum overpaid, nor the contractor shall be entitled to payment of any sum paid short where such payment has been agreed upon between the Airport Director, AAI, Bhuj on the one hand and the contractor on the other under any term of the contract permitting payment for work after assessment by the Airport Director AAI, Bhuj.
27.	Lien in respect of claims in other Contracts
	Any sum of money due and payable to the contractor (including the security deposit if any returnable to him) under the contract may be withheld or retained by way of lien by the Engineer-in-Charge against any claim of the Engineer-in-Charge or AAI or such other person or persons in respect of payment of a sum of money arising out of or under any other contract made by the contractor with the Engineer-InCharge or the AAI or with such other person or persons. It is an agreed term of the contract that the sum of money so withheld or retained under this clause by the Engineer-in-Charge or the AAI will be kept withheld or retained as such by the Engineer-in-Charge or the AAI or till his clam arising out of the same contract or any other contract is either mutually settled or determined by the arbitration clause or by the competent court, as the case may be and that the contractor shall have no claim for interest or damages whatsoever on this account or on any other ground in respect of any sum of money withheld or retained under this clause and duly notified as such to the contractor.
28.	Return of Surplus materials

	Notwithstanding anything contained to the contrary in this contract, where any materials of the execution of the contract are procured with the assistance of AAI either by issue from AAI stock or purchase made under orders or permits or licenses issued by AAI, the contractor shall hold the said materials economically and solely for the purpose of the contract and not dispose of them without the written permission of the AAI and return, if required by the Engineer-in-Charge, all surplus or unserviceable materials that may be left with him after the completion of the contract or at its termination for any reason whatsoever on being paid or credited such prices as the Engineer-in-Charge shall determine having due regard to the condition of the materials. The price allowed to the contractor however shall not exceed the amount charged to him excluding the element of storage charges. The decision of the Engineer-in-Charge, shall be final and conclusive. In the event of breach of the aforesaid condition, the contractor shall in addition to through himself open to action for contravention of the terms of the license or permit and / or for criminal breach of trust, be liable to AAI for all moneys, advantages or profits resulting or which in the usual course would have resulted to him by reason of such breach.
29.	Carrying out part work at risk & cost of contractor If contractor: - At any time makes default during currency of work or does not execute any part of the work with due diligence and continues to do so even after a notice in writing of 7 days in this respect from the Engineer-in-Charge or - Commits default in complying with any of the terms and conditions of the contract and does not remedy it or takes effective step to remedy it within 7 days even after a notice in writing is given in that behalf by the Engineer-in-Charge; or Fails to complete the work(s) or items of work with individual dates of completion, on or before the date(s) so determined, and does not complete them within the period specified in the notice given in writing in that behalf by the Engineer-InCharge. The Engineer-in-Charge without invoking action under clause 3 may, without prejudice to any other right or remedy against the contractor which have either accrued or accrue thereafter to Government, by a notice in writing to take the part work / part incomplete work of any item(s) out of his hands and shall have power to: - Take possession of the site and any materials, constructional plant, implements, stores etc., thereon, and/or - Carry out the part work /part incomplete work of any item(s) by any means at the risk and cost of the contractor. The Engineer-in-Charge shall determine the amount, if any, is recoverable from the contractor for complete or the part work/part incomplete work of any item(s) taken out of his hands and execute at the risk and cost of the contractor, the liability of contractor on account of loss or damage suffered by Government because of action under this clause shall not exceed 10% of the tendered value of the work. In determining the amount, credit shall be given to the contractor with the value of work done in all respect in the same manner and at the same rate as if it had been carried out by the original contractor under the terms of his contract, the value of contractor's materials taken over and incorporated in the work and use of the plant and machinery belonging to the contractor. The certificate of the Engineer-in-Charge as to the value of work done shall be final and conclusive against the contractor provided always that action under this clause shall only be taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by the department are less than the amount payable to the contractor at his agreement rates, the difference shall not be payable to the contractor. In the event of above course being adopted by the Engineer-in-Charge the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagements or made any advance on any account or with a view to the execution of the work or the performance of the contract.
30.	The bidder firm shall be solely responsible to ensure the following for which no extra payment

	other than quoted in price schedule, shall be paid to the firm: • Sound packing of equipment/components. • Shipment of the items by the due date as per schedule. • Overseas Insurance of equipment(s). • Custom Clearance and handling of items at port of entry in India. • Forwarding and trans-shipment of equipment/ components up to the destination. • Insurance of Inland trans-shipment. • Receipt of equipment at site and handover safe custody to AAI till they are installed, tested and commissioned. • Testing and commissioning of the equipment as specified in the tender. • Handing over of equipment with accessories after successful SAT to the authorized representative of AAI. • On site Guarantee/Warranty.
31.	VALIDITY OF TENDER
	The tender must remain valid for a minimum of ONE HUNDRED EIGHTY days from the last date of submission of tender.
32.	PAYING AUTHORITY
	For Capital Work/CAMC Work -Airport Director, AAI Bhuj.
33.	GUARANTY/WARRANTY
i.	All goods or material shall be supplied strictly in accordance with the specifications. No deviation from such specifications of these conditions shall be made without AAI's agreement in writing, which shall be obtained before any work against the order is commenced. All materials furnished by the bidder firm pursuant to the Order (irrespective of whether engineering/design or other information has been furnished, reviewed or approved by AAI) are required to be guaranteed to be of the best quality of their respective kinds (unless otherwise specifically authorized in writing by AAI) and shall be free from faulty design to the extent such design is not furnished by AAI. The goods/material used by the bidder firm and its workmanship shall be of proper quality so as to fulfil in all respects, the operating conditions and other requirements specified in the order.
ii.	If any trouble or defect originating from the design, materials, workmanship or operating characteristic of any materials arise at any time prior to THIRTY-SIX calendar months from the date of successful SAT at site , and the bidder firm is notified thereof, the bidder firm at his own expense and at no cost to AAI, make such alterations, repairs and replacements at the site within 48 hours as may be necessary to permit facilitate the functioning of the equipment in accordance with the specifications in Section C.
iii.	Warranty period of the system, unit-wise, shall be extended by one week per week of unserviceability, (part of week to be treated as one week), for each default, in case of failure to set right the system to the satisfaction of AAI Engineer in-Charge within 48 Hrs. of the lodging of complaint by AAI to company.
iv.	In the event that the materials supplied do not meet the specifications and/or are not in accordance with the drawings, data sheets and rectification as required at site, AAI shall inform the bidder firm giving full details of deficiencies. The bidder firm shall, at his own expense, meet and agree with the representatives of AAI the action required to correct the deficiencies and shall attend to the deficiencies at his own expense. Replacement under warranty clause, within FIFTEEN calendar days, shall be made by the bidder firm free of all charges at site

	including freight, insurance and other incidental charges.
v.	Bidder firm shall obtain guarantee/warranty certificates and declaration from OEM(s) for requisite period as specified in Para 33 (ii) and provide/extend all guarantee/warranty certificates from OEM(s) in case of supplies to AAI.
vi.	Bidder firm shall be overall responsible for guarantee/ warranty to AAI and shall coordinate with respective OEM(s) and suppliers for effective guarantee/warranty as per Para 33 (ii) at its own cost.
vii.	Replacement under warranty clause as per Para 33 (ii) shall be made by the bidder firm free of all charges at site including freight, insurance and other incidental charges.
viii.	Any custom duty to be paid in case foreign supply during concurrency of warranty shall be paid by the bidder firm.
ix.	Contractor shall maintain a log book for defect liability period and keep record of all preventive maintenance and break down maintenance, etc. in the logbook. All entries in the logbook must be duly endorsed by CNS In-charge / Engineer-in-charge.
x.	Those details must be made available and submitted for periodical check on demand to the Engineer-in-charge of AAI. Maintenance record shall be property of AAI.
xi.	AAI shall evaluate overall performance of bidder firm after completion of defect liability/guarantee/ warranty period and required deductions, if any shall be done from PBG to be refunded/returned, for every loss in AAI intended operational requirements by awarding this works, due to failure on part of bidder firm to provide effective guarantee/warranty at site. Hence, it shall be mandatory on part of bidder firm to have proper effective agreement with OEM(s) to provide effective guarantee/warranty to AAI as per Para 33 (ii) at site.
34.	FACTORY/PRE-DELIVERY INSPECTION
i.	Successful bidder shall arrange Factory/Pre-delivery inspection of major critical equipment such as Camera, UPS, Server, storage, work stations, switches etc. with other accessories by Engineer-In-Charge free of cost in India. However, Travel, boarding and lodging expenses of Inspecting officers shall be borne by AAI. In case Engineer In-Charge, AAI decide to waive-off the Factory/Pre-delivery inspection of the major equipment, the cost of FAT shall be deducted on this account from successful bidder, which shall be approximately 0.1% of total Contract amount.
ii.	Factory/Pre-delivery inspection of major equipment as decided by AAI shall be made by Inspectors (Including Engineer In-Charge) nominated by AAI, in accordance to AAI approved/agreed to Test documents at OEM/supplier premises. OR With prior approval of Engineer In-Charge AAI, the bidder may arrange for acceptance tests at suitable premises other than OEM factory, where necessary testing facilities shall be available to verify compliance to functional and technical specifications.
iii.	The bidder firm shall give TEN calendar days' written notice of readiness of material, document for the purpose of Factory Acceptance Test. Factory Acceptance Test documents shall be comprehensive and list all the procedures that shall be used to satisfy inspectors on specifications test results. Factory Acceptance documents submitted by bidder firm shall be approved by AAI before Tests.
iv.	AAI shall intimate in writing to the bidder firm, in case it does not depute the inspector(s) for Factory Acceptance Tests and in such case the inspection certificate, issued by the Quality Control Department of the manufacturer shall be considered for acceptance of equipment by AAI.
v.	The certificate issued by the Quality Control Department, complete with all test results as contained in the FAT Document, shall be sent to the CNS In-charge/ Engineer In-charge immediately after receiving the advice from Engineer In-charge that no inspector is being deputed for FAT.

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

vi.	The inspector shall as soon as possible, but not exceed TEN working days from the date of completion of inspection, give notice in writing to the bidder firm about successful completion of FAT/Pre-delivery inspection or any deficiency in the equipment or workmanship, which in his opinion is not in accordance with the contract.
vii.	The bidder firm shall give due consideration to such objections within FIFTEEN Calendar days or any other time agreed by AAI and shall carry out repairs, alterations that may be necessary to correct the said objections and arrange for the Supplementary FAT/ inspection giving TEN calendar days' notice to AAI (for which the to and fro travel expenses and boarding and lodging expenses are to be borne by the bidder firm). After, the Supplementary FAT/ inspection has been completed at bidder firm's works; the inspectors shall issue a certificate to this effect, but not exceeding TEN working days after completion of the tests.
viii.	Even after supplementary Quality Control Department or supplementary FAT/inspection, if the equipment is found not in conformance to tender technical requirements stipulated in Section-C of this tender, then AAI shall cancel the contract as per the terms & conditions of contract and EMD shall be forfeited.
ix.	Equipment shall be dispatched by bidder firm only on specific dispatch confirmation/advice from AAI. Acceptance of FAT/inspection/QCD certificate and advice for dispatch of equipment shall be issued by AAI within THIRTY working days of the receipt of the certificate.
x.	Supplier shall start shipping the AAI verified equipment, only after issue of dispatch instructions by AAI based on FAT results. Any delay of more than TEN Calendar days in resolving the FAT issues not attributed to AAI shall be attracting penalty/compensation as per provisions of contract.
35.	SITE ACCEPTANCE TEST (SAT) & COMMISSIONING
i.	It shall be the responsibility of the bidder firm to submit the system test procedure for conducting the post-installation site acceptance testing. The procedure submitted by the bidder firm shall be drafted in line with the standard practices followed in the industry and shall be in accordance with the test procedures & practices specified by the OEM. The acceptance test procedure on approval by AAI shall become the document for acceptance of the equipment after installation at the site.
ii.	The draft copy of system test procedure shall be made available to AAI before THIRTY calendar days of the schedule site acceptance date.
iii.	The bidder firm shall supply, install, test and commission all hardware and software as per the requirement of the tender with the system. Bidder firm shall supply Technical documents (hard and soft copy - one set each) at Bhuj Airport with each Equipment. The system shall be commissioned after successful completion of SAT approval, operational & maintenance training and all the works under the scope of the tender.
iv.	Completion Certificate: Completion Certificate shall be issued by the CNS InCharge/Engineer In-Charge on completion of the work in all respect and the same shall be issued to the contractor on request. The completion certificate shall specify the date of successful completion and completion cost of work, with other details.
36.	PACKING AND MARKING
i.	All packing shall be strong enough to withstand rough handling during loading, unloading and transporting of the packages. Fragile articles shall be packed with special precaution and shall bear the marking like 'Fragile', 'Handle with care' and 'This Side Up', etc.
ii.	All delicate surfaces of equipment/goods shall be carefully protected and painted with protective paint/compound and wrapped to prevent rusting and damage.

iii.	Attachments and spare parts of equipment and all small pieces shall be packed in wooden crates with adequate protection inside the crates and wherever possible shall be sent along with the major equipment. Each item shall be provided an identification so as to identify it with the main equipment and part number and reference number shall be indicated.
iv.	All protrusions and threaded fittings shall be suitably protected and openings shall be blocked by covers.
v.	Wherever required equipment material shall be packed in polyethylene bags and silica gel or similar dehydrating compound shall be put inside the bags to protect the equipment. Pipes/tubes made of stainless steel, copper, etc. shall be packed in wooden crates irrespective of their sizes. The bidder firm shall be held liable for all damages or breakage of the goods attributable to defective or insufficient packing as well as for corrosion due to insufficient protection.
vi.	On three sides and top of package, markings as desired by AAI, shall be provided with indelible paint.
37.	PATENTS, LIABILITY & COMPLIANCE OF REGULATIONS
i.	Bidder firm shall protect and fully indemnify AAI from any claims for infringement of patents, copy right, trademark or the like.
ii.	Bidder firm shall also protect and fully indemnify AAI from any claims from bidder firm's workmen/ employees, their heirs, dependents, representatives, etc. or from any other person(s) or bodies/ companies, etc. for any act of commission or omission while executing the order.
iii.	Bidder firm shall be responsible for compliance with all requirements under the laws and shall protect and indemnify AAI completely from any claims/penalties arising out of any infringements by bidder firm or its workmen/employees.
iv.	Limitation of Liability: (a) Notwithstanding any other term, there limitation of liability in case of any damages for bodily injury (including death) and damage to real property and tangible personal property due to gross negligence and willful misconduct of the other party shall not exceed the contract value and in no event shall either party (including the Successful bidder and subcontractors) be liable to the other for any indirect, incidental, consequential, special or exemplary damages, nor for any damages as to lost profit, data, goodwill or business, nor for any reliance or cover damages in respect thereof, even if it was advised about the possibility of the same. Neither Party, however, shall be liable under the agreement, if he proves that he or his agent had taken all necessary measures to avoid the damage or that it was impossible for him or them to take such measures. However, in case of any dispute between the two parties the decision of court shall be final. (b) In all other cases not covered by Para (a) above the total liability of either party under the terms of the contract shall not exceed the a maximum of contract value and in no event shall either party (including the Successful bidder and subcontractors) be liable to the other for any indirect, incidental, consequential, special or exemplary damages, nor for any damages as to lost profit, data, goodwill or business, nor for any reliance or cover damages even it was advised about the possibility of the same. (c) Neither Party shall be liable to the other for delay in discharging its obligations, to the extent that such delay or failure is attributable to the other Party. In case of such delay, the delayed Party shall be entitled to an extension of time to perform its obligations and, unless otherwise agreed (with or without levy), the period of the extension will be equal to the amount of delay.
38.	SUBSTITUTION & WRONG SUPPLIES

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT3 years warranty & 3 years CAMC with spares

	Substitution shall be limited to makes meeting technical and functional requirements. Unauthorized substitution is not permitted and, materials delivered not complying with the description or quality or supplied in excess quantity or rejected goods shall be taken back by the bidder firm at his cost and risk.
39.	TAXES, PERMITS AND LICENCES
39.1	Bidder firm shall be liable to pay any and all Indian/non-Indian taxes, duties, levies, lawfully assessed against AAI or bidder firm, in pursuance of the contract. In addition, bidder firm shall be responsible for payment of all Indian duties, levies and taxes lawfully assessed against bidder firm for both corporate and personal Income and also all other taxes, etc. relevant and applicable in respect of his property.
39.2	The bidder firm shall evaluate all possible Indian tax liability on his own.
39.3	The payment on account of any taxes (other than GST), duties and levies shall not be made by AAI.
39.4	GST Provisions
i.	An undertaking by the bidder needs be submitted that they are registered under GST and compliant of GST provision.
ii.	In case of SITC items, it should be identified separately with value of goods and services, Tax rate, amount of Tax so as to enable AAI to claim Input Tax credit on such items.
iii.	In case of non-compliance of GST provisions and blockage of any input credit, the bidder shall be responsible to indemnify AAI.
iv.	All tender rates should be inclusive of all Taxes including GST. GST shall be paid to bidder on any taxable supply/ services against a valid Tax Invoice.
v.	In case of change in rate of Tax or any provision relating to levy of Tax resulting in increase in burden of Tax on the contractor, the contractor shall be entitled to receive any compensation for such increase in quantum of Tax payable by the contractor. Similarly, recovery shall be made from the contractor on account of decrease of rate of Tax or any provision relating to levy of Tax.

DECLARATION:

The General Information and Guidelines given **in Section A** of the Tender Document are read, understood and hereby accepted unconditionally and shall be complied with. I/We agree to abide by the General Information and Guidelines, contained in this section of Tender Document and shall form part of contract conditions and provisions. I/We hereby unconditionally accept these General Information and Guidelines of AAI's tender documents in its entirety for the Gem Bid No. for the SITC and integration OF CCTV at Bhuj airport with 3years warranty & 3 years CAMC with spares. It is certified that I/we have not stipulated any condition(s) in our tender offer. In case any condition(s) are found in our tender offer, the same shall be treated as withdrawn.

SECTION – B: SPECIAL CONDITIONS OF CONTRACT

	Being SITC work, procedure for award of work shall be adopted as given below:
1.	Work Order for SITC and integration OF CCTV at Bhuj airport with 3years warranty & 3 years CAMC with spares will be awarded to the successful lowest bidder (L1) as per tender terms and conditions.
2.	WORK-ORDER DISTRIBUTION
	The Work shall not be splitted in any manner.
3.1	AAI reserves the right to change the item quantity to be executed up to the extent of ±50 Percent for each item and subject to overall variation of ±30 Percent of the total contract value.
3.2	AAI reserves the right to place repeat order, with the same terms & conditions as for the first order, and the quantity of repeat order shall not exceed 50 Percent of quantity supplied in the original order.
3.3	AAI will however, reserve the right to conduct performance review at any time during the contract period and deficiencies, if any, noticed shall be required to be rectified by firm and compliance reported.
3.4	AAI reserves the rights to Suo-moto terminate the contract by giving one month's notices at any point of time during the period of contract, if the performance of the firm is found unsatisfactory.
4.	DEVIATION
	No deviation on terms & conditions and clauses of AAI Tender Document shall be entertained.
5.	INSTALLATION AND COMMISSIONING STANDARDS
i.	Installation shall be carried out by technically well qualified and certified personnel as per the requirements.
ii.	Contractor shall not outsource any part of the contract to any other vendor/third party contractor, without permission of AAI.
iii.	Liability, if any, arising out of such third-party contracts to any other vendor by contractor shall be to contractors account.
iv.	In no case AAI shall be liable on behalf of contractor to any other third-party contractor/ Government of India/State/Regulatory Authorities.
v.	Any liabilities arising out of such third-party contracts by contractor or its men working at site shall be only to contractors account and shall be deducted out of its running bills.
6.	Monitoring the Performance of the contractor:
	Performance of the Contractor shall be monitored by AAI on regular basis. The delay/default shall be examined and if required a 'show cause' Notice shall be issued to the Contractor bringing out the shortcomings and default. The contractor's reply shall be carefully scrutinized with respect to the factual position and following action will be taken:
i.	In case, it is found that Contractor is partially liable for delay but his act support to major component of delay/ fully responsible for delay/default, the Firm may be debarred for participation in AAI tendering in future for a limited period.
ii.	In case, it is established that contractor is fully responsible for unsatisfactory performance and found accountable fully for delay in execution of full or part work, the Firm may be blacklisted.
7.	RATES FOR COMPREHENSIVE ANNUAL MAINTENANCE CONTRACT (CAMC):

7.1	CAMC shall be applicable on CCTV system supplied & installed under the contract.						
7.2	The items for CAMC will not be visible in the item section of Price bid. The rate for CAMC items are pre-decided on fixed percentage basis on total quoted amount excluding taxes.						
7.3	It shall be: A. 3.63 % of the total contract value (Including GST) for 1 st Year CAMC. B. 5.90 % of the total contract value (including GST) for 2 nd Year CAMC. C. 7.26 % of the total contract value (including GST) for 3 rd Year CAMC. after 03 Years warranty period, (These CAMC rates shall be excluding GST, which shall be extra as applicable).						
7.4	The exact % (percentage) of each item shall be limited to two decimals (without rounded off).						
7.5	The SOQ (as under) for CAMC items will be issued at the time of award of work.						
	Sl. No.	Description	Qty.	Unit	Rate	Amount	
	A	Cost of Comprehensive AMC with Spares as per SLA after warranty along with all assembly/ sub-assemblies, associated equipment battery backup etc.					
	1.	First Year CAMC Charges	01	Per Year			
	2.	GST as applicable on 1st Year CAMC	01	Per Year			
	3.	Second Year CAMC Charges	01	Per Year			
	4.	GST as applicable on 2nd Year CAMC	01	Per Year			
	5.	Third Year CAMC Charges	01	Per Year			
	6.	GST as applicable on 3rd Year CAMC	01	Per Year			

Declaration:

The terms and conditions given in **Section B** given in the Tender Document are read, understood and hereby accepted unconditionally and shall be complied with. I/We agree to abide by the Terms and Conditions, contained in this section of Tender Document and shall form part of contract conditions and provisions. I/We hereby unconditionally accept(s) these Terms and Conditions of AAI's tender documents in its entirety for the Gem Bid No. for **SITC and integration OF CCTV at Bhuj airport with 3years warranty and 3 years CAMC with spares**. It is certified that I/we have not stipulated any condition(s) in our tender offer. In case any condition(s) are found in our tender offer, the same shall be treated as withdrawn.

(The bidder shall fill above details as a part of Declaration)

SECTION- C PART A: SCOPE OF WORK, GENERAL & QUALITATIVE REQUIREMENTS**A. GENERAL**

1. The offered equipment by the bidder shall be compact, fully solid state, highly reliable and shall use latest state of the art technology.
2. The design and selection of the offered equipment by the bidder shall be consistent with the requirements of long-term trouble-free operation with highest degree of reliability and maintainability.
3. All offered equipment by the bidder shall be manufactured to continuously operate safely without undue heating, vibration, wear, corrosion, electromagnetic interference or any similar problems.
4. The offered equipment by the bidder shall be designed for continuous operation (24-hours a day and 365-days a year). The design life of the equipment shall be a minimum of SIX YEARS.
5. This life shall be achievable through normal and regular maintenance.
6. All types of spares and spare modules of the offered equipment shall be readily available with the bidder during life-time of the equipment, for maintenance, repairs and up keep of the equipment during warranty & CAMC period, if applicable.
7. Offered equipment by the bidder shall undertake and ensure implementation of its offered solution and shall keep its in view the safety and protection of personnel, during normal operation and maintenance or during malfunctioning of any equipment or its sub-component. This shall be ensured as an integrated feature of design, manufacture and installation of offered equipment by bidder.
8. Offered equipment by the bidder shall ensure adequate protection to be included for ensuring safety of personnel from any possible hazards, including EMI radiation, high voltages, etc.
9. The offered equipment by the bidder shall furnish the details of EMI and Safety Standards met by his equipment and built-in safety features.
10. The offered equipment shall be constructed on a modular basis, using plug-in type units and components to the extent possible. Parts subject to failure, wear, corrosion or other deteriorations or requiring occasional inspection, adjustment or replacement shall be made accessible and capable of convenient inspection and removal.
11. Input and output termination cables in offered equipment shall be properly labelled to permit ready identification of the incoming/outgoing wiring.
12. All interconnecting cables in offered equipment shall also be appropriately labelled to facilitate convenient interconnection and minimize chances of incorrect connection.
13. All connecting cables required to inter-connect the equipment shall be supplied by the bidder as a part of the offered system. All cables shall be fully assembled, connector pre-terminated and factory tested at the time of supply as part of overall system check.

14. Contractor shall be responsible for Upgradation of existing CCTV /CIDS/BOARDING GATE DISPLAY SYSTEM without any liability to AAI.

15. **Licenses**

All Hardware system/component and Software supplied by bidder shall be licensed, as applicable, in favor of Airports Authority of India and valid for lifetime of the offered system.

16. **Mains Power Supply**

- 16.1 Complete offered equipment shall operate with an un-interrupted AC power 230 Volts ($\pm 10\%$) single phase 50 Hz $\pm 5\%$. Reliable over & under voltage and over current protection circuits shall be provided in the power supply units of offered solution. The power supply units in complete offered solution shall be self-protecting, and shall protect connected equipment against conducted interference, noise, voltage dips and surges & impulses.
- 16.2 Mains Power Supplies used in offered solution/equipment shall be rugged enough to withstand variation in mains voltage and frequency over a long period of time so that the failures in the equipment due to power supply are minimized.
- 16.3 Provision of Surge Protection device at Input & Output of UPS shall be made by the contractor.

17. **Installation Standards**

- 17.1 Installation shall be carried out by technically well qualified and certified personnel as per the requirements.
- 17.2 Contractors shall not outsource any part of the contract to any other vendor/third party contractor without prior permission of AAI.
- 17.3 Liability, if anything, arising out of such third-party contracts to any other vendor by contractor shall be to the contractor's account.
- 17.4 AAI shall not be liable on behalf of contractor to any other third-party contractor/ Government of India/State/Regulatory Authorities.
- 17.5 Any liabilities arising out of such third-party contracts by contractor or its men working at site shall be only to contractor's account and shall be deducted out of its running bills.
- 17.6 Contractor shall submit Police Verification Certificates and obtain necessary Airport Entry Permits, for allowing its men to work at AAI restricted premises & the required AEP charges shall be paid by the contractor.

18. **Quality Assurance Standards**

The contractor shall use Quality Assurance procedure compliant with Quality Assurance in system design, development, manufacturing, and installation and servicing- ISO 9001 Quality Management and Assurance Standards Part 3 – ISO 9001 Application and Development, Supply and Maintenance of software.

19. **Reliability**

To ensure high availability and high reliability, the offered equipment design by the bidder and its OEM partner shall employ the most suitable engineering techniques, materials and dependable components, field proven design and rigorous inspection during manufacturing to ensure a very high MTBO (Mean Time between Outage) and MTBF (Mean Time between Failure) of equipment.

20. **Environmental Conditions**

The offered equipment shall be capable of maintaining its guaranteed performance when operating continuously for 24 hours a day and 365 days a year without any deviation in quality or degradation of system performance and all the parameter detailed in these specifications shall be guaranteed over the following environmental conditions:

i) **Indoor Equipment:**

Operating Temperature: 0 degree to + 40 degree Centigrade.

Relative Humidity: 80% up to 35 deg centigrade.

ii) **Outdoor Equipment:**

Operating Temperature: -10 degree to + 50 degree Centigrade.

Relative Humidity: 90% up to 35 deg centigrade

ii) Storage Temperature: -10 to + 70 degree Centigrade

B.SCOPE OF WORK

1. Scope of work is briefly but not exhaustively described in succeeding paragraphs. The bidder has to quote the price for the items of schedule as described in Annexure-IX considering the following scope of work to meet general, qualitative and technical requirements of tender as per Section-C.
2. The SITC work will be operated in following ways:
 - i) Installation of a complete CCTV system.
 - ii) Partial augmentation if any to an existing CCTV system like adding few cameras, configuration etc. but independent installation of system.
 - iii) Partial augmentation if any with integration to an existing CCTV system by upgrading/ using single software.
 - iv) In case of (i) above, CAMC will be applicable on complete system.
 - v) In case of (ii) above, CAMC will be applicable on the equipment/ system supplied under the contract.

- vi) In case of (iii) above, CAMC will be applicable on the supplied hardware under the contract including responsibility of CCTV software maintenance shall lie with bidder. However, CAMC shall not cover existing old hardware.
- 3.** The bidder firm shall provide and install the fault-tolerant IP network at Airport for installation of CCTV SYSTEM (CCTV SYSTEM) System with supply of all required hardware such as display, intelligent controllers, server, switch, Data & Power cabling etc. including their installation, integration with existing system (If required), testing & commissioning as per tender requirements mentioned in Section- C and Schedule of Items.
- 4.** It shall be the responsibility of the bidder to ensure the performance of all devices are as per prevailing standard and configuration.
- 5.** The upgrades for the supplied Application, Antivirus, Control and Management Software and firmware shall be supplied and installed by the bidder firm within the quoted cost and without any legal implication to AAI, during the warranty and defects liability period including comprehensive AMC.
- 6.** The quantities of the cabling components (i.e. various types of cables and conduits and their laying) mentioned in Annexure-IX (Price Schedule) are indicative. The bidder firm has to submit prices for these quantities as mentioned in Annexure- IX.
- 7.** The bidder firm shall have to survey the actual requirement of cables & conduits for the Bhuj Airport. The supply and laying of various types of cables and conduits shall be after the survey of the routes and ascertaining of the exact cable length(s) requirements for the Airport.
- 8.** Payments towards the cabling components as defined above shall be made as per actuals, subject to joint measurements, after successful completion of the work.
- 9.** The laying of the outdoor cables shall be in accordance with the standard industry practice.
- 10.** The offered System shall be complete with all equipment and accessories including connectors, patch cords, other networking accessories, mounting, and fixing hardware, plugs, sockets, etc.
- 11.** Cost of Adaptors, Connectors, Patch Cords, Mounting/Fixing hardware, Electrical Switches/Sockets inside the Racks and other accessories required for completion of work is deemed to be included in the total quoted prices. This also includes Cable Channel/ Tray to be installed by the bidder firm in Equipment Room/Control room as per requirement.
- 12.** Testing of system components shall be done as per original equipment manufacturer's specifications and guidelines.

13. The entire work has to be executed with total responsibility by bidder firm. All necessary technical completeness shall be ensured by the bidder firm at the time of quoting/completion of works.
14. Bidder shall be responsible to conduct Site Acceptance Test (SAT), and to supply detailed documentation including as-built drawing in Hard/soft copy. It shall also include Detailed power supply Distribution Diagram, OFC/LAN cable layout diagrams including display, Switches, Servers, workstations, Display etc.
15. The bidder firm may undertake survey at the Bhuj Airport at its own cost to understand the scope and intricacies involved in carrying out the work.
16. CCTV installation has to be carried out in Phase wise manner, Aligning with the ongoing Restructuring project At Bhuj Airport.

SECTION- C PART B: SYSTEM DESIGNS AND TECHNICAL REQUIREMENTS

GENERAL GUIDELINES:

1. TENDERER SHALL SUBMIT ONLY **ONE PROPOSAL THAT MEETS THE “TECHNICAL SPECIFICATION”** OF THIS TENDER DOCUMENT, INDICATING CLEARLY THE MAKE AND MODEL OF EQUIPMENT OF EACH ITEM, BEING OFFERED.
2. **OTHER PRODUCT OR ALTERNATIVE OFFER SHALL NOT BE ACCEPTED OR CONSIDERED FOR EVALUATION.** IN RESPECT OF DIFFERENT ITEMS OF EQUIPMENT REQUIRED FOR THE SYSTEM, ONLY THE OFFERED ITEM OF EACH TYPE OF EQUIPMENT SHALL BE SUBMITTED IN THE TECHNICAL BID. ANY TENDERER WHO SUBMITS COMPLETE RANGE OF MODELS FOR EACH INDIVIDUAL ITEM OF EQUIPMENT OR OFFERS MULTIPLE ALTERNATIVES AS A CHOICE FOR INDIVIDUAL ITEM WITHOUT CLEARLY INDICATING THE MODEL THAT IS ACTUALLY OFFERED FOR THIS WORK, SHALL HAVE HIS TENDER OUT-RIGHTLY **REJECTED WITHOUT ANY CORRESPONDENCE.**
3. **“TECHNICAL SPECIFICATION” OF EACH ITEM SHALL BE THE PRIMARY CRITERIA FOR TECHNICAL EVALUATION OF TENDER.** HOWEVER, BIDDER HAS TO ENDORSE AGAINST ALL “TECHNICAL FEATURES” OF SYSTEM AND EQUIPMENT MARKING AS “COMPLIANCE” AS A TOKEN OF CONFIRMATION OF FEATURES OFFERED.
4. THE SPECIFICATIONS DETAILED HEREUNDER ARE THE MINIMUM REQUIREMENTS. BIDDERS MAY OFFER SYSTEM/ EQUIPMENT/ ACCESSORIES/ SOFTWARE/ NETWORK EQUIPMENT/ CABLING OF BETTER SPECIFICATIONS AS PER SYSTEM DESIGN PROPOSED BY THE BIDDER. HOWEVER, NO PREFERENCE OR WEIGHTAGE SHALL BE GIVEN TO BIDDER FOR OFFERING SUCH SYSTEM/ EQUIPMENT/ ACCESSORIES/ SOFTWARE/

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares
NETWORK EQUIPMENT/ CABLING OF SPECIFICATIONS HIGHER THAN THE
TENDER SPECIFICATION.

5. THE BIDDER HAS TO FILL “TECHNICAL REQUIREMENTS ALONG WITH FEATURES STATEMENT” AS PER DIRECTION GIVEN BELOW:
 - i) FOR STATING **COMPLIANCE**: WRITE “C” IN THE THIRD COLUMN OF STATEMENT.
 - ii) FOR STATING **NON-COMPLIANCE**: WRITE “NC” IN THE THIRD COLUMN OF STATEMENT.
 - iii) FOR STATING **PARTIAL COMPLIANCE OR CONDITIONAL COMPLIANCE**: WRITE “PC” IN THE THIRD COLUMN OF STATEMENT.
 - iv) AGAINST EACH COMPLIANCE STATEMENT, WRITE SPECIFIC PARA AND PAGE OF SUPPORTING TECHNICAL DOCUMENTATION (FROM WHICH THE STATED COMPLIANCE COULD BE VERIFIED IN FOURTH COLUMN OF STATEMENT).
 - v) SPECIFICATIONS OF THE EQUIPMENT BETTER THAN THOSE MENTIONED IN “TECHNICAL REQUIREMENTS ALONG WITH FEATURES” SHALL BE ACCEPTED.

A. TECHNICAL REQUIREMENTS ALONG WITH FEATURES

1.	IP DAY/NIGHT 2MP ANPR VARIFOCAL BULLET CAMERA (OUTDOOR) WITH ANPR AND DRIVER'S PHOTO CAPTURE SOFTWARE, ANPR per Channel License, Base Software for ANPR & FC (AI ITMS), Driver Image Capture per Channel License		COMPLIANCE
	TECHNICAL SPECIFICATIONS:		
	Image Device:	~Progressive scan 1/2.8” or better, CMOS sensor	
	Lens:	OEM Varifocal lens 5.5 – 50 mm or better	
	Image Resolution	1920 X 1080	
	Frame Rate	25fps or better	
	Minimum Illumination	B/W: 0 Lux or better; Colour: 0.005 Lux or better	
	Shutter speed	±1/3 sec to 1/50,000 sec	
	Compliance	Termination Box, Integrated RJ 45 and power connector should be provided with each camera	
	Storage Network Protocol	HTTP, DHCP, RTP/RTSP	
	Access Protocol	ONVIF (Open Network Video Interface Forum) Profile ‘S’, ‘G’ & ‘T’ and OEM should be fulltime member of ONVIF and quoted models should be listed on ONVIF official website. SDK is to be shared with the purchaser for integration purposes.	
	Supported protocol	IPV4, IPV6, HTTP, DHCP, RTP/RTSP	
	Compression Video	H.264 / MJPEG	
	Bit Rate	32Kbps – 7Mbps,	
	Audio	G.711	
	Wide Dynamic Range	90 dB or better	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

	(WDR)		
	Network Interface	RJ45, 10/100M Base-TX FAST Ethernet	
	Power Supply:	DC12V	
	Housing:	IP 66 or better, IK 10 certified for vandal proof	
	Mount:	Surface/Ceiling/pipe/corner/parapet/pendant with wall mount bracket/In Ceiling as per site requirement. The camera mount should be of the same make as that of camera and suitable for the model number offered as specified by the manufacturer and should be an integrated unit.	
	S/N Ratio	>= 40 dB	
	Operating Temperature	: 0 to +50 degree or better	
	IR Range	Min. 70 mtr.	
	SD Card support	64 GB min.	
	Standard	CE Certified, UL listed or BIS Standards	
	Security Features	User Authentication & Password protection, IEEE 802.1	

2.	IP DAY/NIGHT 2 MP FIXED DOME CAMERA (Indoor) with Video Analytics Software ip Fixed Camera connection license.		COMPLIANCE
	TECHNICAL SPECIFICATIONS:		
	Image Device:	~Progressive scan 1/2.8" or better CCD/CMOS sensor	
	Lens:	OEM Varifocal lens, Auto Iris, lens f ~ 3 mm to 9 mm ($\pm$ 25% for Indoor Dome camera) or better	
	Number of Pixels:	1920 X 1080	
	Resolution:	1080p HD or better	
	Minimum Illumination:	B/W: 0.1 Lux or better; Colour: 0.6 Lux or better	
	Standard	CE Certified, UL listed or BIS standards	
	Compliance	Termination Box, Integrated RJ 45 and power connector should be provided with each camera	
	Compliance	ONVIF (Open Network Video Interface Forum) Profile 'S', 'G' & 'T' and OEM should be fulltime member of ONVIF and quoted models should be listed on ONVIF official website. SDK is to be shared with the purchaser for integration purposes.	
	Video Stream:	Dual H.264 or Better video stream for independent viewing and recording	
	Electronic Shutter:	Auto	
	Auxiliary inputs & outputs:	1 alarm input, 1 relay output	
	Iris Control:	Auto	
	White balance	Auto	
	Wide Dynamic Range (WDR):	90 dB or better	
	Remote access:	Via browser for configuration, viewing and control	
	Ethernet:	10/100 Base-T Auto sensing, Half/ Full Duplex (RJ45)	
	SD Card:	01 slot - 64 GB	
	Power Supply:	Power Should be drawn on PoE. Shall have ability to be powered by PoE+. IEEE 802.3 as well as normal DC/AC power.	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

	Housing:	IP 54 rated or better and shall be of same make as of camera	
	Mount:	Surface/Ceiling/pipe/corner/parapet/pendant with wall mount bracket/In Ceiling as per site requirement. The camera mount should be of the same make as that of camera and suitable for the model number offered as specified by the manufacturer and should be an integrated unit. Should be compact and indoor/outdoor type as required. Should support the weight of camera and accessories such as housing in any vertical or horizontal position etc.	
	S/N Ratio	>= 50 dB	
	IR Illuminator	Internal / External up to 40 mtr or more	
	Operating Temperature	: 0 to +50 degree or better	
	Camera License	Camera having valid License	
3.	IP DAY/NIGHT 2 MP FIXED BULLET CAMERA (Outdoor) with Video Analytics Software ip Fixed Camera connection license.		COMPLIANCE
	TECHNICAL SPECIFICATIONS:		
	Image Device:	~Progressive scan 1/ 2.8" or better CCD/CMOS sensor	
	Lens:	OEM Varifocal lens, Auto Iris, lens f ~ 10 mm to 40 mm (+/- 10% for Outdoor fixed box Camera) or better	
	Number of Pixels:	1920 X 1080	
	Resolution:	1080p HD or better	
	Minimum Illumination	B/W: 0.1 Lux or better; Colour: 0.6 Lux or better	
	Standard	CE Certified, UL listed or BIS Standards

	IR Illuminator	Internal / External up to 130mtr or more	
	Operating Temperature	: 0 to +50 degree or better	

4.	IP DAY/NIGHT 2 MP PTZ CAMERA		COMPLIANCE
4.1	TECHNICAL SPECIFICATIONS:		
	Image Device	Progressive scan 1/3" or better CCD/CMOS sensor	
	Optical zoom (For Outdoor Camera):	30 x or better varifocal, autofocus	
	Number of Pixels:	1920 x 1080	
	Resolution:	1080p HD @25 FPS or better	
	Minimum Illumination:	B/W: 0.1 Lux or better; Colour: 0.6 Lux or better	
	Wide Dynamic Range	90 dB or better	
	Pan Travel:	360° Continuous	
	Tilt Travel:	0 - 90°, Auto Flip	
	Manual Tilt Speed:	0.5°/SEC to 90°/SEC	
	Manual Pan Speed:	0.5°/SEC to 90°/SEC	
	Preset Tilt Speed:	0.5°/SEC to 90°/SEC	
	Preset Pan Speed:	0.5°/SEC to 300°/SEC	
	Standard	CE Certified, UL listed or BIS Standards	
	Compliance	Termination Box, Integrated RJ 45 and power connector should be provided with each camera	
	Compliance	ONVIF (Open Network Video Interface Forum) Profile 'S', 'G' & 'T' and OEM should be fulltime member of ONVIF and quoted models should be listed on ONVIF official website. SDK is to be shared with the purchaser for integration purposes.	
	Video Stream:	Dual H.264 or better video stream for independent viewing and recording	
	Auxiliary inputs & outputs	1 alarm input, 1 relay output	
	Privacy masking zones:	4 or more	
	Preset positions Min.:	64	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

	Iris control	Auto	
	Focus:	Auto	
	White balance:	Auto	
	Electronic shutter:	Auto	
	Remote access:	Via browser for configuration, viewing and control	
	Ethernet:	10/100 Base-T Auto sensing, Half /Full Duplex (RJ45)	
	S/N Ratio:	>= 50 dB	
	SD Card slot:	01 with (64 GB Card to be provided)	
	Power supply (Outdoor)	Power Supply adaptor should be of the same OEM of Camera as per OEM's design.	
	Housing (Outdoor):	IP 66 or better, IK 10 certified for vandal proof	
	Mount:	Surface/Ceiling/pipe/corner/parapet/ pendant with wall mount bracket/In Ceiling as required.	
	The camera housing and mount should be:	i. Of the same make as that of camera and suitable for the model number offered as specified by the manufacturer and should be an integrated unit. ii. Should be compact and indoor/ outdoor type as required. iii. Should support the weight of camera and accessories such as housing, pan & tilt head in any vertical or horizontal position etc. iv. Should have inbuilt IR illuminator up to 130mtr	

5	Provision/Features of vide-surveillance software system and camera license.	compliance
5.1	The software should have an inbuilt facility to store the configuration of cameras.	
	Supply of VMS Software for Camera Server, NVR/NAS, and Workstation loaded in all the servers to be provided with camera licenses suitable for all ONVIF Cameras with full functionality.	
	The software shall support flexible 1/4/9/16/25 or more user-defined Windows split screen display mode or scroll mode on the PC/Workstation monitor or preview monitor as per site requirements.	
	The software shall be able to control all camera features such as PTZ control, iris control, auto/manual focus, and color balance of the camera. Selection of presets, video tour selection, etc.	

5.2	The software is required to generate reports of stored device configuration. The control software is required to provide an alarm and alarm log. The log shall be able to be archived, printed, and displayed using a device filter, a device group filter, and/or a time window.	
	The software shall have user access authority configurable on a per device or per device group basis. The authorized user shall have the facility to request access to any camera and can control the camera for a reservation period. Control of the camera is released after the reservation period.	
	The system software shall provide a user activity log (audit trail) with user ID, timestamp, and action performed, etc.	
	The administrator shall be able to add, edit, and delete users with rights. It shall be possible to view the ability/rights of each user or the cameras which can be viewed and controlled as per the permission assigned by the administrator.	
	The users shall be on a hierarchical basis as assigned by the administrator. A higher-priority person can take control of cameras, which are already being controlled by a lower-priority user. There shall be a minimum of 3 hierarchical levels of security for providing user-level login.	
	The system software shall have recording modes viz. continuous, manual, or programmed modes on date, time, and camera-wise. All modes shall be disabled and enabled using scheduled configuration. It shall also be possible to search and replay recorded images on date, time, and camera-wise.	
	It shall provide on-screen controls for remote operation of PTZ cameras. It shall have the facility for scheduled recording. Different recording speeds (fps) and resolution for each recording mode for each camera shall be possible.	
	It shall provide programmable motion detection and recording, defined area-wise. An open interface to receive motion triggers and an open interface to define the areas (at least four different areas) should be available from the cameras. The system must be able to support video motion detection algorithms to detect and track objects, learn the scene, adapt to changing outdoor environments, and ignore environmental changes including rain, hail, wind, swaying trees, and gradual light changes. Upon detection, the software must be able to generate an alarm (visual/audio) to the operator.	
	The settings shall be individually configurable for each alarm and each camera, pre-record duration. This shall allow the Camera Server to capture video prior to the alarm/event, as well as after the alarm/event. This shall be selectable from a	

	list of values ranging between 0 seconds and 5 minutes.	
	Data storage should be at a central location in the airport. The capacity of storage should be for a continuous period of 30 days or more. For every 10 disks, one spare disk needs to be configured over and above the required capacity. The storage system should follow FIFO on recording.	
	The software shall support a built-in hardware or software watchdog module. The watchdog shall monitor the operation of all services and automatically restart them if they are malfunctioning.	
	The software should be able to receive an alarm signal from the camera and should be able to send a relay out signal through the camera.	
	The software shall provide a facility for any alarm input initiating any action in the SVMS system.	
	The software should provide a reporting utility for tracking but not limited to the following options. Video and images shall be stored with reports for documenting events.	
	a) Alarms, incidents, operator logs, service requests	
	b) It shall be possible to export the settings of various entities within the SVMS i.e., archive, directory, cameras, etc. It shall be possible to print these reports.	
	c) It shall be possible to get reports on past events by querying the audit databases. It shall allow the search by user logon, entity configuration, incident, alarm, application failure, and equipment failure.	
	d) It shall allow the passage of specific alarms to specified users rather than sending all alarms to every user.	
	The software shall support a built-in hardware or software watchdog module. The watchdog shall monitor the operation of all services and automatically restart them if they are malfunctioning.	
	User facilities covered in application software	
	The user shall consist of an Administrator Tool application, a Monitoring application, and an Archive Player application.	
	The client shall perform the following applications simultaneously without interfering with any of the Archive Server operations (Recording, Alarms, etc.):	
	a) Live display of cameras	

	b) Control of PTZ cameras	
	c) Playback of archived video	
	d) Retrieval of archived video	
	e) Instant replay of live video	
	f) Configuration of system settings	
	The user applications shall provide an authentication mechanism, which verifies the validity of the user.	
	The user shall be able to define bookmarks, the amount of time they wish to go back from a predefined list or through a custom setup period.	
	The user shall be allowed to add bookmarks to recorded clips of video.	
	The user shall be able to choose and trigger an action from a list of available actions, including but not limited to:	
	i. View camera in a video tile	
	ii. View map or procedure in video tile	
	iii. Start/stop PTZ pattern	
	iv. Go to PTZ preset	
	v. Sending alert messages	
	The user shall be capable of displaying all camera sequences created in the system.	
	Integration Interface with other system:	
	The system shall provide an integration interface to third-party systems using well-defined API SDK/Open Database Connectivity. The API SDK for third-party systems (other system manufacturers involved in this project) shall be provided along with the system without any additional cost. This shall enable them to develop the software interface with the CCTV system. The software shall have the inbuilt facility to seamlessly integrate with industry-standard fire alarm systems and Building Management System (BMS) systems with or without any SDK.	

6	DATA BASE/CAMERA/VIDEO ANALYTICS SERVER including operating system and antivirus with all accessories.	
	Including operating system and antivirus with all accessories. All the servers (Camera Server/Database Server/Video Analytics Server) quantities mentioned in the schedule at the site shall be supplied by the contractor as per the following specifications:	
	Technical Specifications:	

	CPU: 64-bit high performance, minimum two processors of 8 core each or higher Intel/AMD CPU operating at 2.1 GHz or more with a minimum of 11 MB L3 cache or higher	
	Memory: 64 GB DDR RAM Upgradable to 1 TB	
	Chassis Type: Rack-mountable	
	Hard Drives: SAS 10K rpm or higher hot-swappable Hard Disk in RAID 5 or 6 configuration having usable space of 1 TB or more	
	Power Supply: Hot Pluggable Redundant Power Supply	
	Fans: Redundant FANS	
	Network Adapter (NIC): Dual Integrated 10/100/1000 Mbps ports	
	Keyboard: USB Keyboard	
	Mouse: Optical Mouse with scroll	
	Operating System: Licensed MS Windows Server or Linux (Latest version)	
	Anti-Virus Software: Compatible with Windows/Linux along with update subscription valid until warranty and CAMC period	
	Including operating system and antivirus with all accessories. All the servers (Camera Server/Database Server/Video Analytics Server) quantities mentioned in the schedule at the site shall be supplied by the contractor as per the following specifications:	

<u>7.</u>	The NAS Storage System		
	<u>Clause</u>	<u>Description</u>	<u>Compliance</u>
	NAS Storage System	The NAS Storage System with RAID 6 configuration shall be used to record video streams based on the configuration assigned by the administrator. Workstations and servers within the LAN should be able to access the recorded video streams. The storage device shall support simultaneous playback and recording at full-duplex operation.	
	Quality of Storage	The system shall provide high-quality recording storage and playback of images. It shall support integration with the LAN to provide centralized management and shall operate on Windows/Linux/Unix/OEM OS.	
	User Management	Support of user management for security level control and authentication is required.	
	Controller	Dual Active-Active Controllers in failover mode with no single point of failure.	
	Onboard Cache	16 GB per controller (mirrored) or more.	
	Storage Disk	10K/7.2K rpm SAS/NL-SAS/SATA disks for 30 days.	
	Host Interface	At least four Gigabit Ethernet (IP) ports and four FC ports.	
	HDD Type Support	SAS/SSD/NL-SAS/SATA.	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

	RAID Support	Inbuilt RAID support for RAID-Double Disk Failure / RAID-6.	
	Network Protocols	TCP/IP. The system should support protocols such as CIFS, NFS, iSCSI, FCP, HTTP/HTTPS, FTP, NTP, SNMP, SMTP, DHCP, and DNS.	
	Power Supply	Hot-pluggable redundant power supply.	
	Technical Features	Operating System (OS): Built-in storage OEM OS, compatible with MS Windows/Linux/Unix.	
	Storage Management	Storage management software should include an inbuilt GUI/CLI/Web-Based administration management software.	
	Rack Mountable	The system should be rack-mountable.	
	Scalability	The offered storage shall be scalable to add an additional 50% usable capacity on-site within the same storage.	
	Information Required from NAS Supplier	The following information should be provided by the NAS supplier against each configuration:	
	a. Drive Type	Bidder will indicate required information against each parameter.	
	b. Drive Speed	Drive speed details.	
	c. Drive Size	Drive size details.	
	d. RAID Group	RAID group used to configure.	
	e. Usable Capacity	Usable capacity (Data + Parity + Spares) along with total disks supported by NAS.	
	f. Additional Capacity	Balance disk auto-configure additional 50% usable capacity.	
	Storage System Requirements	The storage system should be provided with no other upgrades required for desired scalability except for disk array enclosures and disk drives as required.	
	Data Integrity	Once data is stored in storage, no client/operator should be able to delete or modify the data.	
	FC Switches	FC Switches, if required as part of the solution, should be provided as per system design without any extra cost to AAI.	
	NAS Appliance	If any additional appliance is required to provide NAS capability, then the solution should be in high availability mode and the cache of the same should be extra.	

8	Supply of 2port Media Converter	COMPLIANCE
	Media Converter: 2 x 10/100/1000 Tx ports and 2 x 10/100/1000 Fx ports with module Fiber Type: 2 x Single-mode Fiber Operating Temperature: -10°C to 60°C Use Case: Media Converters shall be used with requisite L3/L2 Switches to maintain Gigabit Ethernet Communication.	

9.	HARD DISK DRIVE (HDD)	COMPLIANCE
	Storage Disk	10K / 7.2K rpm surveillance grade SAS/ SATA Disk for recording of surveillance data

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

	Storage Capacity	NVR should be able to record minimum 30 days recording of all cameras/channels with full HD resolution (@ 1080p resolution is mandatory) with 24 hrs. continuous operation. The calculation for storage of 30 days for all cameras/channels is to be proved while SAT.	
	Host Interface	At least four Gigabit Ethernet (IP) ports and Four FC port	
	HDD Type support	SAS/SATA	
	Inbuilt RAID Support	Yes	
	Virtual Drives/ LUN	Maximum 256 Virtual Drive	
	Network Transport Protocols	TCP/IP	
	Operating System (OS)	Built-in storage OEM OS, compatible with MS Windows /Linux/ Unix	
	Storage File Management Software	In built GUI/CLI/ Web based administration management software	
	Mounting Arrangement	Rack Mountable	
	Security	Once data is stored in Storage, no client /operator should be able to delete or modify data.	
	Storage system	Storage system with RAID 6 configuration shall be used to record video streams based on the configuration assigned by administrator.	
		Work stations within the LAN should be able to access the recorded video streams. The storage device shall support simultaneous playback and recording at full duplex operation.	

10.	WORKSTATION CLIENT PC with 55inch Display	COMPLIANCE
10.1	TECHNICAL SPECIFICATIONS:	
	CPU: Minimum 10 th Generation Core i5 Intel /AMD Processor or higher operating at 2.6 GHz or more with 8 MB Cache or higher	
	Memory: 8 GB DDR 3 or higher	
	Hard Drives: 2 TB SATA/ SAS or more	
	Mother Board: Original	
	Video Card: 8 GB video memory or better with dual port Graphics card with HDMI/Digital compatibility for display monitor.	
	RAID: supported	
	TECHNICAL FEATURES:	
	Keyboard: Wireless keyboard	
	Mouse: Wireless Optical Mouse	
	Network Adapter (NIC): Two numbers of Gigabit Ethernet ports (100/1000 Mbps) network card 1000base-T	
	Sound Card: In- Built	
	DVD writer: DVD RW+	
	Wireless: Minimum 1 Gbps Wi-Fi Wireless Network Adapter for Desktop PC with 2.4GHz/5GHz High Gain Dual Band 5dBi Antenna Wi-Fi with Bluetooth connectivity of 4.0 or better, supports latest Windows 10 OS version provided	
	Ports: 2 nos. USB 2.0/USB 3.0 at front panel and 02 nos. USB 3.0, 2 nos. USB 2.0 Ethernet LAN, 02 nos. HDMI (including graphics card with display Splitting Software License version)	
	Operating System: Licensed 64-bit MS Windows pro 10 (Latest version)	

	Anti-Virus Software: Anti-Virus Software compatible with Windows along with update subscription valid till warranty and AMC period	
	Client VMS application software including Supply of Licensed OS & Antivirus Software	
10.2	55"LED DISPLAY (Wall mount)	COMPLIANCE
	TECHNICAL SPECIFICATIONS:	
	Screen Size: 55" (diagonal) or higher as per requirement	
	Monitor Type: Industrial/ Professional suitable for 24x7 operation	
	Back Light: LED	
	Aspect Ratio: 16:9	
	Resolution: Full HD, 1920 X 1080 pixels or better	
	Brightness: 450 cd/m ² or better	
	Contrast Ratio (Native): 2400:1 without IPS/ 1100:1 along with IPS	
	TECHNICAL FEATURES:	
	Viewing angle: min 178°	
	System: PAL	
	Operating Voltage: Suitable for single phase AC supply 180-270 V, 50 Hz	
	Video Input Ports: 2 HDMI, DVI/ DP, VGA, RJ45, USB with HDMI cables with appropriate length as per site requirements.	
	Sound: Built-in Speaker 10W + 10W	
	Operating Conditions: 0-45 degree centigrade	
	Mount: Wall or Table mount accessories with each monitor as per site requirement	

11.	CAT 6 STP LAN CABLE	COMPLIANCE
	High performance data communication cable for noisy environment.	
	Suitable for high speed data applications, Gigabit Ethernet.	
	4 pairs, easily identifiable colour-striped Outlet:	
	Termination of 4 pair balanced twisted pair copper cable.	
	Shall be wired straight through.	
	Rear protective strain relief cap.	
	CAT 6 STP, 23 AWG Copper conductor, complied with ANSI/TIA-568-C.2 standards	
12.	6 CORE SINGLE MODE ARMOURED OFC CABLE	COMPLIANCE
	Optic Fiber 6 core, Outdoor, Loose Tube Electrolytic Chromium Coated Steel (ECCS) Armoured, SMF, 9/125 micron, 1000 Mbps	
	Core Diameter @ 1310 nm: 9±0.6 micro meter Cladding Diameter: 125±1.0 micro meter	
	Max. Attenuation (Cables with fibers) At 1310 nm : 0.36 dB/km At 1550 nm: 0.25 dB/km	
	Secondary Buffer Material: Gel filled Loose Tube	
	Min. Bend Radius: 20x Outer Diameter	
	Fiber Core: Should be Silica Glass or equivalent	
	Marking: Identification marking at regular intervals of 1 meter	
	Laying of cable inside the building/outside shall be in the conduit	
13.	3 CORE 6 SQ.MM ARMOURED COPPER POWER CABLE	COMPLIANCE
	High performance Armoured 3 core 6 Sq. mm multi strand copper cable in existing conduit/pipe on surface /recess/concealed with connectors and termination etc.	

14.	3 CORE 1.5 SQ.MM UN-ARMOURED COPPER POWER CABLE	COMPLIANCE
	High performance Un-Armoured 3 core 1.5 Sq. mm multi strand copper cable in existing conduit/pipe on surface /recess/concealed with connectors and termination etc.	
15.	3 CORE 1.5 SQ.MM ARMOURED COPPER POWER CABLE	COMPLIANCE
	High performance Armoured 3 core 1.5 Sq. mm multi strand copper cable in existing conduit/pipe on surface /recess/concealed with connectors and termination etc.	
16.	40MM HDPE PIPE	COMPLIANCE
	40mm good quality ISI marked industry standard.	

17	Soft Soil Digging and back filling	COMPLIANCE
	Excavation work in soft soil by mechanical means/manual means in foundation trenches including dressing of sides and raming of bottoms of size 35cmX35cmsX33cms, including getting out the excavated soil and disposal of surplus excavated soil as directed within a lead of 50 m.	
18	Hard Soil Digging and back filling	COMPLIANCE
	Excavation work in Hard soil by mechanical means/manual means in foundation trenches including dressing of sites and raming of bottoms of size 12.5cmX12.5cmsX30cms, including getting out the excavated soil and disposal of surplus excavated soil as directed within a lead of 50 m. and filling with 1:2:4	
19	Installation, Testing, Training and Commissioning charges	

S.No.	Additional Requirement	Compliance
1.	Above-mentioned Technical specifications are the Minimum requirement; However, Bidder can provide better or Higher Specifications (The system should be compatible and integrated with existing CCTV system). As the current system has 3 servers with only 1 server fully utilized, the remaining 2 servers have camera slots empty, new camera must use this server first and then new server for remaining cameras. All the cameras including the current cameras should be accessed through single platform i.e. All cameras should be accessible through single application. GI poles for outdoor cameras are already present with station, (they have to be removed and installed at new location as required by office, by vendor) installation has to be done on those poles only. GI Pipes needed for installation are also present at station. Cables will be as per site requirement. Any remaining accessory needed for installation should be supplied by vendor only. As the Project has to be aligned with ongoing Civil Reconfiguration Project, Project has to be done in Phase-wise manner as per the PDC of Civil Projects at the time of Work order award.(earlier supplied VMS software was from i2v company)	

--	--	--

B. OPERATIONAL MAINTENANCE DURING WARRANTY PERIOD AND COMPREHENSIVE ANNUAL MAINTENANCE CONTRACT:

S. No.	Description	Statement of compliance
1.	OPERATIONAL MAINTENANCE DURING WARRANTY PERIOD	
i.	During the Warranty and Defects Liability period, contractor shall provide sufficient manpower for preventive, corrective maintenance and smooth operation of equipment and its accessories. During the first One (01) Month of Warranty and Defects Liability period, contractor shall deploy One competent Maintenance Engineer at Airport to attend teething problems, hand holding and corrective/breakdown maintenance. Failure to deploy competent Maintenance Engineer at Airport during the first one month of Warranty and Defects Liability period shall attract penalty of Rs. 25,000/- per month, which shall be recovered by AAI from contractor's bill or PBG for the work. Preventive maintenance shall be carried out at least once in THREE calendar months on staggered equipment/day basis, after successful commissioning of the equipment. Corrective maintenance shall be done, round the clock, on all days including holidays.	
ii.	Deployment of 01 (one) Qualified Personal having good knowledge of I.T. / CCTV System during general shift (i.e. from 09:30 Hrs. to 18:00 Hrs.) for 3 days in one week (on call basis) for minimum 15 days per month for operating and logging parameters and routine maintenance system as per manufacturer recommendation or / as per direction of Engineer-InCharge during warranty / defect liability period for 3 Years. The cost of the same manpower may be adjusted/included in the total quoted price accordingly in the price bid. No extra cost/amount shall be paid by the AAI.	
iii.	The contractor shall replace any parts, including the supplied software found defective during Warranty period without any charges whatsoever to AAI. The services of the contractor or his principals, if required during this period, for such work shall also be made available without any cost to the Authority.	
iv.	Maintenance during warranty period shall include free replacement of any spares of the equipment supplied against this work.	
v.	Any failure (partial or complete) of the system or system related equipment leading to complete failure of the system shall be considered as failure of the system. In this regard the decision of AAI Officer In-charge, shall be final & binding.	
vi.	Contractor shall attend the remedial maintenance job immediately on observation/ receipt of complaint. Warranty period of the system, unit wise, shall be extended by one week per week of unserviceability (part of week to be considered as one week) for each default in case of failure to set right the system to the satisfaction of the AAI Engineer In-Charge within 30 min of the lodging of complaint by AAI to company in case of software fault and within 72 Hrs. in case of hardware fault.	
vii.	The contractor shall replace all the faulty & functionally not acceptable parts/components/ displays/monitors/ network switches/ servers/cameras, as applicable, at own cost.	
viii.	The contractor shall maintain record of preventive/ breakdown/ corrective maintenance carried out at site and at his premises, and get it countersigned by AAI representative during warranty/defect liability period.	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

ix.	The contractor shall ensure that performance logs of equipment are logged in at System Administrator at all the times.	
x.	The contractor shall submit comprehensive performance report, based on preventive/ corrective maintenance, performance log and its evaluation/ analysis about equipment with all accessories and batteries to AAI representative and obtain his counter signature.	
xi	Spares: All spares required for repairs and maintenance of the complete system shall be kept with the contractor. All critical spares required during the course of year shall be analyzed and necessary inventory kept at all the times. However, the firm is required to maintain minimum inventory of critical spares like cameras, switch etc. approx. 1% of awarded total capital cost within one month of the SAT, failing which deduction/penalty shall be levied @ 0.1% per week of total Capital Cost subject to maximum of 1% of total Capital Cost.	
xii.	PAYING AUTHORITY (For Engineer's Services during DLP)	
	DLP: Airport Director, AAI Bhuj.	
2.	TERMS & CONDITIONS OF COMPREHENSIVE AMC WITH SPARES	
2.1	General Conditions:	
	The contractor shall carry out the work in accordance with the details specified hereunder:	
i.	Deployment of 01 (one) Qualified Personal having good knowledge of I.T. / CCTV System during general shift (i.e. from 09:30 Hrs. to 18:00 Hrs.) for 3 days in one week (on call basis) for minimum 15 days per month for operating and logging parameters and routine maintenance CCTV system as per manufacturer recommendation or / as per direction of Engineer-InCharge during warranty / defect liability period for 3 Years. The cost of the same manpower may be adjusted/included in the total quoted price accordingly in the CAMC for 3 years. No extra cost/amount shall be paid by the AAI.	
ii.	The work herein specified shall be performed by competent workmen in a thorough professional manner. All materials furnished by the contractor shall conform to original equipment manufacturer's standards and guidelines.	
iii.	Airport/Operational Area Entry Passes for the contractor and his labourer, shall be required. Contractor shall be fully responsible for obtaining the Entry Passes for him and his labourer at his own cost (as per AEP charges). After completion of work, passes should be surrendered in the office of the Pass Section/AAI Security In-Charge.	
iv.	All contractor's staff shall behave in orderly manner, shall comply with the	
	airport operational, safety and security rules and regulations, and shall not indulge in any activity beyond the scope of the contract. Any staff violating these conditions shall be removed from duty by the contractor with immediate effect on intimation from AAI Officer In-Charge. This will be without prejudice to any other liability to AAI, arising out of court directions/claims, etc. on account of such misdeeds.	
v.	Least inconvenience to passengers and staff working in the offices must be ensured while carrying out the work. The preventive maintenance is to be carried out independently during the lean period without affecting the Airport operations.	
vi.	Contractor will remove all the debris caused due to the work and clear the site.	
vii.	All required repairs, patchwork, etc. to restore any damages caused to AAI property during the execution of work shall be carried out by the contractor.	
viii.	Any damage to AAI property not restored properly shall be recovered from the running bills of the contractor and hence utmost precaution should be taken during the execution of the work. AAI shall have full liberty to get the damage rectified at	

	the contractor's risk and cost.	
ix.	Provision of necessary Test equipment, tools, cleaning material, etc. at site shall be the responsibility of the contractor.	
x.	The contractor will not be liable for any damages arising out of War, riots and natural calamity such as fire, storm, earthquake, etc.	
xi.	The contractor is fully responsible for safety precautions, and any accident that may take place to his labour during the execution of the work and all expenses for his medical treatment is to be borne by the contractor.	
xii.	If at any stage the contractor fails to provide satisfactory service, AAI shall terminate the contract by giving one month's notice and security deposit will be forfeited. Any damage to the equipment and its accessories shall be rectified by AAI on the contractor's risk and cost.	
xiii.	The equipment and its accessories shall be handed over to AAI in fully serviceable condition on expiry/termination of the contract.	
xiv.	The contractor shall take care of labour regulations and is required to follow all the guidelines prescribed by concerned authorities i.e. Regional Labour Commissioner/ Central Advisory Contract Labour Board, etc.	
xv.	The contractor shall maintain all the system to the entire satisfaction of the AAI Officer In-Charge. Since on completion of the contract period (expiry of contract/ termination of contract), the equipment is to be handed over to AAI in fully serviceable condition, it will be tested jointly for its 100% serviceability by AAI representative and contractor's representative at site. In case any spares are required to be replaced or any rectification is required to be carried out for satisfactory performance of the System/equipment, the contractor at their cost shall carry out the same.	
xvi.	In case any of the personnel deputed by the contractor is found indulging in theft/pilferage or any other misdeed or any other undesirable activities, the contractor shall ensure that the services of the concerned staff are dispensed with immediate effect under intimation to the Authority.	
xvii.	On completion of the contract period (expiry of contract/termination of contract), the CCTV System at each site shall be handed over to AAI in fully serviceable condition. It shall be liability of the contractor to repair the system & its accessories for any defects, observed during handing over and make them fully serviceable. The rectification/ repairing of these systems or their accessories shall be carried out by the contractor within THIRTY days of receipt of such notice from the Engineer-in-Charge, the Engineer-InCharge reserves the right to get the repair work executed at the risk and cost of contractor.	
xviii.	The Contractor shall not be entitled for any extra payment whatsoever on account of the conditions of Comprehensive Annual Maintenance Contract.	
2.2	CAMC CONDITIONS:	
a.	Scope of CAMC Work:	
i.	Comprehensive Annual Maintenance Contract for CCTV Systems, consisting of Preventive & Corrective Maintenance.	
ii.	The contractor shall deploy adequate Technical staff (Specialist for maintenance of CCTV system and associated equipment) so that the preventive and breakdown maintenance can be carried out efficiently with minimum down time.	
iii.	Preparation of inventory of all Hardware, Software (Media & Licenses), Accessories by recording information like configuration details, Make & Model, serial number, warranty details, Software Keys, Version, capital cost of all items etc. and updating	

	of the same.	
iv.	Preparation of preventive maintenance schedule and execution as per OEM recommendations and in consultation with the AAI Officer-In-Charge.	
v.	Report generation for each call/complaint and resolution with time and date.	
vi.	Analysis of the call/complaint and action taken for rectification, to prevent recurrence.	
viii.	Continuous monitoring of System, Application, Security logs and CPU, Memory, Disk, Network usage monitoring.	
ix.	Monthly and quarterly monitoring with probable cause as a part of proactive approach.	
x.	Trend analysis of the variation and taking appropriate action.	
xi.	Restoration of operation of system after any failure using hot-standby/spare equipment.	
xii.	Installation of software and OS as and when required: • Installation of Hotfixes and Patches, up-gradation of software as and when desired for system functionality or as recommended by the Hardware/ Software OEM. • Bug fixing updates and modification of software/hardware to accommodate addition or deletion of system hardware.	
xiii.	• Restoration of system operation of server after any failure using back-up data. • Performing quarterly system performance tuning for optimum performance. • Changing the system configuration, parameters and reorganizing disk space etc. if required.	
b.	The contractor shall confirm in writing, the names of the Maintenance Engineers with complete contact details (address, e-mail, mobile number, etc.). Any change in these contact details shall be intimated to AAI in advance.	
c.	During the Airport operational hours, the contractor shall provide suitable manpower to attend faults. As per operational and maintenance requirements, Maintenance Engineer and adequate Support Staff shall be made available at the site beyond the normal Airport operational hours.	
d.	Complaints shall be lodged to the Maintenance Engineer for rectification and restoration of systems. The Maintenance Engineer of the contractor shall ensure serviceability by periodic monitoring/ inspections, etc., and in case of any unserviceability shall take immediate corrective action. AAI Officer In charge or his authorized representative shall be informed of any scheduled and corrective maintenance and post- restoration of any unserviceable equipment/system/facility.	
e.	In case of any breakdown, the contractor maintenance personal shall rectify the fault and restore the equipment and system to the satisfaction of the AAI Officer In-charge within 48 Hours of reporting of the fault.	
f.	After rectification, operation and performance of the system shall be checked and maintained to the satisfaction of the AAI Officer In-charge.	
g.	Contractor shall replace all the faulty & functionally not acceptable components, modules, displays, batteries, etc. at own cost.	
h.	Preventive maintenance visit shall be carried out as per recommendations of the respective OEM or at least once in every THREE months.	

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares

i.	Contractor shall maintain Preventive/ Corrective/Breakdown maintenance record at site, and get it counter-signed by AAI representatives for records and payment of CAMC charges as per payment schedule.	
j.	Contractor shall make appropriate entries about comprehensive performance based on Preventive/Corrective maintenance; Performance logged and his evaluation/ analysis.	
k.	Proper Log books shall be maintained by the contractor for preventive, breakdown maintenance, as well as periodic inspections as per the instructions of AAI, and shall be handed over to the AAI Officer In-charge or his authorized representative for inspection and certification.	
l.	All Maintenance log-books, reports, records, etc. shall be property of AAI, and the same shall not be removed from AAI premises or disclosed to any third party, without prior written permission of the AAI Officer In-charge.	
m.	The rates of the CAMC shall be inclusive of all spares, cable laying including joints and services including maintenance free batteries of UPS.	
n.	Contractor shall maintain sufficient inventory of spares to ensure compliance of terms and conditions of CAMC. Component level/card level maintenance shall have to be carried out by the contractor. It is therefore necessary that sufficient stock of spares is kept with the maintenance engineer of the contractor, so that un-serviceability can be attended by the method of replacement in order to have minimum down time.	
o.	If the contractor is unable to replace the defective parts within 48 Hrs., then such replacements shall be carried out by AAI at its own cost and the same shall be deducted from running payments/PBG/Security Deposit.	
q.	Contractor shall ensure periodic backup of systems, programs and data and the same shall also handover to AAI. In case of corruption or damage to the Programmed/ Data due to any reason, the replacement, reprogramming and restoration shall be the responsibility of the contractor.	
r.	The repairs/maintenance of equipment is to be carried out at site. In case of a defect in equipment/its accessories, necessitating major repairs at the service center of the contractor, the same may be taken to service center with possible replacement under approval of the AAI Officer In-charge. In such cases, all expenditure and arrangement to dispatch, repair and return of the equipment/sub-assembly shall be borne/carried out by the contractor. Penalty shall be levied for delay beyond the prescribed time in setting right the equipment. The original equipment has to be reinstated at site after the repairs have been carried out at service center at the earliest.	
s.	Spares: All spares required for repairs and maintenance of the complete system shall be kept with the contractor. All critical spares required during the course of year shall be analyzed and necessary inventory kept at all the times. However, the firm is required to maintain minimum inventory of critical spares like Display, switch etc. approx. 1% of awarded total capital cost within one month of the SAT, failing which deduction/penalty shall be levied @ 0.1% per week of total Capital Cost subject to maximum of 1% of total Capital Cost.	
t.	Payment: Comprehensive AMC charges shall be paid by AAI quarterly, after the completion of each quarter for the work done in previous quarter on production of bill and submission of service reports, duly signed by AAI Officer In-Charge. All the necessary recoveries/ deductions for which firm has made themselves liable for, shall be deducted from the bills before releasing the payment. Payment shall be released within one month after the receipt of bills & other pre-requisites.	
u.	Penalty shall be levied for the delay, beyond the prescribed time under the scope in setting right the equipment. In case of partial/complete failure of the equipment, on	

	expiry of prescribed time limit, recovery shall be made @ 1% of the Comprehensive Annual maintenance charges, per week (part of the week shall be considered as one week) from the quarterly bill of the running quarter. However, if a suitable fully functional replacement is provided by the contractor in place of faulty equipment within prescribed time, no penalty shall be levied. The original equipment has to be reinstated at site after the repairs at the earliest. The total penalty per quarter shall not exceed 20% of the quarterly CAMC bill.	
2.3	PAYING AUTHORITY	
	CAMC: Airport Director, AAI Bhuj.	
3.	PROCEDURE TO BE FOLLOWED BY THE TENDERER AFTER AWARD OF WORK	
a)	Contractor, on award of work, shall contact the AAI Engineer In-Charge & sign agreement on non-judicial stamp paper of appropriate amount.	
b)	A work-schedule chart/ bar-chart indicating the time schedule for commencement of various activities of work like inspection & delivery of materials, commencement of work, completion of work, etc. required for the execution & timely completion of work shall be submitted by the tenderer to the Engineer-in charge for approval within fifteen days of the date of acceptance of the tender.	
c)	It shall be the responsibility of the contractor to adhere to this work-schedule and complete the work in the specified time. Any deviation from this schedule, for any reason, shall be brought to the notice of the Engineer-In-Charge immediately to enable the Engineer-InCharge take corrective action for achieving the timely completion of work. Failure to submit the work schedule chart within the specified time or meeting the various committed deadlines shall be treated as delay on the part of the tenderer and shall be dealt as per Conditions of Contract unless the said work is completed in the scheduled time.	
d)	The Contractor shall rectify any deficiencies encountered during the acceptance tests, at no additional cost to AAI.	
e)	Installation shall be carried out by technically well qualified and trained personnel as per the requirements of manufacturer.	
f)	Without permission of AAI, contractors shall not outsource any part of the contract to any other vendor or third-party contractor.	
g)	In no case, AAI shall be liable on behalf of contractor to any other third-party contractor/Government of India/State/Regulatory authorities.	
h)	Any liability arising out of third-party contacts by contractor or its men working at site shall be only to contractors account and shall be deducted from contractor's payments.	
4.	INABILITY TO PERFORM CONTRACT	
	Should the contractor's preparation for the commencement of the work, or any portion of it or his subsequent rate of progress, be from any cause whatsoever, so slow that in the opinion of the AAI, the contractor will be unable to complete the work or any portion thereof as agreed upon, or should he not have the work ready for delivery in conformity with the contract or should he neglect to comply with any directions given to him by the Authority, or in any respect fail to perform the contract at the end, in which case the contractor shall be liable for any expenses, loss or damage which the purchaser may incur or sustain by reason of, or in connection with the contractor's default.	

	In case of poor maintenance, AAI shall terminate the contract by giving one-month notice and PBG against Comprehensive AMC shall be forfeited. Any defects shall be rectified at contractor's risk & cost.	
5.	SERVICES TO BE PROVIDED BY CLIENT:	
	Space shall be provided for the workman to perform maintenance duties free of cost. Free electricity for CMC (comprehensive maintenance contract) related works and water shall be provided. Electric supply at 230/415 V + 10%, A.C., Single phase/3 phase, 4 wire 50 Hz, if required, for works shall be made available at one point by the Authority at the site of work. The contractor shall provide all necessary connections, cable, fittings, etc. from the main switch onwards, in order to ensure a proper and suitable supply of electricity for the execution of work. The Authority does not guarantee continuity of supply and no compensation whatsoever shall be allowed for supply becoming intermittent or for breakdown in the system.	
6.	AGREEMENT:	
	Contractor or his authorized representative, within 30 days of award of work, shall contact the AAI engineer-In-charge & sign agreement on non-judicial stamp paper of appropriate amount. These terms & conditions shall form part of the agreement. The contractor shall sign the separate agreement for the CAMC before expiry of THREE YEARS warranty & defects liability period of the system.	
7.	CORRUPT PRACTICES: The contractor shall not offer or give or agree to give to any person in the employment of AAI (the Purchaser) or working under the orders of the Purchaser any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or having done or for borne to do any act in relation to the obtaining or execution of the contract or any other contract with the purchaser or for showing or forbearing to show favor or disfavor to any person in relation to the contract or any other contract with the purchaser. Any breach of the aforesaid condition by the Contractor, or any one employed by him or acting on his behalf whether with or without the knowledge of the Contractor, or by any one employed by him or acting on his behalf shall entitle the Purchaser to cancel the Contract and all or any other Contracts with the Contractor and to recover from the Contractor the amount of any loss arising from such cancellation in accordance with the provisions of this contract	
8.	CONTRACT PERIOD: Contract shall be valid for the period of THREE years of warranty & defect liability period after completion of work and THREE years of CAMC period, after expiry of warranty.	

Declaration:

The terms and conditions given in **Section C** given in the Tender Document are read, understood and hereby accepted unconditionally and shall be complied with. I/We agree to abide by the Terms and Conditions, contained in this section of Tender Document and shall form part of contract conditions and provisions. I/We hereby unconditionally accept(s) these Terms and Conditions of AAI's tender documents in its entirety for the Gem Bid No. for the **"SITC and integration OF CCTV at bhuj airport with 3years warranty & 3 years CAMC with spares"**. 1. Commitments of the Authority;

- 1.1 The Authority undertakes that no official of the Authority, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favor or any material or immaterial benefit or any other advantage from the BIDDER, either for themselves or for any person, organization or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.
- 1.2 The Authority will, during the pre-contact stage, treat all BIDDERS alike, and will provide to all BIDDERS the same information and will not provide any such information to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.
- 1.3 All the officials of the Authority will report to the appropriate authority office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

- 2.** In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the Authority with full and verifiable facts and the same is prima facie found to be correct by the Authority, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the Authority and such a person shall be debarred from further dealings related to the contract process. In such a case while an enquiry is being conducted by the Authority the proceedings under the contract would not be stalled.

3. Commitments of Bidders/Contractor.

The Bidder/Contractor commits itself to take all measures necessary to prevent corrupt practice, unfair means and illegal activities during any stage of its bid or during any pre-contract or post contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following: -

- 3.1 The Bidder/Contractor will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favor, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Authority, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.
- 3.2(i) The Bidder/Contractor further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favor, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Authority or otherwise in procuring the Contract

SITC AND INTEGRATION OF CCTV AT BHUJ AIRPORT 3 years warranty & 3 years CAMC with spares or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Authority for showing or forbearing to show favor or disfavor to any person in relation to the contract or any other contract with the Authority.

- 3.2(ii) The Bidder /Contractor has not entered and will not enter with other bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specification, certifications, subsidiary contracts, submission or non-submission of bids or any actions to restrict competitiveness or to introduce cartelization in the bidding process.
- 3.3 The Bidder/Contractor shall, when presenting his bid, disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principals or associates.
- 3.4 The Bidder/Contractor shall when present his bid disclose any and all the payments he has made or, is committed to or intends to make to agents/brokers or any other intermediary, in connection with this bid/contract.
- 3.5 The Bidder/Contractor further confirms and declares to the Authority that the BIDDER is the original manufacturer/integrator/ authorized government sponsored export entity of the stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the Authority or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.
- 3.6 The Bidder/Contractor, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the Authority or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.
- 3.7 The Bidder/Contractor will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
- 3.8 The Bidder/Contractor will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
- 3.9 The Bidder / Contractor shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the Authority as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The Bidder / Contractor also undertakes to exercise due and adequate care lest any such information is divulged.
- 3.10 The Bidder/Contractor will inform to the Independent External Monitor.
- If he receives demand for an illegal/undue payment/benefit.
 - If he comes to know of any unethical or illegal payment/benefit.
 - If he makes any payment to any Authority's associate(s)
- 3.11 The Bidder/Contractor commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.
- 3.12 The Bidder/Contractor shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.

- 3.13 If the Bidder/Contractor or any employee of the Bidder/Contractor or any person acting on behalf of the Bidder/ Contractor, either directly or indirectly, is a relative of any of the officers of the Authority, or alternatively, if any relative of an officer of the Authority has financial interest/stake in the Bidder's/Contractor's firm, the same shall be disclosed by the Bidder/Contractor at the time filing of tender. The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act 1956.
- 3.14 The Bidder/Contractor shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the Authority.
- 3.15 That if the Bidder/ Contractor, during tender process or before the award of the contract or during execution of the contract/work has committed a transgression in violation of section 2 or in any other form such as to put his reliability or credibility as Bidder/Contractor into question, the Authority is entitled to disqualify him from the tender process or to terminate the contract for such reason and to debar the BIDDER from participating in future bidding processes.

4. Previous Transgression

- The Bidder/Contractor declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify Bidders' exclusion from the tender process.
- The Bidder/Contractor agrees that if it makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason and he may be considered for debarment for future tender/contract processes.
- That the Bidder/Contractor undertakes to get this Pact signed by the sub- contractor(s) and associate(s) whose value of the work contribution exceeds Rs 0.5 Crores. (Rupees zero point five Crores.) and to submit the same to the Authority along-with the tender document/ contract before contract signing.
- That sub-contractor(s)/ associate(s) engaged by the Contractor, with the approval of the Authority after signing of the contract, and whose value of the work contribution exceeds Rs 0.5 Crs. (Rupees Zero point five Crs.) will be required to sign this Pact by the Contractor, and the same will be submitted to the Authority before doing/ performing any act/ function by such sub-contractor(s)/ associate(s) in relation to the contract/ work.
- That the Authority will disqualify from the tender process all Bidder(s) who do not sign this Pact or violate its provisions or fails to get this Pact signed in terms of section 4.3 or 4.4 above.
- That if the Contractor(s) does/ do not sign this Pact or violate its provisions or fails to get this Pact signed in terms of Section 4.3 or 4.4 above. Authority will terminate the contract and initiate appropriate action against such Contractor(s).

5. Earnest Money, Security Deposit, Bank guarantee, Demand Draft, Pay order or any other mode and its validity i/c Warranty Period, Performance guarantee/Bond.

While submitting bid, the BIDDER shall deposit an EMD/SD/BG/PAY ORDER ETC I/C WARRANTY PERIOD, PG/BOND, VALIDITY ETC, which is as per terms and conditions and details given in NIT/ tender documents.

6. Sanctions for Violations/Disqualification from tender process and exclusion from future Contracts.

- 1) Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle the Authority to take all or any one of the following actions, wherever required:

- i) To immediately call off the pre-contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.
 - ii) To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.
 - iii) If the Authority has disqualified / debarred the Bidder from the tender process prior to the award under section 2 or 3 or 4, the Authority is entitled to forfeit the earnest money deposited/bid security.
 - iv) To recover all sums already paid by the Authority, and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from the Authority in connection with any other contract or any other stores, such outstanding payment could also be utilized to recover the aforesaid sum and interest.
 - v) To encash the advance bank guarantee and performance bond/warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the BUYER, along with interest.
 - vi) To cancel all or any other Contracts with the BIDDER. The BIDDER shall be liable to pay compensation for any loss or damage to the Authority resulting from such cancellation/rescission and the Authority shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.
 - vii) To debar the BIDDER from participating in future bidding processes for a minimum period of three years, which may be further extended at the discretion of the Authority.
 - viii) To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.
 - ix) In case where irrevocable Letters of Credit have been received in respect of any contract signed by the Authority with the BIDDER, the same shall not be opened.
 - x) Forfeiture of Performance Bond in case of a decision by the BUYER to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.
 - xi) That if the Authority have terminated the contract under section 2 or 3 or 4 or if the Authority is entitled to terminate the contract under section 2 or 3 or 4, the Authority shall be entitled to demand and recover from the contractor damages equivalent to 5% of the contract value or the amount equivalent to security deposit or performance bank guarantee, whichever is higher.
 - xii) That the Bidder / Contractor agrees and undertakes to pay the said amount without protest or demur subject only to condition that if the Bidder/Contractor can prove and establish to the satisfaction of the Authority that the disqualification / debarment of the bidder from the tender process or the termination of the contract after award of the contract has caused no damage to the Authority.
- 2) The Authority will be entitled to take all or any of the actions mentioned at para 6.1(i) to (xii) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal code, 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.

- 3) That if the Bidder/Contractor applies to the Authority for premature revocation of the debarment and proves to the satisfaction of the Authority that he has installed a suitable and effective corruption prevention system and also restored/recouped the damage, if any, caused by him, the Authority may, if thinks fit, revoke the debarment prematurely considering the facts and circumstances of the case, and the documents/evidence adduced by the Bidder/Contractor for first time default.
- 4) That a transgression is considered to have occurred if the Authority is fully satisfied with the available documents and evidence submitted along with Independent External Monitor's recommendations/suggestions that no reasonable doubt is possible in the matter.
- 5) The decision of the Authority to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent External Monitor(s) appointed for the purpose of this Pact.

3. **Allegations against Bidders/Contractors/ Sub-Contractors/ Associates:**

That if the Authority receives any information of conduct of a Bidder/ Contractor or Sub- Contractor or of an employee or a representative or an Associates of a Bidder, Contractor or Sub- Contractor which constitute corruption, or if the Authority has substantive suspicion in this regard, the Authority will inform the Vigilance Department for appropriate action.

4. **Independent External Monitor(s),**

- 4.1 That the Authority has appointed competent and credible Independent External Monitor(s) for this Pact.
- 4.2 The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact. He will also enquire into any complaint alleging transgression of any provision of this Pact made by the Bidder, Contractor or Authority.
- 4.3 That the Monitor is not subject to any instructions by the representatives of the parties and would perform his functions neutrally and independently. He will report to the Chairperson of the Board of the Authority.
- 4.4 That the Bidder / Contractor accepts that the Monitor has the right to access without restriction to all project documentation of the Authority including that provided by the Bidder/Contractor. The Bidder/Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation including minutes of meeting. The same is applicable to Sub - Contractors and Associates. The Monitor is under obligation to treat the information and documents of the Authority and Bidder/ Contractor / Sub-Contractors/ Associates with confidentiality.
- 4.5 That as soon as the Monitor notices, or believes to notice, a violation of this Pact, he will so inform the management of the Authority and request the management to discontinue or heal the violation, or to take other relevant action. The Monitor can in this regard submit his recommendations/suggestions. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.
- 4.6 That the Authority will provide to the Monitor sufficient information about all meetings among the parties related to the project provided such meetings could have an impact on the contractual relations between the Authority and the Contractor / Bidder. The parties offer to the Monitor the option to participate in such meetings.

- 4.7 That the Monitor will submit a written report to the Chairperson of the Board of the Authority within 2 weeks from the date of reference or intimation to him by the Authority and, should the occasion arise, submit proposals for correcting problematic situations.
- 4.8 That if the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India and the Chairperson has not, within reasonable time, taken visible action to proceed against such offence or reported it to the Vigilance Department, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.
- 4.9 The word 'Monitor' would include singular and plural.
5. **Facilitation of Investigation.**
In case of any allegation of violation of any provisions of this Pact or payment of commission, the Authority or its agencies shall entitle to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such Examination.
6. **Law and Place of Jurisdiction.**
That this Pact is subject to Indian Law. The place of performance jurisdiction is the Corporate Headquarter the Regional Headquarter / office of the Authority, as applicable.
7. **Other Legal Actions**
- 7.1 That the changes and supplements as well as termination notices need to be made in writing.
- 7.2 That if the Bidder / Contractor is a partnership or a consortium, this Pact must be signed by all the partners and consortium members or their authorized representatives.
8. **Pact duration (Validity)**
- 8.1 That this Pact comes into force when both the parties have signed it. It expires for the Contractor 12 months after the final payment under the respective contract, and for all other Bidders 3 months after the contract is awarded.
- 8.2 That if any claim is made / lodged during this period, the same shall be binding and continue to be valid despite the lapse of this Pact as specified herein before, unless it is discharged/determined by Chairman of the Authority.
- 8.3 That should one or several provisions of this Pact turn out to be invalid; the remainder of this Pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.
9. **Company Code of Conduct**
Bidders are also advised to have a company code of conduct (clearly rejecting the use of bribe and other unethical behavior) and a compliance program for the implementation of the code of conduct throughout the company.
10. The parties hereby sign this Integrity Pact at _____ on _____
