7. Other details can be seen in the tender documents.

	sd/- Commissioner Food, Civil Supplies and Consumer Affairs Department, Bengaluru
--	--

SECTION 2 - INSTRUCTION TO TENDERERS (ITT)

1. Introduction

1.1. Eligible Tenderers

- 1.1.1. Tenderers should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by the Purchaser to provide consulting services for the preparation of the design, specifications, and other documents to be used for the procurement of the goods to be purchased under this Invitation of Tenders.
- 1.1.2. Tenderers shall not be under a declaration of ineligibility for corrupt and fraudulent practices.
- 1.1.3. Tenderers shall comply with the "Restrictions on Public Procurements from Bidders of Certain Countries".

1.2. Cost of Tendering

- 1.2.1. The Tenderer shall bear all costs associated with the preparation and uploading of its tender, and Commissioner, Food, Civil Supplies and Consumer Affairs Department, Bengaluru, hereinafter referred to as "the Purchaser", will in no case be responsible or liable for these costs, regardless of the conduct or outcome of the tender process.

2. Tender Documents

2.1. Contents of Tender Documents

- 2.1.1. The goods required, tendering procedures and contract terms are prescribed in the tender documents. In addition to the Invitation for Tenders, the tender documents include:
 - 2.1.1.1. Instruction to Tenderers (ITT)
 - 2.1.1.2. General Conditions of Contract (GCC)
 - 2.1.1.3. Special Conditions of Contract (SCC)
 - 2.1.1.4. Schedule of Requirements with Consignee list
 - 2.1.1.5. Technical Specifications
 - 2.1.1.6. Qualification Criteria
 - 2.1.1.7. Tender Form and Price Schedules
 - 2.1.1.8. Earnest Money Deposit Form
 - 2.1.1.9. Contract Form
 - 2.1.1.10. Performance Security Form
 - 2.1.1.11. Performance Statement Form
 - 2.1.1.12. Manufacturer's Authorization Form
 - 2.1.1.13. Service Support Details in Karnataka State
- 2.1.2. The Tenderer is expected to examine all instructions, forms, terms, and specifications in the tender documents. Failure to furnish all information required by the tender documents or uploading of a tender not substantially responsive to the tender documents in every respect will be at the Tenderer's risk and may result in rejection of its tender.

2.2. Clarification of Tender Documents

- 2.2.1. A prospective Tenderer requiring any clarification of the tender documents may notify the Purchaser in writing by online queries through e-procurement portal.

The Purchaser will respond in writing to any request for clarification of the tender documents which it receives no later than last date for receiving queries through e-procurement portal prescribed by the Purchaser. Written copies of the Purchaser's response) will be published in the e-procurement portal in the form of Addendum / Corrigendum.

2.3. Amendment of Tender Documents

- 2.3.1. At any time prior to the deadline for uploading of tenders, the Purchaser may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective tenderer, modify the tender documents by amendment.
- 2.3.2. Amendments, if any as per clause 2.3 above will be notified as Addendum & Corrigendum through the e-procurement portal and the same will be binding on all prospective Tenderers.
- 2.3.3. In order to allow prospective tenderers reasonable time in which to take the amendment into account in preparing their tenders, the Purchaser, at its discretion, may extend the deadline for the uploading of tenders.

3. Preparation of Tenders

3.1. Language of Tender

- 3.1.1. The tender prepared by the Tenderer, as well as all correspondence and documents relating to the tender exchanged by the Tenderer and the Purchaser, shall be written in English language. Supporting documents and printed literature furnished by the Tenderer may be in another language provided they are accompanied by an accurate translation of the relevant passages in the English language in which case, for purposes of interpretation of the Tender, the translation shall govern.

3.2. Documents Constituting the Tender

- 3.2.1. The tender prepared by the Tenderer shall comprise the following components and shall be uploaded as follows:
- 3.2.2. Technical Bid
 - 3.2.2.1. Tender Form
 - 3.2.2.2. Earnest money deposit.
 - 3.2.2.3. Documentary evidence established in accordance with ITT Clause 3.6 that the Tenderer is eligible to tender and is qualified to perform the contract if its tender is accepted;
 - 3.2.2.4. Documentary evidence established in accordance with ITT Clause 3.7 that the goods and ancillary services to be supplied by the Tenderer are eligible goods and services and conform to the tender documents.
 - 3.2.2.5. Documentary evidence established that the Tenderer meets the qualification criteria as stated in the Tender. In case the Tenderer does not meet one of more of the qualification criteria stated in the Tender, the Tenderer shall be summarily rejected.

[The Documents uploaded should be clearly visible failing which such documents shall not be considered. The documents uploaded in general documents should be named individually.]

3.3. Tender Form

- 3.3.1. As the tender has been invited through the EProcurement portal, the Tender Form (Section 8) shall be uploaded without price.

3.4. Tender Prices

- 3.4.1. The Tenderer shall submit Unit Price in the eProcurement portal for the goods and services under the Contract. However, tenderers shall quote for the complete requirements of goods and services on a single responsibility basis, failing which such tenders will not be taken into account for evaluation and will not be considered for award.
- 3.4.2. Unit Price uploaded in the eProcurement portal shall be inclusive of the following:
 - 3.4.2.1. The unit price of the goods, quoted (ex-works, ex-factory, ex-showroom, ex-warehouse, or off-the-shelf, as applicable) including all duties and sales and other taxes already paid or payable.
 - 3.4.2.2. The cost of transportation, loading, unloading, stacking, unstacking from warehouse to warehouse and as per requirements of the Purchaser.
 - 3.4.2.3. Customs Duties, GST, other taxes, levies which will be payable on the goods and services if this Contract is awarded;
 - 3.4.2.4. The price for inland transportation, insurance and other local costs incidental to delivery of the goods and services to their final destination; and
 - 3.4.2.5. The price of other incidental services listed in **Clause 4** of the Special Conditions of Contract.
 - 3.4.2.6. Cost of pre-dispatch inspection and post-dispatch inspection attributable to the Tenderer's representatives, Tenderer's items/equipment and the Tenderer's performance of the items/equipment at the inspection site. The cost and expenditure of the 3rd party inspection agency shall be borne by the Purchaser.
 - 3.4.2.7. Packing, labeling, etc.
- 3.4.3. The Tenderer's price separation of the price components in accordance with ITT **Clause 3.4.2** above will be solely for the purpose of facilitating the comparison of tenders by the Purchaser and will not in any way limit the Purchaser's right to contract on any of the terms offered.
- 3.4.4. Prices quoted by the Tenderer shall be fixed during the Tenderer's performance of the Contract and not subject to variation on any account. A tender uploaded with an adjustable price quotation will be treated as non-responsive and rejected, pursuant to ITT **Clause 5.3**.
- 3.5. Tender Currency
 - 3.5.1. Prices shall be quoted in Indian Rupees only.
- 3.6. Documents Establishing Tenderer's Eligibility and Qualifications
 - 3.6.1. Pursuant to ITT **Clause 3.2**, the Tenderer shall furnish, as part of its tender, documents establishing the Tenderer's eligibility to tender and its qualifications to perform the Contract if its tender is accepted
 - 3.6.2. The documentary evidence of the Tenderer's qualifications to perform the Contract if its tender is accepted, shall establish to the Purchaser's satisfaction:
 - 3.6.2.1. That, in the case of a Tenderer offering to supply goods under the contract which the Tenderer did not manufacture or otherwise produce, the Tenderer has been duly authorized (as per authorization form in **Section 13**) by the goods' Manufacturer or producer to supply the goods in India.
[Note: Supplies for any particular item in each schedule of the tender should be from one manufacturer only. Tenders from agents offering supplies from different manufacturers for the same item of the schedule in the tender will be treated as non-responsive.]

- 3.6.2.2. That the Tenderer has the financial, technical, and production capability necessary to perform the Contract and meets the criteria outlined in the Qualification requirements specified in Section 7. To this end, all tenders uploaded shall include the following information:
 - 3.6.2.2.1. The legal status, place of registration and principal place of business of the company or firm or partnership, etc.
 - 3.6.2.2.2. Details of experience and past performance of the tenderer on goods and services offered and on those of similar nature in any one of the preceding three financial years and details of current contracts in hand and other commitments (suggested proforma given in Section 12);
- 3.7. Documents Establishing Goods and services' Eligibility and Conformity to Tender Documents
 - 3.7.1. Pursuant to ITT Clause 3.2, the Tenderer shall furnish, as part of its tender, documents establishing the eligibility and conformity to the tender documents of all goods and services which the tenderer proposes to supply under the contract.
 - 3.7.2. The documentary evidence of conformity of the goods and services to the tender documents may be in the form of literature, drawings and data, and shall consist of:
 - 3.7.2.1. A detailed description of the essential goods and services and performance characteristics of the goods and services.
 - 3.7.2.2. A list giving full particulars, including available sources and current prices, of spare parts, special tools, etc., necessary for the proper and continuing functioning of the goods for a period of two years, following commencement of the use of the goods by the Purchaser.
 - 3.7.2.3. An item-by-item compliance to the Purchaser's Technical Specifications demonstrating substantial responsiveness of the goods and services to those specifications or a statement of deviations and exceptions to the provisions of the Technical Specifications.
 - 3.7.2.4. Technical Literature of the quoted and compliance statement is mandatory.
 - 3.7.2.5. A confirmation that, if the tenderer offers system and/or other software developed by another company, such software operates effectively on the system offered by the tenderer; and the tenderer is willing to accept responsibility for it's successful operations
 - 3.7.2.6. A confirmation that the tenderer is either the owner of the Intellectual Property Rights in the hardware and software items offered, or it has the proper authorization and/or license from the owner to offer them. Wilful misrepresentation of these facts will lead to the cancellation of the Contract without prejudice of other remedies that the Purchaser may take.
 - 3.7.3. For purposes of the commentary to be furnished pursuant to ITT Clause 3.7.2.3 above, the Tenderer shall note that standards for workmanship, material and equipment, and references to brand names or catalogue numbers designated by the Purchaser in its Technical Specifications are intended to be descriptive only and not restrictive. The Tenderer may substitute alternative standards, brand names and/or catalogue numbers in its tender, provided that it demonstrates to the Purchaser's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.
- 3.8. Earnest Money Deposit (EMD)
 - 3.8.1. Pursuant to ITT Clause 3.2, the Tenderer shall furnish, as part of its tender, earnest money deposit as specified in Section 5 – Schedule of Requirements.

- 3.8.2. The earnest money deposit is required to protect the Purchaser against the risk of Tenderer's conduct, which would warrant the security's forfeiture, pursuant to ITT Clause 3.8.7.
- 3.8.3. The Earnest Money Deposit shall be denominated in Indian Rupees and shall be paid in the e-procurement portal using the following payment modes:
 - 3.8.3.1. Credit Card
 - 3.8.3.2. Direct Debit
 - 3.8.3.3. National Electronic Funds Transfer (NEFT)
 - 3.8.3.4. Over the Counter (OTC)
 - 3.8.3.4.1. The OTC payment facility will be available at the designated Bank and branch or any bank approved by e-Governance for making payments from the date of tender notification.
- 3.8.4. Confirmation of receipt of EMD in Government of Karnataka central pool A/C held at the Bank approved by e-procurement will be verified. If found that an acceptable EMD is not received as indicated in Clause 3.8.3 above the tender shall be rejected by the Purchaser.
- 3.8.5. Unsuccessful Tenderer's earnest money deposit will be refunded as promptly as possible as but not later than 30 days after the expiration of the period of tender validity prescribed by the Purchaser, pursuant to ITT Clause 3.9.
- 3.8.6. The successful Tenderer's earnest money deposit will be refunded upon the tenderer signing the Contract, pursuant to ITT Clause 6.6, and furnishing the performance security, pursuant to ITT Clause 6.7.
- 3.8.7. The Earnest Money Deposit may be forfeited:
 - 3.8.7.1. If a Tenderer withdraws its tender during the period of tender validity specified by the Tenderer on the Tender Form; or
 - 3.8.7.2. In case of a successful Tenderer, if the Tenderer fails:
 - 3.8.7.2.1. To sign the Contract in accordance with ITT Clause 6.7; or
 - 3.8.7.2.2. To furnish performance security in accordance with ITT Clause 6.8.
- 3.9. Period of Validity of Tenders
 - 3.9.1. Tenders shall remain valid for 180 days after the deadline for uploading of tenders prescribed by the Purchaser, pursuant to ITT Clause 4.2. A tender valid for a shorter period shall be rejected by the Purchaser as non-responsive.
 - 3.9.2. In exceptional circumstances, the Purchaser may solicit the Tenderer's consent to an extension of the period of validity. The request and the responses thereto shall be made in writing. The earnest money deposit provided under ITT Clause 3.8 shall also be suitably extended. Tenderers may refuse the request without forfeiting its earnest money deposit. Tenderers granting the request will not be required nor permitted to modify their tender.
- 3.10. Format and Signing of Tender
 - 3.10.1. The Tenderer shall upload the tender along with all the requisite documents through e-tendering system by using user ID and digital signature on Technical and Financial Bids.
 - 3.10.2. Deleted.
 - 3.10.3. Any interlineations, erasures or overwriting shall be valid only if they are initialed by the persons or persons signing the tender.

4. Submission of Tenders

- 4.1. Sealing and Marking of Tenders / Uploading

- 4.1.1. The Tenderers shall upload the Tender through eProcurement Portal only. No other mode of submission is permitted.
- 4.1.2. The Tender shall:
 - 4.1.2.1. Be addressed to the Purchaser as follows:
*The Commissioner,
Food, Civil Supplies & Consumer Affairs Department,
No. 8, Cunningham Road,
Bangalore - 560052*
 - 4.1.2.2. Bear the Project Name, the Invitation for Tenders (IFT) title and number.
- 4.1.3. In addition to the identification required in Sub Clause 4.1.2, the tenderer shall provide the name and address of the Tenderer to make any further correspondence.
- 4.1.4. The Purchaser shall assume no responsibility for tenders which could not be uploaded due to failure of network, Internet, eProcurement Portal, desktops, laptops, digital signature, etc.
- 4.1.5. Telex, cable or facsimile tenders will be rejected.
- 4.2. Deadline for uploading of Tenders
 - 4.2.1. Tenders must be uploaded by the Tenderers no later than the time and date specified in the eProcurement portal.
 - 4.2.2. The Purchaser may, at its discretion, extend this deadline for uploading of tenders by amending the tender documents in accordance with ITT Clause 2.3, in which case all rights and obligations of the Purchaser and Tenderers previously subject to the deadline will thereafter be subject to the deadline as extended.
- 4.3. Late Tenders
 - 4.3.1. Tenders cannot be uploaded by the tenderers after the deadline for uploading of tenders (on the eProcurement portal) prescribed by the Purchaser, pursuant to ITT Clause 4.2.
- 4.4. Modification and Withdrawal of Tenders
 - 4.4.1. In the "My bids" Section of the eProcurement portal, the tenderer can view the status of their bids and decrypt bid (i.e. in cases where the tenderer has chosen to encrypt the tender using his own public key) for modification or withdrawal before the due date & time for uploading.
 - 4.4.2. Deleted.
 - 4.4.3. No tender may be modified subsequent to the deadline for submission of tenders.
 - 4.4.4. No tender may be withdrawn in the interval between the deadline for submission of tenders and the expiration of the period of tender validity specified by the Tenderer on the Tender Form. Withdrawal of a tender during this interval may result in the Tenderer's forfeiture of its earnest money deposit, pursuant to ITT Clause 3.8.7.

5. Tender Opening and Evaluation of Tenders

- 5.1. Opening of Tenders by the Purchaser
 - 5.1.1. Opening of all Tenderers and evaluation to determine qualified Tenderers by the Purchaser:
 - 5.1.2. The Purchaser will open/unlock all tenderers uploaded through eProcurement Portal.
 - 5.1.3. The purchaser will verify and confirm the receipt of EMD for all tenderers who have uploaded the tenders. The Tenderers' names, the presence or absence of earnest

money deposit (amount, format and validity) the uploading of qualification information and such other details as the Purchaser, at its discretion, may consider appropriate will be verified at the opening.

- 5.1.4. The Purchaser will evaluate and determine whether each tender (a) meets the eligibility criteria defined in ITT Clause 1.1, 3.6 and 3.7.2 is accompanied by the required earnest money deposit as per stipulations in ITT Clause 3.8 and meets the qualification criteria stipulated in Section 7 and ITT Clause 3.2.2. The Purchaser will draw out a list of Qualified Tenderers.

5.2. Clarification of Tenders

- 5.2.1. During evaluation of tenders, the Purchaser may, at its discretion, ask the Tenderer for a clarification of its tender. The request for clarification and the response shall be in writing and no change in prices or substance of the tender shall be sought, offered or permitted.

5.3. Preliminary Examination

- 5.3.1. The Purchaser will examine the tenders to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the tenders are generally in order. Tenders from Tenderers, without proper Source of Purchase of Goods and services as per Section 13, shall be treated as non-responsive.
- 5.3.2. Where the Tenderer has quoted for more than one schedule, if the tender security furnished is inadequate for all the schedules, the Purchaser shall take the price tender into account only to the extent the tender is secured. For this purpose, the extent to which the tender is secured shall be determined by evaluating the requirement of tender security to be furnished for the schedule included in the tender (offer) in the serial order of the Schedule of Requirements of the Tender document.
- 5.3.3. Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If there is a discrepancy between words and figures, the lower of the two will prevail. If the supplier does not accept the correction of errors, its tender will be rejected and its EMD may be forfeited.
- 5.3.4. The Purchaser may waive any minor informality or non-conformity or irregularity in a tender which does not constitute a material deviation, provided such a waiver does not prejudice or affect the relative ranking of any Tenderer.
- 5.3.5. Prior to the detailed evaluation, pursuant to ITT Clause 5.4, the Purchaser will determine the substantial responsiveness of each tender to the tender documents. For purposes of these Clauses, a substantially responsive tender is one which conforms to all the terms and conditions of the tender documents without material deviations. Deviations from or objections or reservations to critical provisions such as those concerning Performance Security (GCC Clause 6), Shelf Life (GCC Clause 14), Force Majeure (GCC Clause 24), Limitation of liability (GCC Clause 28), Applicable law (GCC Clause 30), and Taxes & Duties (GCC Clause 32) will be deemed to be a material deviation. The Purchaser's determination of a tender's responsiveness is to be based on the contents of the tender itself without recourse to extrinsic evidence.
- 5.3.6. If a tender is not substantially responsive, it will be rejected by the Purchaser and may not subsequently be made responsive by the Tenderer by correction of the non-conformity.

5.4. Evaluation and Comparison of Tenders

- 5.4.1. The Purchaser will evaluate and compare the tenders which have been determined to be substantially responsive, pursuant to ITT Clause 5.3 for each package separately. No tender will be considered if the complete requirements covered in the package is not included in the tender. However, as stated in ITT Clause 3.4, Tenderers are allowed the option to tender for any one or more schedules.
- 5.4.2. The Purchaser's evaluation of a tender will exclude and not take into account:
 - 5.4.2.1. Deleted.
 - 5.4.2.2. Any allowance for price adjustment during the period of execution of the Contract, if provided in the tender.
- 5.4.3. The Purchaser's evaluation of a tender will take into account, in addition to the tender price (Ex-factory/ex-warehouse/off-the-shelf price of the goods offered from within India, such price to include all costs as well as duties and taxes paid or payable on goods and services, and GST) and price of incidental services, the following factors, in the manner and to the extent indicated in ITT Clause 5.4.4 and in the Technical Specifications:
 - 5.4.3.1. Cost of inland transportation, insurance and other costs within India incidental to the delivery of the goods to their final destination;
 - 5.4.3.2. Delivery schedule offered in the tender;
 - 5.4.3.3. Deleted.
 - 5.4.3.4. The availability in India of spare parts and after-sales services for the goods / equipment offered in the tender.
- 5.4.4. Pursuant to ITT Clause 5.4.3, following costs should be included in the tender price submitted by the bidder in the eProcurement portal:
 - 5.4.4.1. Inland Transportation, Insurance and Incidentals:
 - 5.4.4.1.1. Inland transportation, insurance and other incidentals for delivery of goods and services to the final destination as stated in ITT Clause 3.4.2.3.
 - 5.4.4.2. Delivery Schedule
 - 5.4.4.2.1. The Purchaser requires that the goods under the Invitation for Tenders shall be delivered at the time specified in the Schedule of Requirements. No credit will be given to earlier deliveries and tenders offering delivery beyond the stipulated delivery period will be rejected.
 - 5.4.4.3. Deleted.
 - 5.4.4.4. Spare Parts and After Sales Service Facilities in India
 - 5.4.4.4.1. The cost of establishing the minimum service facilities and parts inventories, shall be added to the tender price.
 - 5.4.4.5. Cost of three years comprehensive annual maintenance contract after 3 years warranty period
 - 5.4.4.5.1. Cost of the 3 years comprehensive annual maintenance contract after the Warranty period will be added to the tender price for each Schedule after discounting to the net present values at a discount rate of 10 percent.
- 5.5. Contacting the Purchaser
 - 5.5.1. Subject to ITT Clause 5.2, no Tenderer shall contact the Purchaser on any matter relating to its tender, from the time of the tender opening to the time the Contract is awarded. If the tenderer wishes to bring additional information to the notice of the purchaser, it should do so in writing.

- 5.5.2. Any effort by a Tenderer to influence the Purchaser in its decisions on tender evaluation, tender comparison or contract award may result in rejection of the Tenderer's tender.

6. Award of Contract

6.1. Post qualification

- 6.1.1. In the absence of prequalification, the Purchaser will determine to its satisfaction whether the Tenderer that is selected as having uploaded the lowest evaluated responsive tender meets the criteria specified in ITT **Clause 3.6.2.1** and is qualified to perform the contract satisfactorily.
- 6.1.2. The determination will take into account the Tenderer's financial, technical and production capabilities. It will be based upon an examination of the documentary evidence of the Tenderer's qualifications uploaded by the Tenderer, pursuant to ITT **Clause 3.6**, as well as such other information as the Purchaser deems necessary and appropriate.
- 6.1.3. An affirmative determination will be a prerequisite for award of the Contract to the Tenderer. A negative determination will result in rejection of the Tenderer's tender, in which event the Purchaser will proceed to the next lowest evaluated tender to make a similar determination of that Tenderer's capabilities to perform the contract satisfactorily.

6.2. Award Criteria

- 6.2.1. Subject to ITT **Clause 6.4**, the Purchaser will award the Contract to the successful Tenderer whose tender has been determined to be substantially responsive and has been determined as the lowest evaluated tender package wise, provided further that the Tenderer is determined to be qualified for the package to perform the Contract satisfactorily.
- 6.2.2. If two or more Tenderers have quoted the same L1 value for the package, the Tenderer with the highest annual turnover amount in the FY 2023-24 (AY 2024-25) shall be considered as a successful Tenderer.
- 6.2.3. If two or more Tenderers have quoted the same L1 value for the package and if more than one Tenderers have the same highest annual turnover amount in FY 2023-24 (AY 2024-25), the Tenderer with highest Networth in FY 2023-24 (AY 2024-25) shall be considered as a successful Tenderer.

6.3. Purchaser's right to vary Quantities as per KTPP

- 6.3.1. The Purchaser reserves the right at the time of Contract award to increase or decrease by up to 25 percent of the quantity of goods and services originally specified in the Schedule of Requirements without any change in unit price or other terms and conditions.

6.4. Purchaser's Right to Accept Any Tender and to Reject Any or All Tenders

- 6.4.1. The Purchaser reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected Tenderer or Tenderers.

6.5. Purchaser's Right to Accept Any Tender and to Reject Any or All Tenders

- 6.5.1. The Purchaser reserves the right to accept or reject any tender, and to annul the tendering process and reject all tenders at any time prior to contract award, without thereby incurring any liability to the affected Tenderer or Tenderers.

6.6. Notification of Award

- 6.6.1. Prior to the expiration of the period of tender validity, the Purchaser will notify the successful tenderer in writing by registered letter or by cable/telex or fax, to be confirmed in writing by registered letter, that its tender has been accepted.
- 6.6.2. The notification of award will constitute the formation of the Contract.
- 6.6.3. Upon the successful Tenderer's furnishing of performance security pursuant to ITT Clause 6.8, the Purchaser will promptly notify the name of the winning Tenderer to each unsuccessful Tenderer and will discharge its earnest money deposit, pursuant to ITT Clause 3.8.
- 6.6.4. If, after notification of award, a Tenderer wish to ascertain the grounds on which it's tender was not selected, it should address its request to the Purchaser. The Purchaser will promptly respond in writing to the unsuccessful Tenderer.
- 6.7. Signing of Contract
 - 6.7.1. At the same time as the Purchaser notifies the successful tenderer that its tender has been accepted, the Purchaser will send the Tenderer the Contract Form provided in the tender documents, incorporating all agreements between the parties.
 - 6.7.2. Within 07 working days of receipt of the Contract Form, the successful Tenderer shall sign the Contract and return it to the Purchaser.
- 6.8. Performance Security
 - 6.8.1. Within 07 working days of the receipt of notification of award from the Purchaser, the successful Tenderer shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the tender documents or in another form acceptable to the Purchaser.
 - 6.8.2. Failure of the successful Tenderer to comply with the requirement of ITT Clause 6.6 or ITT Clause 6.7.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the earnest money deposit, in which event the Purchaser will cancel the Tender and call for new tenders.
- 6.9. Corrupt or Fraudulent Practices
 - 6.9.1. The Government requires that Tenderers/ Suppliers/ Contractors observe the highest standard of ethics during the procurement and execution of Government financed contracts. In pursuance of this policy, the Government:
 - 6.9.1.1. Defines, for the purposes of this provision, the terms set forth as follows:
 - 6.9.1.1.1. "corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and
 - 6.9.1.1.2. "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Government, and includes collusive practice among Tenderers (prior to or after tender uploading) designed to establish tender prices at artificial non-competitive levels and to deprive the Government of the benefits of free and open competition;
 - 6.9.1.2. will reject a proposal for award if it determines that the Tenderer recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;
 - 6.9.1.3. will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a Government financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government-financed contract.

- 6.9.2. Furthermore, Tenderers shall be aware of the provision stated in sub-clause 4.4 and sub-clause 23.1 of the General Conditions of Contract.

SECTION 3 - GENERAL CONDITIONS OF CONTRACT (GCC)

1. Definitions

- 1.1. In this Contract, the following terms shall be interpreted as indicated:
 - 1.1.1. "The Contract" means the agreement entered into between the Purchaser and the Supplier, as recorded in the Contract Form signed by the parties, including all the attachments and appendices thereto and all documents incorporated by reference therein;
 - 1.1.2. "The Contract Price" means the price payable to the Supplier under the Contract for the full and proper performance of its contractual obligations;
 - 1.1.3. "The Goods" means goods and services and/or other materials which the Supplier is required to supply to the Purchaser under the Contract;
 - 1.1.4. "Services" means services ancillary to the supply of the Goods, such as transportation and insurance, and any other incidental services, such as installation, commissioning, provision of technical assistance, training and other obligations of the Supplier covered under the Contract;
 - 1.1.5. "GCC" mean the General Conditions of Contract contained in this section.
 - 1.1.6. "SCC" means the Special Conditions of Contract.
 - 1.1.7. "The Purchaser" means the organization purchasing the Goods, as named in SCC.
 - 1.1.8. "The Purchaser's country" is the country named in SCC.
 - 1.1.9. "The Supplier" means the individual or firm supplying the Goods and Services under this Contract.
 - 1.1.10. "The Government" means the Government of Karnataka.
 - 1.1.11. "The Project Site", where applicable, means the place or places named in SCC.
 - 1.1.12. "Day" means calendar day.

2. Application

- 2.1. These General Conditions shall apply to the extent that they are not superseded by provisions in other parts of the Contract.

3. Standards

- 3.1. The Goods supplied under this Contract shall conform to the standards mentioned in the Technical Specifications, and, when no applicable standard is mentioned, to the authoritative standard appropriate to the Goods' country of origin and such standards shall be the latest issued by the concerned institution.

4. Use of Contract Documents and Information; Inspection and Audit by the Government

- 4.1. The Supplier shall not, without the Purchaser's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing, pattern, sample or information furnished by or on behalf of the Purchaser in connection therewith, to any person other than a person employed by the Supplier in performance of the Contract. Disclosure to any such employed person shall be made in confidence and shall extend only as far as may be necessary for purposes of such performance.

- 4.2. The Supplier shall not, without the Purchaser's prior written consent, make use of any document or information enumerated in GCC Clause 4.1 except for purposes of performing the Contract.
- 4.3. Any document, other than the Contract itself, enumerated in GCC Clause 4.1 shall remain the property of the Purchaser and shall be returned (in all copies) to the Purchaser on completion of the Supplier's performance under the Contract if so required by the Purchaser.
- 4.4. The supplier shall permit the Government to inspect the Supplier's accounts and records relating to the performance of the Supplier and to have them audited by auditors appointed by the Government, if so required by the Government.

5. Patent Rights

- 5.1. The Supplier shall indemnify the Purchaser against all third-party claims of infringement of patent, trademark or industrial design rights arising from use of the Goods or any part thereof in India.

6. Performance Security

- 6.1. Within 07 working days of receipt of the notification of contract award, the Supplier shall furnish Performance Security to the Purchaser for an amount of 5% of the Contract Value, valid up to 60 days after the date of completion of performance obligations.
- 6.2. The proceeds of the performance security shall be payable to the Purchaser as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.
- 6.3. The Performance Security shall be denominated in Indian Rupees and shall be in the following form:
 - 6.3.1. An irrevocable Bank guarantee, issued by a nationalized/scheduled bank in the form provided in the tender documents; or
 - 6.3.2. A cashier's check or Banker's certified check, or crossed demand draft or pay order drawn in favour of the Purchaser; or
 - 6.3.3. Specified small savings instruments pledged to the Purchaser.
- 6.4. The Performance Security will be discharged by the Purchaser and returned to the Supplier not later than 60 days following the date of completion of the Supplier's performance obligations, including any Warranty obligations, under the Contract.
- 6.5. In the event of any contract amendment, the Supplier shall, within 07 working days of receipt of such amendment, furnish the amendment to the Performance Security, rendering the same valid for the duration of the Contract as amended for 60 days after the completion of performance obligations including Warranty obligations.
- 6.6. Failure to submit the bank guarantee for annual maintenance service in the period specified above will constitute sufficient ground for forfeiture of the performance guarantee.

7. Inspections and Tests

- 7.1. The Purchaser or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Contract specifications at no extra cost to the Purchaser. SCC and the Technical Specifications shall specify what inspections and tests the Purchaser requires and where they are to be conducted. The Purchaser shall notify the Supplier in writing in a timely manner of the identity of any representatives retained for these purposes.

- 7.2. The inspections and tests may be conducted on the premises of the Supplier, at point of delivery and/or at the Goods final destination. If conducted on the premises of the Supplier, all reasonable facilities and assistance, including access to details and premises / site / warehouse - shall be furnished to the inspectors at no charge to the Purchaser.
- 7.3. Should any inspected or tested Goods fail to conform to the specifications, the Purchaser may reject the goods and the Supplier shall either replace the rejected Goods or make alterations necessary to meet specification requirements free of cost to the Purchaser.
- 7.4. The Purchaser's right to inspect, test and, where necessary, reject the Goods after the Goods' arrival at destination shall in no way be limited or waived by reason of the Goods having previously been inspected, tested and passed by the Purchaser or its representative prior to the Goods shipment.
- 7.5. Nothing in GCC Clause 7 shall in any way release the Supplier from any performance obligations under this Contract.
- 7.6. Manuals and Drawings
 - 7.6.1. Before the goods and equipment are taken over by the Purchaser, the Supplier shall supply operation and maintenance manuals together with drawings of the goods and equipment. These shall be in such detail as will enable the Purchaser to operate, maintain, adjust and repair all parts of the equipment as stated in the specifications.
 - 7.6.2. The manuals and drawings shall be in the ruling language (English) and in such form and numbers as stated in the contract.
 - 7.6.3. Unless and otherwise agreed, the goods and equipment shall not be considered to be completed for the purpose of taking over until such manuals and drawings have been supplied to the Purchaser.
- 7.7. For the System & Other Software the following will apply:
 - 7.7.1. The Supplier shall provide complete and legal documentation of hardware, all sub-systems, operating systems, compiler, system software and the other software. The Supplier shall also provide licensed software for all software products, whether developed by it or acquired from others. The supplier shall also indemnify the purchaser against any levies/penalties on account of any default in this regard.
- 7.8. Acceptance Certificates:
 - 7.8.1. On successful completion of acceptability test, receipt of deliverables, etc., and after the purchaser is satisfied with the working of the system, the acceptance certificate signed by the supplier and the representative of the purchaser will be issued. The date on which such certificate is signed shall be deemed to be the date of successful commissioning of the systems.
 - 7.8.2. The training as per Clause 16 of Special Conditions of Contract shall be conducted on the dates mutually agreed upon and within two months from the date of acceptance of supply.

8. Packing

- 8.1. The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination as indicated in the Contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the Goods' final destination and the absence of heavy handling facilities at all points in transit.

- 8.2. The packing, marking and documentation within and outside the packages shall comply strictly with such special requirements as shall be provided for in the Contract including additional requirements, if any, specified in SCC and in any subsequent instructions ordered by the Purchaser.
- 8.3. Packing Instructions: The Supplier will be required to make separate packages for each Consignee. Each Package will be marked on three sides with proper paint/indelible ink the following:
 - 8.3.1. Project:
 - 8.3.2. Contract No. dated .../.../.....
 - 8.3.3. Suppliers Name
 - 8.3.4. Packing List Reference number

9. Delivery and Documents:

- 9.1. Delivery of the Goods shall be made as per the delivery schedule by the Supplier in accordance with the terms specified by the Purchaser in the Notification of Award. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC. The goods should be delivered, installed, demonstrated and get the working satisfactory certificate from the end users and the same shall be submitted to this office.

10. Insurance

- 10.1. The Goods supplied under the Contract shall be fully insured in Indian Rupees against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery. For delivery of goods at site, the insurance shall be obtained by the Supplier in an amount equal to 110% of the value of the goods from “warehouse to warehouse” (final destinations) on “All Risks” basis including War risks and Strikes.

11. Transportation

- 11.1. Where the Supplier is required under the Contract to transport the Goods to a specified place of destination within India defined as final destination, transport to such place of destination in India including insurance, as shall be specified in the Contract, shall be arranged by the Supplier, and the related cost shall be included in the Contract Price.

12. Incidental Services

- 12.1. The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:
 - 12.1.1. performance or supervision of the on-site assembly and/or start-up of the supplied Goods;
 - 12.1.2. furnishing of tools required for assembly and/or maintenance of the supplied Goods;
 - 12.1.3. furnishing of detailed operations and maintenance manual for each appropriate unit of supplied Goods;
 - 12.1.4. performance or supervision or maintenance and/or repair of the supplied Goods, for a period of time agreed by the parties, provided that this service shall not relieve the Supplier of any warranty obligations under this Contract; and
 - 12.1.5. training of the Purchaser's personnel, at the Supplier's plant and/or on-site, in assembly, start-up, operation, maintenance and/or repair of the supplied Goods.

- 12.2. Prices stated in the contract are inclusive of the incidental services.

13. Spare Parts

- 13.1. As specified in the SCC, the Supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the Supplier:
- 13.1.1. such spare parts as the Purchaser may elect to purchase from the Supplier, providing that this election shall not relieve the Supplier of any warranty obligations under the Contract; and
 - 13.1.2. In the event of termination of production of the spare parts:
 - 13.1.2.1. advance notification to the Purchaser of the pending termination, in sufficient time; and
 - 13.1.2.2. following such termination, furnishing at no cost to the Purchaser, the blueprints, drawings and specifications of the spare parts.
 - 13.1.2.3. prior to such termination, the Supplier shall stock inventory of sufficient quantities of spares required by the goods during the warranty.
- 13.2. The Supplier shall carry sufficient inventories to assure ex-stock supply of spares, consumables, etc. for the Goods.

14. Warranty

- 14.1. The Supplier warrants that the Goods supplied under this Contract are new, unused, of the most recent or current models and that they incorporate all recent improvements in design and materials unless provided otherwise in the Contract. The Supplier further warrants that all Goods supplied under this Contract shall have no defect arising from design, materials or workmanship (except when the design and/or material is required by the Purchaser's Specifications) or from any act or omission of the Supplier, that may develop under normal use of the supplied Goods in the conditions prevailing in the country of final destination.
- 14.2. This warranty shall remain valid for 24 x 7 x 365 operation for 3 years from the "commissioning date plus one day" after the Goods or any portion thereof as the case may be, have been "supplied, installed, configured, tested and commissioned" and accepted at the final destination indicated in the Contract. The Supplier shall, in addition, comply with the performance and/or consumption guarantees specified under the Contract. If for reasons attributable to the Supplier, these guarantees are not attained in whole or in part, the Supplier shall at its discretion either:
- 14.2.1. make such changes, modifications, and/or additions to the Goods or any part thereof as may be necessary in order to attain the contractual guarantees specified in the Contract at its own cost and expense and to carry out further performance tests in accordance with SCC4; OR
 - 14.2.2. pay penalty as per service level agreements to the Purchaser with respect to the failure to meet the contractual guarantees. The rate of these liquidated damages shall be as specified in the Tender or Technical Specifications.
- 14.3. The Purchaser shall promptly notify the Supplier in writing of any claims arising under this warranty.
- 14.4. Upon receipt of such notice, the Supplier shall, within the time period specified in the service level agreements, repair or replace the defective Goods or parts thereof, free of cost at the ultimate destination. The Supplier shall take over the replaced parts/goods at the time of their replacement. No claim whatsoever, shall lie on the Purchaser for the replaced parts/goods thereafter. In the event of any correction of defects or replacement of

- defective material during the Warranty period, the Warranty for the corrected or replaced material shall be extended to the remaining period of warranty.
- 14.5. If the Supplier, having been notified, fails to remedy the defect(s) within the period stated in the service level agreements, the Purchaser may proceed to take such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.
- 14.6. The Supplier shall guarantee a minimum of 99% uptime of the Goods.
- 14.7. If any computer system (s) gives continuous trouble, more than three times in a month during the Warranty period, the Supplier shall replace the system(s) with new system(s) without any additional cost to the Purchaser.
- 14.8. Maintenance Service:
- 14.8.1. Free maintenance services shall be provided by the Supplier during the period of warranty. After the warranty period, for next three years, a comprehensive annual maintenance contract and repairs of the entire system including supply of spares etc. will be done by the Supplier. The comprehensive annual maintenance and repair cost (after warranty period) shall be paid in equal quarterly installments at the end of each quarter from the date of completion of the warranty subject to satisfactory services rendered as specified in the bid document and the resultant contract as per the rates quoted in the price schedule.
- 14.8.2. The maximum response time for maintenance complaints from any of the destinations specified in the Schedule of Requirements (i.e., time required for supplier's maintenance engineer to report at the installation after a request call / email / letter / etc.) shall be strictly as per the service level agreement.
- 14.8.3. It is expected that the average downtime of the item (system) will be less than half the maximum downtime (i.e. defined as number of days for which an item of equipment is not usable because of inability of the supplier to repair it) as mentioned in the form of technical details. In case an item is not usable beyond the stipulated maximum downtime the supplier will be required to arrange for an immediate replacement of the same till it is repaired. Failure to arrange for the immediate repair/replacement will be liable for a penalty as per the service level agreement. The amount of penalty will be recovered from the respective Performance Security guarantee during the warranty period and comprehensive AMC period.
- 14.8.4. The Purchaser reserves the right to terminate maintenance and repairs contract, after warranty period, at any time without assigning any reasons and the Supplier cannot claim any compensation in this respect.

15. Payment

- 15.1. The method and conditions of payment to be made to the Supplier under this Contract shall be specified in the SCC. The payment will be made in Indian rupees against submission of acknowledgements, pre-dispatch inspection report, post-dispatch inspection report and stock certificates from the respective consignees.
- 15.2. The Supplier's request(s) for payment shall be made to the Purchaser in writing, accompanied by an invoice describing, as appropriate, the Goods delivered and the Services performed, and by documents, uploaded pursuant to GCC Clause 8, and upon fulfillment of other obligations stipulated in the contract.
- 15.3. Payments shall be made promptly by the Purchaser but in no case later than sixty (60) days after submission of the invoice and all necessary documentations by the Supplier.
- 15.4. The payment will be made in Indian Rupees.

16. Prices

- 16.1. Prices payable to the supplier as stated in the contract shall be firm during the performance of the contract.

17. Change Orders

- 17.1. The Purchaser may at any time, by written order given to the Supplier pursuant to GCC Clause 18, make changes within the general scope of the Contract in any one or more of the following:
- 17.1.1. Drawings, designs or specifications of Goods, where Goods to be supplied under the Contract;
 - 17.1.2. The method of shipping or packing;
 - 17.1.3. The place of delivery; and/or
 - 17.1.4. The Services to be provided by the Supplier.
- 17.2. If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or delivery schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this clause must be asserted within thirty (30) days from the date of the Supplier's receipt of the Purchaser's change order.

18. Contract Amendments

- 18.1. Subject to GCC Clause 17, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

19. Assignment

- 19.1. The Supplier shall not assign sub-contract, in whole or in part, its obligations to perform under the Contract, except with the Purchaser's prior written consent.

20. Subcontracts

- 20.1. Subcontract shall not be permitted. Sub-contracts shall be only for off-the-shelf bought out items and sub-assemblies.

21. Delays in the Supplier's Performance

- 21.1. Delivery of the Goods and performance of the Services shall be made by the Supplier in accordance with the time schedule specified by the Purchaser in the Schedule of requirements.
- 21.2. If at any time during performance of the Contract, the Supplier should encounter conditions impeding timely delivery of the Goods and performance of Services, the Supplier shall promptly notify the Purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may, at its discretion, extend the Supplier's time for performance with or without liquidated damages, in which case the extension shall be ratified by the parties by amendment of the Contract.
- 21.3. Except as provided under GCC Clause 24, a delay by the Supplier in the performance of its delivery obligations shall render the Supplier liable to the imposition of liquidated damages

pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of liquidated damages.

22. Liquidated Damages

- 22.1. Subject to GCC Clause 24, if the Supplier fails to deliver any or all of the Goods or to perform the Services within the period(s) specified in the Contract, the Purchaser shall, without prejudice to its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to 0.5% of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until actual delivery or performance, up to a maximum deduction of 10% of the Contract Price. Once the maximum is reached, the Purchaser may consider termination of the Contract pursuant to GCC Clause 23.

23. Termination for Default

- 23.1. The Purchaser shall, without prejudice to any other remedy for breach of contract, by written notice of default sent to the Supplier, terminate the Contract in whole or part:
- 23.1.1. If the Supplier fails to deliver any or all of the Goods within the period(s) specified in the Contract, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 21; or
 - 23.1.2. If the Supplier fails to perform any other obligation(s) under the Contract.
 - 23.1.3. If the Supplier, in the judgment of the Purchaser has engaged in corrupt or fraudulent practices in competing for or in executing the Contract.
 - 23.1.4. For the purpose of this Clause:
 - 23.1.4.1. "Corrupt practice" means the offering, giving, receiving or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution.
 - 23.1.4.2. "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Borrower, and includes collusive practice among Bidders (prior to or after bid uploading) designed to establish bid prices at artificial non-competitive levels and to deprive the Borrower of the benefits of free and open competition.
- 23.2. In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 23.1, the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Services similar to those undelivered, and the Supplier shall be liable to the Purchaser for any excess costs for such similar Goods or Services. However, the Supplier shall continue the performance of the Contract to the extent not terminated.

24. Force Majeure

- 24.1. Notwithstanding the provisions of GCC Clauses 21, 22, 23, the Supplier shall not be liable for forfeiture of its performance security, liquidated damages or termination for default, if and to the extent that, its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 24.2. For purposes of this Clause, "Force Majeure" means an event beyond the control of the Supplier and not involving the Supplier's fault or negligence and not foreseeable. Such events may include, but are not limited to, acts of the Purchaser either in its sovereign or contractual capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

- 24.3. If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such conditions and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

25. Termination for Insolvency

- 25.1. The Purchaser shall at any time terminate the Contract by giving written notice to the Supplier, if the Supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Purchaser.

26. Termination for Convenience

- 26.1. The Purchaser, by written notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.
- 26.2. The Goods that are complete and ready for shipment within 30 days after the Supplier's receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices. For the remaining Goods, the Purchaser may elect:
- 26.2.1. To have any portion completed and delivered at the Contract terms and prices; and/or
- 26.2.2. To cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and for materials and parts previously procured by the Supplier.

27. Settlement of Disputes

- 27.1. The Purchaser and the supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.
- 27.2. If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the Purchaser or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given.
- 27.2.1. Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the Goods under the Contract.
- 27.2.2. Arbitration proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.
- 27.2.3. All legal claims shall be at Purchaser's Jurisdiction, in Bangalore only.
- 27.3. Notwithstanding any reference to arbitration herein:
- 27.3.1. The parties shall continue to perform their respective obligations under the Contract unless they otherwise agree; and
- 27.3.2. The Purchaser shall pay the Supplier any monies due to the Supplier.

28. Limitation of Liability

- 28.1. Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to GCC **Clause 5**,
- 28.1.1. The Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser; and
- 28.1.2. The aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

29. Governing Language

- 29.1. The contract shall be written in English language. Subject to GCC **Clause 30**, English language version of the Contract shall govern its interpretation. All correspondence and other documents pertaining to the Contract which are exchanged by the parties shall be written in the same language.

30. Applicable Law

- 30.1. The Contract shall be interpreted in accordance with the laws of the Union of India and Government of Karnataka.

31. Notices

- 31.1. Any notice given by one party to the other pursuant to this Contract shall be sent to other party in writing or by post or email and confirmed in writing to the other Party's address specified in SCC.
- 31.2. A notice shall be effective when delivered or on the notice's effective date, whichever is later.

32. Taxes and Duties

- 32.1. The Suppliers shall be entirely responsible for all taxes, duties, license fees, octroi, CESS, road permits, levies, etc., incurred until delivery of the contracted Goods to the Purchaser.

SECTION 4 - SPECIAL CONDITIONS OF CONTRACT (SCC)

[The following Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, the provisions herein in Special Conditions of Contract (SCC) shall prevail over those in the General Conditions of Contract (GCC). The corresponding clause number of the General Conditions is indicated in parentheses, where applicable.]

1. Definitions (GCC Clause 1)

- 1.1. The Purchaser is Commissioner, Food, Civil Supplies & Consumer Affairs Department, Bengaluru.
- 1.2. The Supplier/System Integrator is a company or firm supplying Goods under this contract.

2. Inspection and Tests (GCC Clause 7)

- 2.1. Inspection and tests prior to shipment of Goods and at final acceptance are as follows:
 - 2.1.1. The inspection of the Goods shall be carried out to check whether the Goods are in conformity with the technical specifications attached to the contract and shall be in line with the inspection/test procedures laid down in the Technical Specifications and the General Conditions of contract. Following broad test procedure will generally be followed for inspection and testing of machine. The supplier will dispatch the goods to the ultimate consignee after internal inspection testing along with the supplier's inspection report and manufacturer's warranty certificate. The purchaser will test the equipment after completion of the installation and commissioning at the site of the installation. For site preparation, as stated in Clause 13 of S.C.C. the supplier should furnish all details to the purchaser sufficiently in advance so as to get the works completed before receipt of the equipment. Complete hardware and software as specified in Section 5 should be supplied, installed and commissioned properly by the supplier prior to commencement of performance tests.
 - 2.1.2. The acceptance test will be conducted by the purchaser/their consultant or any other person nominated by the purchaser, at its option. The acceptance will involve trouble-free operation for seven consecutive days. There shall not be any additional charges for carrying out acceptance tests. No malfunction, partial or complete failure of any part of hardware or excessive heating, etc. or bugs in the software should occur. All the software should be complete and no missing modules/sections will be allowed. The supplier shall maintain the necessary log in respect of the results of the tests to establish to the entire satisfaction of the purchaser, the successful completion of the test specified. An average uptake efficiency for 99% of the duration of the test period shall be considered as satisfactory.
 - 2.1.3. In the event of the hardware and software failing to pass the acceptance test, a period not exceeding two weeks will be given to rectify the defects and clear the acceptance test, failing which the purchaser reserves the rights to get the equipment replaced by the supplier at no extra cost to the purchaser.
- 2.2. Pre-dispatch Inspection
 - 2.2.1. Upon readiness of the goods for delivery at Supplier's site / warehouse, the Supplier shall intimate the Purchaser along with following details to initiate pre-dispatch inspection.
 - 2.2.1.1. Item / Equipment, make-model, quantity, serial numbers, site / warehouse address.

- 2.2.2. The Purchaser shall depute its staff and/or Third-party Inspection Agency to carry out Pre-dispatch Inspection.
- 2.2.3. The Purchaser shall decide on the location of the Pre-dispatch Inspection.
- 2.2.4. During the Pre-dispatch Inspection the items delivered, quantity of items delivered, serial numbers delivered, models delivered, supplier / manufacturer inspection report and any other criteria as decided by the Purchaser shall be verified.
- 2.2.5. The Supplier shall install the items after the successful completion of the Pre-dispatch Inspection.
- 2.3. Post-dispatch Inspection
 - 2.3.1. Upon completion of installation, configuration and testing of the goods at the consignee site by the Supplier, the Supplier shall intimate the Purchaser regarding the readiness of Post-dispatch Inspection.
 - 2.3.2. The Purchaser shall depute its staff and/or Third-party Inspection Agency to carry out Post-dispatch Inspection.
 - 2.3.3. The Post-dispatch Inspection shall involve
 - 2.3.3.1. Verification of trouble-free operation of the items for seven consecutive days.
 - 2.3.3.2. During the inspection there should not be any malfunction, partial or complete failure of any part of hardware or excessive heating, etc. or bugs in the system software and database.
 - 2.3.3.3. Supplier should maintain necessary log in respect of the results of the tests.
 - 2.3.3.4. An average uptake efficiency for 99% of the duration of test period shall be considered as satisfactory.
 - 2.3.4. The items shall be treated as commissioned only after the successful completion of the Post-dispatch Inspection. The certification of commissioning date by the Post-dispatch Inspection Committee shall be the start date of warranty.

3. Delivery and Documents (GCC Clause 9)

- 3.1. Upon delivery of the Goods, the supplier shall notify the purchaser and the insurance company by post / email the full details of the shipment including contract number, railway receipt number and date, description of goods, quantity, name of the consignee, etc. The supplier shall submit the documents as prescribed in the respective sections of the contract.
- 3.2. The Supplier shall submit 4 copies of invoice.

4. Incidental Services (GCC Clause 12)

- 4.1. The following services shall be furnished and the cost shall be included in the contract price:
 - 4.1.1. Performance of the on-site installation, configuration, testing and commissioning and start-up of the item/equipment.
 - 4.1.2. Furnishing the detailed operation and support manuals for each items of supply at each location.
 - 4.1.3. Training of the Purchaser's personnel at the Supplier's office or other facility, in the operation of the items, support calls, utilities and all contracted software, as specified in the Clause 16 of SCC

- 4.1.4. Maintenance and repair of the items at each location during the warranty period including supply of all spares. This shall not relieve the supplier of any warranty obligations under this contract.
- 4.1.5. Comprehensive annual maintenance, repairs of the supplied goods for a period of three years after the end of the warranty period. The bidder should indicate the spares and their costs, if any, which are not included in the maintenance contracts.
- 4.1.6. The Annual Maintenance Contract (AMC) will be comprehensive and will cover the cost of all the spare parts required for replacement/repair the computer system except consumable items like printer-bands, printer-ribbons, printer-heads, stationery etc. The AMC (comprehensive) may be on regular basis to ensure the minimum downtime of the system. In other words AMC (comprehensive) should assure 90% uptime of all computer systems/peripherals or as stated in the Server Level agreement, whichever is higher uptime.

- 4.2. The Service Level Agreement and Penalty applicable during the Warranty period and Comprehensive Maintenance Contract shall be as follows:

Sl.	Issue Type	Description	Response Time	Resolution Time	Penalty
1.	S1 (High Critical)	● Entire service is not available.	Within 1 hour from the date-time of intimation	Within 6 hours from the date-time of intimation	Rs. 10,000 for per day of delay
2.	S1-A (Critical)	● Entire State HQ service is not available.	Within 2 hours from the date-time of intimation	Within 12 hours from the date-time of intimation	Rs. 5,000 for per day of delay
3.	S1-B (Critical)	● Partial State HQ service is not available.	Within 2 hours from the date-time of intimation	Within 12 hours from the date-time of intimation	Rs. 2,000 for per day of delay
4.	S2 (Medium Critical)	● One or more locations service is not available ● One or more NVR service is not available	Within 4 hours from the date-time of intimation	Within 24 hours from the date-time of intimation	Rs. 1,000 per location for per day of delay
5.	S3 (Low Critical)	● One or more CCTV cameras service is not available	Within 8 hours from the date-time of intimation	Within 48 hours from the date-time of intimation	Rs. 100 per camera for per day of delay
6.	S4 (Low Critical)	● One or more Display service is not available at location	Within 8 hours from the date-time of intimation	Within 48 hours from the date-time of intimation	Rs. 50 per display for per day of delay

- 4.2.1. If the cumulative SLA penalty amount reaches 4% of the contract value, the Supplier shall submit additional irrevocable performance bank guarantee for an amount equivalent to 5% of the contract value valid for the remaining duration of the contract plus 60 days.
- 4.2.2. If the cumulative SLA penalty amount reaches 10% of the contract value, the Purchaser reserves the right to cancel the contract, forfeit the performance security and blacklist the System Integrator.

5. Payment (GCC Clause 15)

5.1. The payment terms shall be as follows:

- 5.1.1. For Supply, Installation, Configuration, Testing, Commissioning and 3 years Warranty
 - 5.1.1.1. 75% of contract value against completion of delivery at site and certification of the delivery by the third-party inspection agency.
 - 5.1.1.2. 25% of contract value against completion of installation, configuration, testing, commissioning and certification by the third-party inspection agency.
- 5.1.2. For Comprehensive Annual Maintenance Contract
 - 5.1.2.1. 25% of the respective year's Comprehensive Annual Maintenance Contract value at the end of each quarter after the certification of the same by competent authority or the third-party inspection agency.

6. Settlement of Disputes (Clause 27)

6.1. The dispute settlement mechanism to be applied pursuant to GCC Clause 27.2.2 shall be as follows:

- 6.1.1. In case of Dispute or difference arising between the Purchaser and a domestic supplier relating to any matter arising out of or connected with this agreement, such disputes or difference shall be settled in accordance with the Arbitration and Conciliation Act, 1996 and the Arbitration Centre - Karnataka (Domestic and International) Rules, 2012 by the ARBITRATION & CONCILIATION CENTRE, BENGALURU.
- 6.1.2. Each dispute submitted by a Party to arbitration shall be heard by a sole arbitrator or an arbitration panel composed of three arbitrators, in accordance with the following provisions:
 - 6.1.2.1. The Purchaser and the Supplier shall each appoint one arbitrator, and these two arbitrators shall jointly appoint a third arbitrator, who shall chair the arbitration panel. If the arbitrators named by the Parties do not succeed in appointing a third arbitrator within thirty (30) days after the latter of the two arbitrators named by the Parties has been appointed, the third arbitrator shall, at the request of either Party, be appointed by Karnataka High Court Arbitration Centre, Khanija Bhavan, Bengaluru.
 - 6.1.2.2. If one Party fails to appoint its arbitrator within thirty (30) days after the other Party has appointed its arbitrator, the Party which has named an arbitrator may apply to the Karnataka High Court Arbitration Centre, Khanija Bhavan, Bengaluru, to appoint a sole arbitrator for the matter in dispute, and the arbitrator appointed pursuant to such application shall be the sole arbitrator for that dispute.
- 6.1.3. Substitute Arbitrators: If for any reason an arbitrator is unable to perform his function, a substitute shall be appointed in the same manner as the original arbitrator.
- 6.1.4. Qualifications of Arbitrators: The sole arbitrator or the third arbitrator appointed pursuant to paragraphs SCC Clause 6.1.2 hereof shall be a nationally recognized legal or technical expert with extensive experience in relation to the matter in dispute.
- 6.1.5. The decision of the sole arbitrator or of a majority of the arbitrators (or of the third arbitrator if there is no such majority) shall be final and binding and shall be

enforceable in any court of competent jurisdiction, and the Parties hereby waive any objections to or claims of immunity in respect of such enforcement.

- 6.1.6. Arbitration proceedings shall be held at Bangalore, Karnataka only, and the language of the arbitration proceedings and that of all documents and communications between the parties shall be English.
- 6.1.7. The decision of the ARBITRATION & CONCILIATION CENTRE, BENGALURU shall be final and binding upon both parties. The cost and expenses of Arbitration proceedings will be paid as determined by the Arbitrator. However, the expenses incurred by each party in connection with the preparation, presentation etc. of its proceedings shall be borne by each party itself.

7. Notices (GCC Clause 31)

- 7.1. For the purpose of all notices, the following shall be the address of the Purchaser and Supplier.

- 7.1.1. Purchaser:

The Commissioner,
Food, Civil Supplies & Consumer Affairs Department,
No. 8, Cunningham Road,
Bangalore - 560052.

- 7.1.2. Supplier: (To be filled in at the time of Contract signature)

.....
.....
.....

8. Progress of Supply:

- 8.1. Supplier shall regularly intimate progress of supply, in writing, to the Purchaser as under:
 - 8.1.1. Quantity offered for inspection and date;
 - 8.1.2. Quantity accepted/rejected by inspecting agency and date;
 - 8.1.3. Quantity dispatched/delivered to consignees and date;
 - 8.1.4. Quantity where incidental services have been satisfactorily completed with date;
 - 8.1.5. Quantity where rectification/repair/replacement effected/completed on receipt of any communication from consignee/Purchaser with date;
 - 8.1.6. Date of completion of entire Contract including incidental services, if any; and
 - 8.1.7. Date of receipt of entire payments under the Contract
 - 8.1.8. (in case of stage-wise inspection, details required may also be specified).

9. Right to use defective equipment

- 9.1. If after delivery, acceptance and installation and within the guarantee and warranty period, the operation or use of the equipment proves to be unsatisfactory, the Purchase shall have the right to continue to operate or use such equipment until rectifications of defects, errors or omissions by repair or by partial or complete replacement is made without interfering with the Purchaser's operation.

10. Supplier Integrity

- 10.1. The supplier is responsible for and obliged to conduct all contracted activities in accordance with the Contract using state-of-the-art methods and economic principles and exercising all means available to achieve the performance specified in the Contract.

11. Supplier's Obligations

- 11.1. The Supplier is obliged to work closely with the Purchaser's staff, act within its own authority and abide by directives issued by the Purchaser and contractual activities.
- 11.2. The Supplier will abide by the job safety measures prevalent in India and will free the Purchaser from all demands or responsibilities arising from accidents or loss of life the cause of which is the Supplier's negligence. The Supplier will pay all indemnities arising from such incidents and will not hold the Purchaser responsible or obligated.
- 11.3. The Supplier is responsible for managing the activities of its personnel and will hold itself responsible for any misdemeanors.
- 11.4. The Supplier will treat as confidential all data and information about the Purchaser, obtained in the execution of his responsibilities, in strict confidence and will not reveal such information to any other party without the prior written approval of the Purchaser.

12. Patent Rights

- 12.1. In the event of any claim asserted by a third party of infringement of copyright, patent, trademark or industrial design rights arising from the use of the Goods or any part thereof, the supplier shall act expeditiously to extinguish such claim. If the supplier fails to comply and the Purchaser is required to pay compensation to a third party resulting from such infringement, the supplier shall be responsible for the compensation including all expenses, court costs and lawyer fees. The Purchaser will give notice to the supplier of such claim, if it is made, without delay.

13. Site Preparation

- 13.1. The Purchaser is solely responsible for the construction of the hardware sites in compliance with the technical and environmental specifications defined by the Supplier. The Purchaser will designate the installation sites before the scheduled installation date to allow the Supplier to perform a site inspection to verify the appropriateness of the sites before the installation of the hardware.
- 13.2. Within 15 days of issue of Notification of Award, the Supplier shall submit the site requirements to the Purchaser.

14. Hardware Installation

- 14.1. The Supplier is responsible for all unpacking, assemblies, wiring, installations, cabling between hardware units and connecting to power supplies. The Supplier will test all hardware operations and accomplish all adjustments necessary for successful and continuous operation of the hardware at all installation sites.

15. Hardware Maintenance

- 15.1. The Supplier will accomplish preventive and breakdown maintenance activities to ensure that all hardware execute without defect or interruption for greater than 99% uptime for

24 hours a day, 7 days a week of operation of the machine worked on a quarterly basis or as per the Service Level Agreement.

- 15.2. If any critical component of the entire configuration is out of service for more than three days, the Supplier shall immediately replace the defective unit at its own cost.
- 15.3. The Supplier will respond to a site visit and commence repair work on the equipment within 24 hours of being notified of equipment malfunction.

16. Training

- 16.1. For each hardware and software component installed, the Supplier is required to train the designated Purchaser's technical and end-user personnel to enable them to effectively operate the total system. The training schedule will be agreed to by both parties during the performance of the Contract.

17. Technical documentation

- 17.1. The Technical Documentation involving detailed instruction for operation and maintenance is to be delivered with every unit of the equipment supplied. The language of the documentation should be English.

18. Restrictions on Public Procurements from Bidders of Certain Countries

- 18.1. Any bidder from a country which shares a land with India will be eligible to bid in this tender only if the bidder is registered with the Competent Authority.
 - 18.1.1. "Bidder" (including the term 'tenderer', 'consultant' or 'service provider' in certain contexts) means any person or firm or company, including any member of a consortium or joint venture (that is an association of several persons, or firms or companies), every artificial juridical person not falling in any of the descriptions of bidders stated hereinbefore, including any agency branch or office controlled by such person, participating in a procurement process.
 - 18.1.2. "Bidder from a country which shares a land border with India" for the purpose of this Order means:-
 - 18.1.2.1. An entity incorporated, established or registered in such a country; or
 - 18.1.2.2. A subsidiary of an entity incorporated, established or registered in such a country; or
 - 18.1.2.3. An entity substantially controlled through entities incorporated, established or registered in such a country; or
 - 18.1.2.4. An entity whose beneficial owner is situated in such a country; or
 - 18.1.2.5. An Indian (or other) agent of such an entity; or
 - 18.1.2.6. A natural person who is a citizen of such a country; or
 - 18.1.2.7. A consortium or joint venture where any member of the consortium or joint venture falls under any of the above
 - 18.1.3. The beneficial owner for the purpose of above clause will be as under:
 - 18.1.3.1. In case of a company or Limited Liability Partnership, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has a controlling ownership interest or who exercises control through other means.
 - 18.1.3.2. Explanation -

- 18.1.3.2.1. “Controlling ownership interest” means ownership of or entitlement to more than twenty-five percent of shares or capital or profits of the company;
- 18.1.3.2.2. “Control” shall include the right to appoint majority of the directors or to control the management or policy decisions including by virtue of their shareholding or management rights or shareholders agreements or voting agreements;
- 18.1.3.3. In case of a partnership firm, the beneficial owner is the natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of entitlement to more than fifteen percent of capital or profits of the partnership;
- 18.1.3.4. In case of an unincorporated association or body of individuals, the beneficial owner is the natural person(s), who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than fifteen percent of the property or capital or profits of such association or body of individuals;
- 18.1.3.5. Where no natural person is identified under 18.1.1, 18.1.2 and 18.1.3 above, the beneficial owner is the relevant natural person who holds the position of senior managing official;
- 18.1.3.6. In case of a trust, the identification of beneficial owner(s) shall include identification of the author of the trust, the trustee, the beneficiaries with fifteen percent or more interest in the trust and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership.
- 18.1.4. An agent is a person employed to do any act for another, or to represent another in dealings with third person.
- 18.1.5. A certificate for having read the above clauses is required to be submitted / uploaded by the tenderer separately in the following format:
 - 18.1.5.1. *“I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India; I certify that this bidder is not from such a country or, if from such a country, has been registered with the Competent Authority. I hereby certify that this bidder fulfills all requirements in this regard and is eligible to be considered. (Where applicable, evidence of valid registration by the Competent Authority shall be attached.)”*
- 18.1.6. IN CASES WHERE SUB CONTRACTING IS PROVIDED:
 - 18.1.6.1. A certificate is required to be submitted / uploaded by the Tenderer in respect of sub contracting separately in the following format:
 - 18.1.6.1.1. *“I have read the clause regarding restrictions on procurement from a bidder of a country which shares a land border with India and on sub-contracting to contractors from such countries; I certify that this bidder is not from such a country or, if from such a country, has been registered with the Competent Authority and will not sub-contract any work to a contractor from such countries unless such contractor is registered with the Competent Authority. I hereby certify that this bidder fulfills all requirements in this regard and is eligible to be considered. [Where applicable, evidence of valid registration by the Competent Authority shall be attached.]”*
- 18.1.7. In respect of procurements wherein the Standard Tender Documents are not specifically issued by the Finance Department, the Procurement Entities are

directed to incorporate the above clauses as Eligibility Conditions and Sub Contract provisions in the concerned tender documents.

- 18.2. A bidder is permitted to procure raw material, components, sub-assemblies, etc. from the vendors from countries which shares a land border with India. Such vendors will not be required to be registered with the Competent Authority, as it is not regarded as "sub-contracting"
- 18.3. However, in case a bidder has proposed to supply finished goods procured directly/indirectly from the vendors from the countries sharing land border with India, such vendor will be required to be registered with the Competent Authority.

19. Final quantity shall be as per actual quantity consumed and certified during Post-dispatch Inspection.

- 19.1. The quantities stated in the tender document at Section 1 and Section 5 are indicative quantities only. The actual quantity shall be finalized as per the quantity consumed at the site and certified during Post-dispatch Inspection.
- 19.2. The Supplier shall proactively intimate the Purchaser regarding the variation in the quantity, to enable the Purchaser to follow due process and to issue addendum/corrigendum to the Supply Order/Contract for the variation in quantities and contract value.

SECTION 5 - SCHEDULE OF REQUIREMENTS

1. Requirements

Package	EMD (Rs.)	Annual Turnover Amount (Rs.)	Networth Amount (Rs.)	Delivery Schedule
Package A - CCTV for Wholesale Depot (WSD)	12,00,000	24,00,00,000	3,60,00,000	90 days

Sl.	Item	Indicative Quantity per Location	Number of Locations	Indicative Total Quantity	Unit
1	2	3	4	5	6
1	IP Camera Fixed (Indoor)		307	1,098	Nos.
2	IP Camera Fixed (Outdoor)		307	340	Nos.
3	PTZ Camera		307	148	Nos.
4	Camera Mounting Bracket for Wall / Pole / Ceiling / etc. for all Cameras		307	1,586	Nos.
5	Pole for Outdoor Camera	1	307	340	Nos.
6	Outdoor Enclosure Box (IP65) with Pole Mount	1	307	340	Nos.
7	Ethernet Surge Protector	1	307	340	Nos.
8	Network Video Recorder (8 Channel with Keyboard Mouse)	1	307	307	Nos.
9	Hard Disk Drive 4TB for Network Video Server	1	307	307	Nos.
10	LCD Display (19.5 inch)	1	307	307	Nos.
11	PoE Switch Managed (24 Port)	1	307	307	Nos.
12	CAT6 UTP Cable	600	307	1,84,200	Running Meters
13	CAT6 UTP Armoured Cable	1	307	307	Running Meters
14	CAT6 Jack Panel (24 Port loaded with UTP and I/O)	1	307	307	Nos.
15	CAT6 UTP Information Outlet Single Port (with British / American Face Plate and Surface Mount Box)	-	307	1	Nos.

Tender for Supply, Installation, Configuration, Testing, Commissioning and Warranty of
CCTV for Wholesale Depot (WSD)

Sl.	Item	Indicative Quantity per Location	Number of Locations	Indicative Total Quantity	Unit
1	2	3	4	5	6
16	CAT6 UTP Patch Cord (1 Meter Dual Ended)	9	307	2,763	Nos.
17	Optic Fiber Cable (6 Core Armoured)	-	300	1	Running Meters
18	Light Interface Unit (6 Port Duplex Rack Mount)	-	300	1	Nos.
19	Light Interface Unit (2 Port Duplex Din-Rail Mount)	-	300	1	Nos.
20	Media Converter (1000 Mbps)	-	300	1	Nos.
21	Fiber Duplex Patch Cord (LC to LC OS2)	-	300	1	Nos.
22	19" Wall Mount Rack (9U) with all Accessories	1	307	307	Nos.
23	PVC Pipe 1"	600	307	1,84,200	Running Meters
24	Flexible Pipe (For 1" PVC Pipe corner joint)	10	307	3,070	Running Meters
25	Flexible Pipe (For 2" PVC Pipe corner joint)	-	307	1	Running Meters
26	HDPE Pipe 3"	40	307	12,280	Running Meters
27	Soft Trenching and Closing	20	307	6,140	Meters
28	Hard Trenching and Closing	15	307	4,605	Meters
29	Drilling of hole in the wall / concrete and repacking and resurfacing hole along with conduits	1	307	307	Lumpsum
30	Line Interactive UPS (1KVA)	1	307	307	Nos.
31	Electrical Points for UPS	1	307	307	Lumpsum
32	Lightening Arrestor	1	307	307	Nos.
33	Video Management Recording and Streaming Software (VMRSS) (Perpetual Channel Licenses)	6	307	1,842	Nos.
34	Viewer for Desktop, Mobile, Tablet, LED TV, Video Wall, etc. (Unlimited Users Perpetual License)	1	1	1	Lumpsum
35	Server (VMRSS)	4	1	4	Nos.

Tender for Supply, Installation, Configuration, Testing, Commissioning and Warranty of
CCTV for Wholesale Depot (WSD)

Sl.	Item	Indicative Quantity per Location	Number of Locations	Indicative Total Quantity	Unit
1	2	3	4	5	6
36	Operating System and/or Virtualization Software for Server (VMS) (Open Academic Licenses)	4	1	4	Nos.
37	Hard Drives 16TB HS 3.5-inch 7.2K RPM NL-SAS 12Gbps or better for Server (VMRSS)	80	1	80	Nos.
38	42U Server Rack Enclosure of dimension 800 mm x 1000 mm with 2 x 31A PDU, Keyboard Tray, LHS & RHS vertical cable manager, blanking panel	1	1	1	Nos.
39	19" 16-Port CAT5 Dual Rail LCD KVM over IP Switch with Drawable LCD, Keyboard, Mouse/Trackpad	1	1	1	Nos.
40	Top of Rack Switch (48 Port)	1	1	1	Nos.
41	SFP+ Module 10G SM for Top of Rack Switch	2	1	2	Nos.
42	Online 10 KVA 1+1 Redundant Rack Mount UPS with 8 Minutes Battery Backup for Server Rack	1	1	1	Nos.
43	Interfacing with Internet Service Provider for Internet Bandwidth for establishing Internet Connectivity and ensuring Uptimes	1	308	308	Nos.
44	Technical Support Staff	1	1	36	Months
45	Comprehensive Annual Maintenance Contract for 4th Year	1	308	1	Percentage
46	Comprehensive Annual Maintenance Contract for 5th Year	1	308	1	Percentage
47	Comprehensive Annual Maintenance Contract for 6th Year	1	308	1	Percentage

Note 1 - The EMD's shall be submitted through electronic transfer on or before the due date for submission of tender, as per Tender Schedule.

2. Delivery Schedule

- 2.1. The Supplier shall supply, install, configure, test and commission within 90 days from the date of supply order.

3. Consignee Details

- 3.1. The delivery and installation site shall be at the office of Commissioner, Food, Civil Supplies and Consumer Affairs Department and Wholesale Depots at Districts/Taluks. The District

wise and Taluk wise count of Wholesale Depots is enclosed at Annexure 6 and Annexure 7 respectively.

4. Scope of Work

- 4.1. It is the responsibility of the Supplier to carry out the following activities during installation, commissioning, warranty and operations at no additional cost:
 - 4.1.1. Supply, installation, configuration, testing, commissioning and warranty.
 - 4.1.2. VLAN, NMS, MAC binding, client agents, IP Address, DHCP, LDAP, IP Address, Subnet Mask, IT Security, etc.
 - 4.1.3. Should provide 24 x 7 Helpdesk number and Online web based Ticketing system for users of the system to raise support calls.
 - 4.1.4. Configuration for viewing at Minister / Secretariat / Commissionerate / Control Room / District offices / Taluk offices / KFCSC / WSDs / etc.
 - 4.1.5. User Manuals and videos for L1 support, raising ticket, etc.
 - 4.1.6. Training to Technical Support Staff and Users.
 - 4.1.7. Interfacing and liasoning with all stakeholders, departments, etc. for internetworking, interoperability, IT Security, authentication, authorization, data entry, data configuration, Physical Security, uptimes, operations, maintenance, Internet bandwidth, etc.
 - 4.1.8. Any other activity, documentations, etc. required for the successful installation, testing, configuration, commissioning and operations of the project.

SECTION 6 - TECHNICAL SPECIFICATIONS

1. IP Camera Fixed (Indoor)

Make	<< To be provided by Tenderer >>		Model	<< To be provided by Tenderer >>	
Sl.	Technical Specification				Complied? Y/N
1.	Type	Indoor IP66 Fixed Day/Night Dome Camera			
2.	Resolution	2MP or better			
3.	Angle of View / Field of View	100 to 30 degree or better			
4.	WDR	120dB			
5.	Night Vision	IR 30mtrs, Nano Array LEDs, CDS Auto Control or better			
6.	Illumination	Black & White - 0 Lux; Colour - 0.01 Lux			
7.	Lens	2.8 - 12 mm broad lens with progressive scan CMOS / Sony, Starvis Back illuminated lens or better			
8.	Compression	H.264, H.265, MJPEG			
9.	Network and Protocols	RJ-45 (10/100Base-T), TCP/IP, ICMP, HTTP, HTTPS, FTP, DHCP, DNS, DDNS, RTP, RTSP, RTCP, NTP, SMTP. POE, ONVIF2.4, QoS, SMTP, SNMP, SSL Should support IPv4 and IPv6.			
10.	PoE	Should be PoE capable, IEEE 802.3af PoE Class 2			
11.	Power Supply	Should also support DC power input.			
12.	Video Analytics	Should have WDR, Motion detect, Camera Sabotage			
13.	Browser	Should support IE, Chrome, Safari, Firefox			
14.	Remote View	P2P QR Code, DDNS			
15.	Modes	Should have Corridor format , ROI, BLC, HDR			
16.	Alarms	Camera Tampering Alarms			
17.	Security	Access list, authentication, HTTPS, IEEE 802.1x, secure boot, cyberattack event , user access log, user account management			
18.	Local Storage	Should support SD Card of minimum 512 GB			
19.	Number of Streams	3 or more			
20.	SNR	70 dB or better			
21.	Housing	IP66 metal case IK-10 vandal resistant			

Make	<< To be provided by Tenderer >>		Model	<< To be provided by Tenderer >>	
Sl.	Technical Specification				Complied? Y/N
22.	Operating Temperature	-20 deg C to +60 deg C			
23.	Operating Humidity	5 to 95% RH or better			
24.	Certifications	- Should be BIS certified - Should be RoHS compliant			
25.	Warranty	3 years onsite warranty			

2. IP Camera Fixed (Outdoor)

Make			Model		
Sl.	Technical Specification				Complied? Y/N
1.	Type	Outdoor IP66 Fixed Day/Night Bullet Camera			
2.	Resolution	2MP or better			
3.	Angle of view / Field of view	100 to 30 degree wide angle view or better			
4.	WDR	120dB			
5.	Night Vision	IR 40mtrs, Nano Array LEDs, CDS Auto Control or better			
6.	Illumination	Black & White - 0 Lux; Colour - 0.01 Lux			
7.	Lens	2.8 - 12 mm broad lens CMOS / Sony Starvis Back illuminated lens			
8.	Compression	H.264, H.265, MJPEG			
9.	Network and Protocols	RJ-45 (10/100Base-T), TCP/IP, ICMP, HTTP, HTTPS, FTP, DHCP, DNS, DDNS, RTP, RTSP, RTCP, NTP, SMTP, POE, ONVIF2.4, QoS, SMTP, SNMP, SSL Should support IPv4 and IPv6.			
10.	PoE	Should be PoE capable, IEEE 802.3af PoE Class 2			
11.	Power Supply	Should also support DC power input.			
12.	Video Analytics	Should have WDR, Motion detect, Intrusion Detection			
13.	Browser	Should support IE, Chrome, Safari, Firefox			
14.	Remote View	P2P QR Code, DDNS			
15.	Mode	Should have Corridor format, ROI, Defog mode, BLC, HDR			
16.	Alarms	Camera Tampering Alarms			

Make		Model	
Sl.	Technical Specification		Complied? Y/N
17.	Security	Access list, authentication, HTTPS, IEEE 802.1x, secure boot, cyberattack event, user access log, user account management	
18.	Local Storage	Should support SD Card of minimum 512 GB	
19.	Number of Streams	3 or more	
20.	SNR	70 dB or better	
21.	Housing	IP66 metal case IK-10 vandal resistant	
22.	Operating Temperature	-20 deg C to +60 deg C	
23.	Operating Humidity	5 to 95% RH or better	
24.	Certifications	- Should be BIS certified - Should be RoHS compliant	
25.	Warranty	3 years onsite warranty	

3. PTZ Camera

Make		Model	
Sl.	Technical Specification		Complied? Y/N
1.	Type	Outdoor IP66 PTZ with 25x Zoom	
2.	Resolution	2MP or better	
3.	Night Vision	IR 100mtrs, Nano Array LEDs, CDS Auto Control or better	
4.	Illumination	Black & White - 0 Lux; Colour - 0.01 Lux	
5.	Lens	4.5±0.5 - 120±0.5 mm broad lens CMOS / Sony Starvis Back illuminated lens or better	
6.	Compression	H.264, H.265, MJPEG	
7.	Network and Protocols	RJ-45 (10/100Base-T), TCP/IP, ICMP, HTTP, HTTPS, FTP, DHCP, DNS, DDNS, RTP, RTSP, RTCP, NTP, SMTP. POE, ONVIF2.4, QoS, SMTP, SNMP, SSL Should support IPv4 and IPv6.	
8.	PoE	Should be PoE capable, IEEE 802.3af PoE Class 2	
9.	Power Supply	Should also support DC power input.	
10.	Video Analytics	Should have WDR, Motion detect, Intrusion Detection	

Make		Model	
Sl.	Technical Specification		Complied? Y/N
11.	Browser	Should support IE, Chrome, Safari, Firefox	
12.	Remote View	P2P QR Code, DDNS	
13.	Modes	Should have Corridor format, ROI, Defog mode, BLC, HDR	
14.	Alarms	Camera Tampering Alarms	
15.	Security	Access list, authentication, HTTPS, IEEE 802.1x, secure boot, cyberattack event, user access log, user account management	
16.	Local Storage	Should support SD Card of minimum 512 GB	
17.	Number of Streams	3 or more	
18.	SNR	70 dB or better	
19.	Housing	IP66 metal case IK-10 vandal resistant	
20.	Operating Temperature	-20 deg C to +60 deg C	
21.	Operating Humidity	5 to 95% RH or better	
22.	Certifications	- Should be BIS / CE / UL certified - Should be RoHS compliant	
23.	Warranty	3 years onsite warranty	

4. Camera Mounting Bracket for Wall / Pole / Ceiling / etc. for all Cameras

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Warranty	3 years onsite warranty	

5. Pole for Outdoor Camera

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Should be Powder coated MS IP65 Pole		
2.	Should be robust, anti-corrosive design		

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
3.	Should be designed to withstand weight of minimum 4 nos. Cameras and IP65 enclosure box		
4.	Should withstand wind speeds of 80 kms/hour or more, including mounting brackets, cameras, enclosure box, equipments inside enclosure box		
5.	Should be minimum 5 meters in height with minimum 4 meters above the ground		
6.	Should have tapered design		
7.	The cost quoted is inclusive of all hardware, materials, tools, concrete, labour, workmanship, etc. required to successfully erect the pole		
8.	3 years onsite warranty		

6. Outdoor Enclosure Box (IP65) with Pole Mount

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
1.	Should be Industrial IP65 design		
2.	Should be 5 x 5 inch or bigger		
3.	Should be made of Die-cast Aluminium alloy		
4.	Should be robust, anti-corrosive design		
5.	Should have complete system protection against water ingress		
6.	Should be of appropriate size to install ethernet surge protector, LIU, patch panel, media converter, etc.		
7.	Should be designed to eliminate humidity in the enclosure to protect electronics from corrosion, prevent build-up of hazardous gases		
8.	Should be designed to equalize pressure inside and outside the enclosure to reduce stress on the enclosure		
9.	The cost quoted is inclusive of all hardware, accessories, etc. required for the successful installation and commissioning of enclosure along with all equipments which includes, but not limited to, metal top lid, vents, RJ45 modules, RJ45 Jumper cables, IP65 cable glands, LEDs, Reset module, LED jumper cables, dust cap, N type blanking plugs, electronics adaptor plates, wall mount bracket, pole mount bracket, etc.		
10.	3 years onsite warranty		

7. Ethernet Surge Protector

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Should have passive, surge-protected RJ45 Ethernet ports (2 nos.)		
2.	Should be grounded		
3.	Should have ESD / EMP protection of Absorbing Transient Current with Response to Surge Voltage from 100V/s to 1kV/us		
4.	Should have DC Spark-Over Voltage of 90V @ 100V/s		
5.	Should have Maximum Impulse Spark-over Voltage of 700V @ 1kV/us		
6.	Should have Discharge Current of 5kA (Maximum), 0.5kA (Normal)		
7.	Should have Maximum Insulation Resistance of 1G ohm @ 50V		
8.	Should have Maximum Capacitance of 1.0 pF @ 1 MHz		
9.	Should have Data Line Protection for RJ45 10/100/1000 Ethernet ports		
10.	Should support IEEE 802.3af PoE		
11.	The cost quoted shall include all hardware, accessories, etc. required for grounding, pole mounting, wall mounting, enclosure box mounting, etc.		
12.	Operating temperature: -20 deg C to +60 deg C		
13.	Operating Humidity: 5 to 95% RH		
14.	Should have following certifications: ● Shock and Vibration ● Should be BIS certified ● Should be RoHS compliant		
15.	3 years onsite warranty		

8. Network Video Recorder (8 Channel with Keyboard Mouse)

Make		Model	
Sl.	Technical Specification		Complied? Y/N
1.	Compression	H.265 Standard	
2.	Incoming Bandwidth	160Mbps	
3.	Outgoing Bandwidth	160Mbps	
4.	Video Compression	Smart H.265, H.265, H.264	

Tender for Supply, Installation, Configuration, Testing, Commissioning and Warranty of
CCTV for Wholesale Depot (WSD)

Make		Model	
Sl.	Technical Specification		Complied? Y/N
5.	Input Resolution	8MP, 6MP, 5MP, 4MP,3MP, 1080P,960P,720P real time	
6.	Network Access	8 CH IPC Input	
7.	Output	"HDMI×1: 3840x 160/1920×1080/1280×1024/1024×768	
8.	Audio Input	1 CH IPC Audio Input	
9.	2-way Audio	RCA × 1	
10.	Audio Local Output	RCA × 1	
11.	Recording Resolution	8MP, 6MP, 5MP, 4MP,3MP, 1080P,960P,720P	
12.	Recording Frame Rate	25fps/30fps (PAL/NTSC)	
13.	Recording Bit Rate	32Kbps~8Mbps	
14.	Recording Image Quality	5 Level	
15.	Simultaneous Playback	Max 8 CH	
16.	Network Interface	RJ45 10/100/1000 Mbps × 1	
17.	Network Protocol	IPv4, IPv6, RTSP, UDP, SMTP, NTP, DDNS, DNS, HTTP, HTTPS, FTP, P2P, UPnP, NTP, DHCP, PPPoE, SnMP, ONVIF	
18.	Security	Access list, authentication, HTTPS, IEEE 802.1x, secure boot, cyberattack event, user access log, user account management	
19.	Search	Time slice / time / event / tag search	
20.	Smart Search	Highlighted color to display the camera record in a certain period of time, different colors refers to different record events	
21.	Function	Play, pause, FF, FB, digital zoom, etc	
22.	Alarm Mode	Manual, sensor, motion, exception, smart events	
23.	Alarm Input	1 CH local alarm input; supports IPC alarm input	
24.	Alarm Output	1 CH	
25.	Alarm Triggering	Record, snap, preset, e-mail, etc.	
26.	Intelligent Analytics Face	32 libraries, 5000 Face Pictures	
27.	Storage	Should support 1 no. of SATA Hard Disk Drives	
28.	Max Capacity for 1 single HDD	10T	
29.	Backup	USB based backup	

Make		Model	
Sl.	Technical Specification		Complied? Y/N
30.	Remote	Remote should be provided	
31.	USB	Should have USB 2.0 ×1, USB 3.0 × 1	
32.	Operating Temperature	-10 to +50 deg Celsius	
33.	Humidity	10 to 90%	
34.	Certification	BIS certified; RoHS compliant	
35.	Warranty	3 years onsite warranty	

9. Hard Disk Drive 4TB for Network Video Server

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Hard Disk Drive	4TB 3.5 inch 5.5K RPM SATA or better	
2.	Warranty	3 years onsite warranty	

10. LCD Display (19.5 inch)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Size-Diagonal	19.5-inches +/- 0.5-inch	
2.	Display Resolution	LCD 1920 x 1080	
3.	Refresh Rate	75 Hz	
4.	Protection	Anti-flicker, less blue light	
5.	Connectivity	HDMI and VGA	
6.	Certification	TCO 8.0 certified	
7.	Warranty	3 years onsite warranty	

11. PoE Switch Managed (24 Port)

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
1.	24 RJ-45 auto-negotiating 10/100/1000 PoE+ ports. 1 x RJ-45 Console Port		
2.	32 MB flash, 128 MB SDRAM; packet buffer size: 3 MB		
3.	Mounts in an EIA standard 19-inch rack or equipment cabinet (hardware included)		
4.	Throughput : 65 Mbps or more		
5.	Routing/Switching capacity : 88 Gbps or more		
6.	Routing table size : 30 entries (IPv4), 30 entries (IPv6) or more		
7.	MAC address table size : 16K entries or more		
8.	PoE power : 30W PoE+ or better per port; 802.3af and 802.3at		
9.	Simple Web management; Single IP management, Complete session logging, Port mirroring, SNMP Manager; IEEE 802.3 Ethernet MIB		
10.	Link Aggregation Control Protocol (LACP) allows the creation of Ethernet channelling with devices that conform to IEEE 802.3ad.		
11.	Traffic prioritization, Broadcast control supports IEEE 802.1Q Should supports strict priority queuing (SP) or weighted round robin (WRR) queuing		
12.	Should support IPv6 host, routing, ACL/QoS MLD snooping, Power over Ethernet (PoE+) provides upto 30W per port		
13.	Access control lists (ACLs) IEEE 802.1X MAC-based authentication Secure Socket Layer (SSL) Port Isolation STP BPDU port protection		
14.	SSH v2, SSL v1/v2/v3 (for WebGUI) Port Security Up to 64 MAC addresses per port/VLAN Broadcast/Multicast/Unicast Storm Control Traffic Segmentation NetBIOS/NetBEUI Filtering DHCP Server Screening ARP Spoofing Prevention BPDU Attack Protection		

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
15.	Should support standard Rapid Spanning Tree Protocol (RSTP) and Multiple Spanning Tree Protocol (MSTP). Should support up to 10 kilobyte frame size, VLAN and tagging, QoS		
16.	Address Resolution Protocol (ARP), DHCP relay		
17.	Should support up to 32 static routes and 8 virtual VLAN interfaces		
18.	Should support multiple methods (automatic, IEEE 802.3af class, LLDP-MED, or user-specified) to allocate PoE power for more efficient energy savings		
19.	Should compliant with IEEE 802.3az standard requirements to save energy during periods of low data activity		
20.	The Switch should support both Web and CLI based management.		
21.	Should be RoHS compliant		
22.	Should be BIS certified		
23.	Should be rack mounted from Day 1		
24.	3 years onsite Warranty		

12. CAT6 UTP Cable

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Cable	Unshielded Twisted Pair, Category 6, TIA / EIA 568-C.2: (UL certificate should be submitted for CMR rating) 23 AWG solid bare copper conductor, Polyethylene insulation, CMR rated jacket as per UL 1666 or IEC 60332-3, Cross- member fluted member pair separator, 4 connector channel ETL verify report for cable performance or UL listed for fire safety, -20 Deg. C to +60 Deg. C Operating temperature, Frequency tested CAT 6 UTP cable should be tested upto 600 mhz with 4 connector ETL verification, Box of 305 meters Packing, 45ns MAX. Delay Skew, 100 Ohms + /- 15 ohms for 1 to 250 MHz Impedance, Pair- to- pair and PS NEXT, ELFEXT and PSELFEXT, Return Loss, ACR and PS ACR Performance characteristics to be provided, Attenuation(dB/100m) - 32.8 MAX at 250MHz, 43.2MAX. At 400MHz, 54.8MAX. at 250 MHz	
2.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for CAT6 UTP cable, PVC / HDPE conduits, cable manager, dressing, sleeves, labeling, drilling concrete holes, termination, testing, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
		necessary and required to successfully commission the CAT6 network.	
3.	Certification	- The entire network should be certified by the OEM for 25 years guarantee on the cables, components, performance and installation integrity. - Should be RoHS compliant - Should be BIS and UL Certified	
4.	Warranty	3 years onsite warranty	

13. CAT6 UTP Armoured Cable

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Cable	Unshielded Twisted Pair, Category 6, TIA / EIA 568-C.2: 23 AWG solid bare copper conductor, Polyethylene insulation, CMR rated jacket, Cross- member fluted member pair separator, -20 Deg. C to +60 Deg. C Operating temperature, Frequency tested CAT 6 UTP cable should be tested upto 600 mhz, Box of 305 meters Packing, 45ns MAX. Delay Skew, 100 Ohms + /- 15 ohms for 1 to 250 MHz Impedance, Pair- to- pair and PS NEXT, ELFEXT and PSELFEXT, Return Loss, ACR and PS ACR Performance characteristics to be provided, Attenuation(dB/100m) - 32.8 MAX at 250MHz, 43.2MAX. At 400MHz, 54.8MAX. at 250 MHz Double Sheath (Outer – HDPE Black and Inner PE) can also be provided.	
2.	Armour	Steel Wire Armour or Steel Tape Armour between Sheath	
3.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for CAT6 UTP cable, PVC / HDPE conduits, cable manager, dressing, sleeves, labeling, drilling concrete holes, termination, testing, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are necessary and required to successfully commission the CAT6 network.	
4.	Same OEM	The OFC, all OFC associated passive components, CAT6 cables, all CAT6 associated passive components should be supplied from the same OEM.	
5.	Certification	The entire network should be certified by the OEM for 25 years guarantee on the cables, components, performance and installation integrity.	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
		- Should be RoHS compliant. - Should be BIS and UL Certified	
6.	Warranty	3 years onsite warranty	

14. CAT6 Jack Panel (24 Port loaded with UTP and I/O)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	24-port, Unshielded Twisted Pair, Category 6, TIA / EIA Modular, Unshielded Twisted pair, category 6, EIA/TIA-568-C2, The modules should be UL94 VO rated, 110 IDC Termination 180 or 90 or 45 degree Punch, allowing wires between 22 – 26 AWG sizes, Meets or Exceeds EIA/TIA-568-C.2 Category 6 connecting ICT Components specification, RJ45 (8P8C) T568A/T568B colour coding termination. Cable Guide way or support bar to guide the cable on the rear side	
2.	Certification	RoHS compliant, UL certified, BIS certified	
3.	Warranty	3 years onsite warranty	

15. CAT6 UTP Information Outlet Single Port (with British / American Face Plate and Surface Mount Box)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	UTP Jack, Durability Modular Jack 750 with mating cycles, Wire terminal 200 termination cycles, Accessories Strain relief and bend-limiting boot for cable, Approval UL or ETL or 3P. Housing Polyphenylene oxide, 94V-0 rated Wiring blocks Polycarbonate, 94V-0 rated, Jack contacts: Beryllium copper / Phosphor Bronze with thick gold and minimum thick nickel under plate, Performance Characteristics Attenuation, NEXT, PS NEXT, FEXT and Return Loss, IDC Contact: Phosphor bronze 50m" gold Faceplate 1-port with shutter, High Impact Plastic Body ABS material 86mm x 86mm with label and label covers	
2.	Certification	RoHS compliant, UL certified, BIS certified	
3.	Warranty	3 years onsite warranty	

16. CAT6 UTP Patch Cord (1 Meter Dual Ended)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	UTP, Category 6, TIA / EIA 568-C.2 Conductor 24-26 AWG stranded copper. Slim line transparent snag-less, boot to maintain bend radius, Tensile strength 50 Newton, Plug Housing Clear polycarbonate 94V-0 rate, Terminals Phosphor Bronze with gold plating, 50 micron" gold over nickel, Load bar polycarbonate, Jacket FRPVC, Insulation Flame Retardant Polyethylene, End point connector Factory standard connector	
2.	Certification	RoHS compliant, UL certified, BIS certified	
3.	Warranty	3 years onsite warranty	

17. Optic Fiber Cable (6 Core Armoured)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Cable	9/125, ITU-T 652.D Compliance Cable, Construction BELLCORE GR 20 / IEC 794-1 Attenuation @1310nm <= 0.34 dB/Km @1550nm, <= 0.22 dB/Km Coating / Cladding <= 9 microns non-circularity Zero Dispersion Slope <= 0.086 ps / sqnm-km Max (chromatic) <5.3 ps/nm- km @1270-1340 nm <3.5 ps/nm-km @1285-1330 nm <18.5 ps/nm-km @1550 nm Tensile rating 1000N Maximum resistance Crush 2000N Operating Temperature -20 Degree C to +70 Degree C, Armour Corrugated Steel tape Armour, Outer jacket LSZH or HDPE. Aramid yarn / FRP Rods (2 or more) as a strength member, Gel filled Loose Tube, minimum Installation bend radius- 200mm, Fibre Core should be Silica Glass or equivalent- Fibre Core, standard factory length and can be supplied is max 4 Kms- Length of cable drum, RoHS compliant, Core should be Silica Glass or equivalent. Length of cable drum standard factory length and can be supplied is max 4 Kms.	
2.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for OFC cable, PVC / HDPE conduits, cable manager, route marker, dressing, sleeves, splicing of OFC, testing, labeling, drilling concrete holes, termination, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are necessary and required to successfully commission the OFC backbone.	
3.	Certification	- The OFC backbone network should be certified by the OEM for 25 years guarantee on the cables, components, performance and installation integrity - Should be RoHS compliant	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
4.	Warranty	3 years onsite warranty	

18. Light Interface Unit (6 Port Duplex Rack Mount)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	6 Port Fibre management rack mount enclosures loaded with 3 Pak duplex SC/LC/ST MM/SM Adapters Plates, pigtails, splice trays & labels	
2.	Height	1U / 2U	
3.	Cable Management Rings	Management rings within the system to accommodate excess fibre cordage behind the through adapters and maintain fibre bend radius	
4.	Drawer / Sliding Style	The LIU must be of Drawer/Sliding style for easy maintenance and troubleshooting	
5.	Warranty	3 years onsite warranty	

19. Light Interface Unit (2 Port Duplex Din-Rail Mount)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	2 Port Fibre management rack mount enclosures loaded with 1 Pak duplex SC/LC/ST MM/SM Adapters Plates, pigtails, splice trays & labels	
2.	Height	NA	
3.	Cable Management Rings	Management rings within the system to accommodate excess fibre cordage behind the through adapters and maintain fibre bend radius	
4.	Drawer / Sliding Style	The LIU must be of Drawer/Sliding style for easy maintenance and troubleshooting	
5.	Warranty	3 years onsite warranty	

20. Media Converter (1000 Mbps)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	Gigabit Singlemode Fiber Media Converter 1000Base-T Copper media to 1000Base-LX fiber or vice versa	
2.	Fiber Port	1-SC type singlemode Fiber port duplex	
3.	LAN Port	1 x 10/100/1000 Mbps LAN Port with Auto MDI/MDI-X for TX port	
4.	Transmission distance	10Kilometer or above	
5.	Indicators	LED status indicators for power and network activity	
6.	Warranty	3 years onsite warranty	

21. Fiber Duplex Patch Cord (LC to LC OS2)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Optical Fiber	Corning single-mode G652D, G657A, G657B	
2.	Connector Type	SC / ST / FC / LC / MTRJ	
3.	Length	1 meter	
4.	Connector Loss	<= 0.3 dB	
5.	Strength Member	Aramid Yarn	
6.	Jacket	LSZH (Low Smoke Zero Halogen)	
7.	Operating temperature	-10 deg C to +70 deg C	
8.	Warranty	3 years onsite warranty	

22. 19" Wall Mount Rack (9U) with all Accessories

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	6U /600mmD with front glass door, lock, 6 x 5Amps with MCB and 1.5 Mtr. Feed cable and 3pin plug, shelf 255mm, 2 fans 230V 90CFM,	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
		cable manager 1U PVC Loops, ICT Components packet of 10, load carrying capacity 50Kgs	
2.	Mounting	Should be mounted using anchor bolts	
3.	Blank tray	Should be provide with a blank tray with load carrying capacity of 10 kgs	
4.	Warranty	3 years onsite warranty	

23. PVC Pipe 1"

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	PVC Pipe Wall Thickness	For 1" PVC pipe wall thickness should be minimum 1.5mm	
2.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for PVC Pipes, connectors, joints, terminators, drilling holes, concrete drilling, civil works, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are necessary and required to successfully commission the PVC Pipe.	
3.	Colour	PVC pipes used for OFC, CAT6 and Electrical should be of different colours for easy identification. Separate PVC pipes should be used for CAT6 and OFC. CAT6 and OFC should not be intermixed in the same PVC pipe.	
4.	Warranty	3 years onsite warranty	

24. Flexible Pipe (For 1" PVC Pipe corner joint)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Warranty	3 years onsite warranty	

25. Flexible Pipe (For 2" PVC Pipe corner joint)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Warranty	3 years onsite warranty	

26. HDPE Pipe 3"

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	HDPE Pipe Wall Thickness	For 3" HDPE pipe wall thickness should be minimum 6.00mm	
2.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for Pipes, connectors, joints, terminators, drilling holes, concrete drilling, civil works, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are necessary and required to successfully commission the Pipe.	
3.	Colour	Pipes used for OFC, CAT6 and Electrical should be of different colours for easy identification. Separate pipes should be used for CAT6 and OFC. CAT6 and OFC should not be intermixed in the same pipe.	
4.	Warranty	3 years onsite warranty	

27. Soft Trenching and Closing

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Trench should be of minimum 3 feet depth		
2.	Applicable to trenches on soil surface without concrete / tar surface		
3.	HDPE pipe should be laid with pull rope or tape for future runs		
4.	A layer of brick should be kept at 2 feet depth over the HDPE pipe		
5.	The trench should be closed to its original state.		
6.	3 years onsite warranty		

28. Hard Trenching and Closing

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Trench should be of minimum 3 feet depth		
2.	Applicable to trenches on concrete / tar surface		
3.	HDPE pipe should be laid with pull rope or tape for future runs		
4.	A layer of brick should be kept at 2 feet depth on HDPE pipe		
5.	The trench should be closed and resurfaced to its original state.		
6.	3 years onsite warranty		

29. Drilling of hole in the wall / concrete and repacking and resurfacing hole along with conduits

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Warranty	3 years onsite warranty	

30. Line Interactive UPS (1KVA)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Type	Line Interactive	
2.	Capacity	1000 VA	
3.	Backup duration	8 minutes with 80% load connected to UPS	
4.	Input Voltage	140 - 230 VAC or better; 50 Hz +/- 5%	
5.	Output	Simulated/stepped sine wave; 230V AC +/- 10%; 50 Hz +/- 1%	
6.	Transfer time	Less than 5 Milli second	
7.	Alarm	Mains fail, Low Battery, Overload	
8.	Compatibility	Should be compatible with input supply from Diesel Generator	
9.	Protection	Under voltage, over voltage, spike, overload, short circuit	
10.	Certification	BIS certified	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
11.	Warranty	3 years warranty including battery	

31. Electrical Points for UPS

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Scope	It is the responsibility of the supplier to supply, install, test and commission all the electrical and its related requirements (including but not limited to fire proof electrical cables, earthing, switches, sockets, MCB, MCCB, ELCB, Fuses, required civil works, etc.) which are required for the successful commission of all the IP Surveillance projects.	
2.	Wire type	All wires should be of copper wire type	
3.	Socket	5 / 13 / 15 Amp Socket as required	
4.	Rates and costs	The rate and costs quoted should be inclusive of supply, laying, installation, commissioning and warranty for PVC Pipes, connectors, joints, terminators, drilling holes, concrete drilling, workmanship, labour, and any other equipments, tools, hardware, accessories, services which are necessary and required to successfully commission the PVC Pipe.	
5.	Colour	PVC pipes used for OFC, CAT6 and Electrical should be of different colour for easy identification. Separate PVC pipes should be used for CAT6, OFC and Electrical. CAT6, OFC and Electrical should not be intermixed in the same PVC pipe.	
6.	Certification	Equipments should be BIS / ISI certified	
7.	Warranty	3 years onsite warranty	

32. Lightning Arrestor

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Scope	Should be installed on camera poles	
2.	Warranty	5 years onsite warranty	

33. Video Management Recording and Streaming Software (VMRSS) (Perpetual Channel Licenses)

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
1.	User Console: User console of the solution should have a feature of displaying all the various forms of alerts along with the video of the incident causing the alert to the users. It should allow the user to choose from a list of activity options. The various kinds of incidents and the capabilities required for the user to act upon an alert are listed below. In addition, the user should be allowed to centrally retrieve any of the video feeds as required and act on them in similar fashion to the alerts.		
2.	Should support cameras from multiple manufacturers. The bidder should submit the list of camera makes supported by the VMS.		
3.	User-friendly interfaces: Should be intuitive to use and user-friendly with minimal learning time to understand the comprehensive feature list of the solution.		
4.	Real-time alerts: Should trigger all alerts on a real-time basis as soon as the incident leading to the trigger occurs		
5.	Camera malfunction alerts: Any instance of a camera malfunction or loss of data feed is to be highlighted to the maintenance team immediately		
6.	Handling camera malfunction: Should skip a malfunctioning camera to show the image from the next camera with near-zero waiting time		
7.	Visualization of camera feeds: Should enable automatic viewing of live feeds from various cameras both sequentially as well as simultaneously over multiple screens or split screens.		
8.	False alarm analysis: Should be able to generate a periodic report on false alarms thus aiding a root cause analysis for the false alarms and help in improving the solution performance.		
9.	Uptime analysis of IP Surveillance components: Should be able to generate a periodic report on the uptime of individual IP Surveillance components.		
10.	Audit trail and log analysis: Should generate periodic reports on audit trails. Audit trails should comprehensively capture all details of individual transactions including user id, time stamps, action performed. Access to the audit trails is to be restricted to the super system administrator who should be able to generate reports on various kinds of transactions such as unauthorized login attempts etc.		
11.	Stored device configuration: The system is required to generate reports of stored device configuration. The control software is required to provide alarm and alarm log. The log shall be archived, printed and displayed using a device filter, a device group filter and/or a time window.		
12.	Leveraging other data sources: The solution should be capable to accept data sources other than video feeds such as inputs via appropriate interface etc. to identify correlations with identified alerts to build predictive capabilities.		
13.	Configuration and Setup		

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
14.	The configuration of the system should be easy without requiring any specific knowledge on a DBMS, Operating system or architectural framework		
15.	The installation of the software, in Windows, shall be done with the help of Scripts to avoid human intervention as far as possible.		
16.	Should have internal watchdog to detect and recover from the unlikely occurrence of a system lockup.		
17.	Should support Should support Windows / VM Ware / Linux operating system		
18.	Video Standards and Formats		
19.	The solution shall feature the capability of providing video processing for CIF frame sizes (320x240 for NTSC, 352x288 for PAL), with capability for 4MP or higher resolutions, including 4CIF frames.		
20.	The solution shall be capable of analyzing video from megapixel and high-definition enabled cameras and other ONVIF cameras.		
21.	Should support compression formats H.264, H.265, JPEG, MJPEG.		
22.	Audit Trails		
23.	The system shall retain/store all user activity audit records for a minimum period of 2 years.		
24.	The system shall provide an application for searching these records		
25.	The system shall provide audit record search capability based on date & time, user name, user full name, action description and IP address.		
26.	The system shall display audit records search results in a tabular structure that supports sorting, grouping and searching within results.		
27.	The system shall allow exporting the audit search results into a tabular file format (e.g. XML, XLS, etc.)		
28.	Should be perpetual on-premise license		
29.	3 years onsite warranty including patches and upgrades		

34. Viewer for Desktop, Mobile, Tablet, LED TV, Video Wall, etc. (Unlimited Users Perpetual License)

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
1.	Should support desktop, LED displays, laptops, tablets, smartphones, etc.		
2.	Should have auto and manual switching of streams based on user requirement		

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
3.	Should be able to retrieve recorded videos from local server, remote servers, selected folders for 8/16/32 channels or more		
4.	Should provide graphic time navigation UI for each camera		
5.	Should provide colour coding to indicate different recording modes like always record, record on event and record on motion.		
6.	Should provide playback of multiple display layout like 1x1, 2x2, 3x3, 4x4, etc. with actual size view, full screen, sliding time, movable timeline.		
7.	Should provide playback of digital PTZ on recorded video		
8.	Should provide playback control for next / previous sequence with user-defined time interval. Should provide forward / backward at multiple speed limits		
9.	Should provide for exporting recorded video segments to AVI / ASF file with option to select different resolution		
10.	Should not have provision to delete video recording		
11.	Should have user authentication and audit trail		
12.	Should have evident creation by exporting images / region of interest		
13.	Should have provision to print snapshot image		
14.	Should be perpetual license		
15.	3 years onsite warranty including patches and upgrades		

35. Server (VMRSS)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Processor	2x Xeon Silver 10 Core or latest	
2.	Memory	2 x 32 GB	
3.	Hard Drives	Should have minimum 24 Hard Drive Bays of 3.5-inch or more Should be populated with 2x 1TB SSD	
4.	RAID controller	12Gbps PCIe 3.0 with RAID 1, 5, 10, 50	
5.	Ethernet	2x 10G Ethernet	
6.	Certification	Should have following certifications: Windows Server 2016	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
		• VMWare • Redhat Enterprise Linux • Suse Enterprise Linux • Should be BIS certified • Should be ROHS compliant	
7.	Power supply	Should have 1+1 Redundant power supply	
8.	Fan	Should have 1+1 Redundant power fan	
9.	Power & Temperature Monitoring	Realtime power meter, graphing, thresholds, temperature monitoring and graphing, alerts & capping with historical power counters	
10.	Failure alert	Should provide predictive failure monitoring and proactive alerts of actual or impending component failure for fan, power-supply, memory, CPU, RAID, NIC, HDD, etc.	
11.	Configuration & Management	• Realtime hardware performance monitoring & alerts • Agent-free monitoring, driver updates and configuration, power monitoring & capping, RAID management, external storage management, monitoring of FC, HBS, & CNA & system health • Hardware & firmware inventory • Auto configuration and auto deploy baseline server configuration profile • Automated software configuration and operating system deployment to multiple servers • Repository manager and self-updating firmware system • Virtual I/O management / stateless computing • HTML5 support for virtual console & virtual media without using Java or ActiveX plugins	
12.	Security	• Cyber resilient architecture for a hardened server design to protect, detect, recover from cyber attacks • Should protect against firmware which executes before the OS boots • Should provide protection, detection and recovery using hardware root of trust, signed firmware updates, secure default passwords, configuration and firmware drift detection, persistent event logging including user activity, secure alerting, automatic BIOS recovery, rapid OS recovery, system erase • Configuration updates should be only with cryptographically signed firmware and software	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
		- Should have system lockdown to prevent change/drift in system firmware images and prevent malicious modification of server firmware. - Intrusion alert if chassis is being opened	
13.	Size	Should be 4U or less	
14.	Rack Mount	The cost quoted shall be inclusive of all hardware, tools, accessories, etc. required to successfully mount the system in the rack.	
15.	Application	Should be configured as Video Management System, Recording, Streaming server	
16.	Accessories	The cost quoted shall be inclusive of all hardware, tools, accessories, power cords, etc. required to successfully configure and commission the system along with the LAN.	
17.	Warranty	3 years onsite warranty	

36. Operating System and/or Virtualization Software for Server (VMS) (Open Academic Licenses)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Bidder should quote, supply install, configure, test, commission and maintain on-premise, without restriction versions of operating system, virtualization software, databases, or any other software and tools which are necessary and required for the successful operations of Video Management, Virtualization, Database, Viewer, etc.		
2.	Bidder should appropriately size and submit the details of operating system, virtualization software, databases, etc. along with number of licenses and justification		
3.	Should be perpetual license		
4.	3 years onsite warranty		

37. Hard Drives 16TB HS 3.5-inch 7.2K RPM NL-SAS 12Gbps or better for Server (VMRSS)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	3 years onsite warranty		

38. 42U Server Rack Enclosure of dimension 800 mm x 1000 mm with 2 x 31A PDU, Keyboard Tray, LHS & RHS vertical cable manager, blanking panel

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	3 years onsite warranty		

39. 19" 16-Port CAT5 Dual Rail LCD KVM over IP Switch with Drawable LCD, Keyboard, Mouse/Trackpad

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Should be rack mountable and should be provided with all accessories, hardware, software, licenses, etc. required to successfully commission in the server rack.		
2.	3 years onsite warranty		

40. Top of Rack Switch (48 Port)

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	48 x 10/100/1000 BaseT (Non-POE) and 4 x 10G SFP+ uplinks		
	Switch Architecture		
2.	The proposed switch should have switching bandwidth of 176 Gbps or more		
3.	The proposed switch should have forwarding bandwidth of 107 Mpps or more		
4.	The proposed switch should have support for multiple switches to be managed with a single IP		

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
5.	The Switch should have DRAM of 512 MB		
6.	The Switch should have 1000 VLANs or above & should support 4000 VLAN ID's		
7.	The Switch should have IPv4 MAC security ACEs:384		
8.	The Switch should have Maximum transmission unit (MTU):9198bytes		
9.	The Switch should have Unicast MAC addresses:4000 minimum		
10.	The Switch should have Redundant Power Supply		
	Interfaces:		
11.	The Switch should have 48 x 10/100/1000 BaseT ports		
12.	The Switch should have 4 x 1/10 GB Ethernet Optical (at 1310/1550 nm) Small Form-Factor Pluggable (SFP) Ports		
13.	The switch should support hot swappable module to enable true stacking with all switches in a stack acting as a single unit achieved either using dedicated stacking ports or using onboard SFP+ ports. All modules, connectors, hardware, etc. required for stacking should be provided from Day 1.		
14.	The Switch should simplify the QoS configuration with issuing interface and global switch commands to detect IP phones, classify traffic, and help enable egress queue configuration		
15.	The Switch should also support the link redundancy with convergence time less than 100 ms for the stack links		
16.	The Switch should support Per-VLAN Rapid Spanning Tree (PVRST) (or equivalent) allows rapid spanning-tree re-convergence on a per-VLAN spanning-tree basis, without requiring the implementation of spanning-tree instances. The Spanning tree deployment should be inter-operable with PVRST		
17.	The Switch should automatically attempts to reactivate a link that is disabled because of a network error.		
	General		
18.	Stacking Master configuration management is needed to ensure that all switches are automatically upgraded when the master switch receives a new software version. Automatic software version checking and updating help ensure that all stack members have the same software version		
19.	The Switch should support Dynamic Host Configuration Protocol (DHCP) auto configuration of multiple switches through a boot server		
20.	The Switch should support Auto-negotiation on all ports automatically selects half- or full-duplex transmission mode to optimize bandwidth.		

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
21.	The Switch should support Dynamic Trunking Protocol (DTP) or Generic VLAN Registration Protocol (GVRP) or GARP VLAN Registration Protocol (GVRP) or equivalent facilitates dynamic trunk configuration across all switch ports. The deployment should be inter-operable with DTP		
22.	Link Aggregation Control Protocol (LACP) allows the creation of Ethernet channelling with devices that conform to IEEE 802.3ad.		
23.	The Switch should support Internet Group Management Protocol (IGMP) Snooping for IPv4 and IPv6 MLD v1 and v2		
24.	The switch should support Multiple VLAN Registration Protocol (MVRP)		
25.	The Switch should support Per-port broadcast, multicast, and Unicast storm		
26.	The Switch should support Voice VLAN, Dynamic VLANs,		
27.	The Switch should support Remote Switch Port Analyzer (RSPAN)		
28.	The Switch should support four RMON groups (history, statistics, alarms, and events).		
29.	The Switch should support Layer 2 trace route, Ping		
30.	The Switch should support Trivial File Transfer Protocol (TFTP), NTP,		
	Switch Software should have the following mandatory Security Features		
31.	The Switch should support limit the number of learned MAC addresses to deny MAC address flooding on each I2 ports		
32.	The Switch should support prevent malicious users from spoofing a DHCP server and sending out bogus addresses.		
33.	The Switch should support prevent malicious users from exploiting the insecure nature of the ARP protocol.		
34.	The Switch should support prevent a malicious user from spoofing or taking over another user's IP address		
35.	The Switch should support restrict traffic between hosts in a common segment by segregating traffic at Layer 2, turning a broadcast segment into a non-broadcast multi-access like segment.		
36.	The Switch should support IP phone and a PC to authenticate on the same switch port while placing them on appropriate voice and data VLAN.		
37.	The Switch should have Port-based ACLs		
38.	The Switch should support Secure Shell (SSH) Protocol, Kerberos, and Simple Network Management Protocol Version 3 (SNMPv3)		
39.	The Switch should support for Switched Port Analyzer (SPAN)		

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
40.	The Switch should support for centralized control of the switch and restricts unauthorized users from altering the configuration.		
41.	The Switch should support Address Notification		
42.	The Switch should support Multilevel security on console access. Should support standard console port and/or USB based console port.		
43.	The Switch should support multiple authentication mechanisms including 802.1X, MAC Authentication Bypass and web authentication using a single, consistent configuration		
44.	The switch should support IPv6 First Hop Security - Route Advertisement Guard & DHCPv6 Guard		
	Quality of Service Support		
45.	The Switch should support up to 64 aggregate or individual policies are available per Fast Ethernet or GbE port or 1000 ACLs per switch		
46.	The Switch should support Four egress queues per port		
47.	The Switch should support for switch ports to ensure proper marking on a per-packet basis		
	Authentication & Security		
48.	The switch should support 802.1x Authentication		
49.	The switch should support MAC Authentication Bypass – Employers which do not support 802.1x Supplicant		
50.	The switch should support Web Authentication - used for Guest users		
51.	The switch should support VLAN Assignment – dynamically assign VLAN assigned based on the Employer role.		
52.	The switch should support URL Redirect – redirect all the http access to predefined URL.		
53.	The switch should support Change of Authorization – Any change in access policy can be pushed to all the Employers dynamically from Profile server, the Employers need not re-authenticate to get the new access policies.		
54.	The switch should support Device Profiling /Sensor – Automatically recognized the type of IP devices like PC, IP Phone, IP Camera, printer getting connected to the network and apply access policies based on the device type.		
55.	The switch should support Device Posture - Provides the ability to create policies that checks for the latest OS patch, antivirus and antispymware software packages on the PC Employers. Policy Server also supports auto-remediation of PC Employers as well as periodic reassessment to make sure the endpoint is not in violation of company policies.		

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
56.	The switch should support Device on boarding – Provides self-service portal to register all types of devices, as well as make use of automatic supplicant provisioning and certificate enrolment for standard PC and mobile computing platforms. This means fewer cases for IT staff and helpdesk personnel, more secure access, and a seamless user experience.		
57.	The switch should support Guest management - Guest users can access the network for a limited time, either through administrator sponsorship or by self-signing via a guest portal.		
58.	The switch should support Endpoint protection - Allows administrators to quickly take corrective action (Quarantine, Un-Quarantine, or Shutdown) on risk-compromised endpoints within the network. This helps to reduce risk and increase security in the network.		
59.	The switch should support hat swappable module to enable true stacking with all switches in a stack acting as a single unit or onboard SFP / SFP + ports for stacking” or equivalent module		
60.	Gig Port - Mirroring Mode / switches should support port mirroring or equivalent		
61.	The switch should have the capability to support application visibility tools to monitor Netflow / Sflow to provide real-time information about traffic flows from endpoints.		
62.	The switch should support IP Source Guard, Port Security and Dynamic ARP Inspection.		
63.	The Switch should support both Web and CLI based management.		
64.	Should be RoHS compliant		
65.	3 years onsite Warranty		

41. SFP+ Module 10G SM for Top of Rack Switch

Make		Model	
Sl.	Technical Specification	Complied? [Yes /No]	
1.	Should have Centre Wavelength range of 1260 to 1355nm; 1310nm nominal or better		
2.	Should support distance of up to 10KM		
3.	Should have Link Optical power budget or 9.4 db or better		
4.	Should have Maximum transmitter and dispersion penalty of 4 db at 10Km or better		
5.	Should have operating Temperature range of 0 deg C to 70 deg C		
6.	3 years onsite Warranty		

42. Online 10 KVA 1+1 Redundant Rack Mount UPS with 8 Minutes Battery Backup for Server Rack

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Power and battery backup	10 KVA 1+1 UPS with minimum 10 minutes battery backup	
2.	Output power factor	0.9 to Unity	
3.	UPS type	Should be true double conversion	
4.	Input voltage	220 V / 230 V / 240 V	
5.	Input voltage Range	140 – 280 VAC	
6.	Input distortion THDi	< 3% at 100 %	
7.	Input frequency	40–70 Hz or better	
8.	Input power factor	0.99 at 100% load	
9.	Output voltage	220 v / 230 V	
10.	Output Voltage distortion (linear load)	< 1.5%	
11.	Output frequency	50 Hz	
12.	Crest factor	3:1	
13.	Overload capacity	125% for 1 minutes 150% for 0.5 minute	
14.	Overall efficiency	> 95%	
15.	Battery backup time	Minimum 8 minutes	
16.	Battery type	SMF VRLA	
17.	Battery configuration	Individual batter bank for each UPS or better	
18.	Battery cabinet	MS cabinet designed to occupy minimum floor space	
19.	Indicators	LED indicators and Alarms	
20.	Port	USB 2.0, RS232, SNMP	

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
21.	DG	Should integrate with Diesel Generator available at site	
22.	Certification	Should be CPRI or ETDC or NABL or CE certified	
23.	Warranty	3 years onsite warranty	

43. Interfacing with Internet Service Provider for Internet Bandwidth for establishing Internet Connectivity and ensuring Uptimes

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Should be fiber broadband Internet bandwidth.		

44. Technical Support Staff

Make		Model	
Sl.	Technical Specification		Complied? [Yes /No]
1.	Experience	- Should have minimum 3 years of total experience - Should have minimum 2 years of experience in implementation and/or technical support of IT systems	
2.	Educational qualification	Should be B.E. / B.Tech. / MCA / BCA / B.Sc. (CS)	
3.	Roles and Responsibility	Will be responsible for technical support services, user training, handholding, reporting, documentation, any other tasks related to the various IT systems of the Purchaser, including but not limited to this tender.	

SECTION 7 - QUALIFICATION CRITERIA

(Referred to in ITT Clause 3.6.2.2)

Sl.	Qualification Criteria	Documentary Proof to be submitted by Tenderer
1.	Tenderer should be a Company or Firm registered in India. (Joint ventures or Consortium are not allowed)	• GST Registration (in case of Firms). • Certificate of Incorporation (in case of Company).
2.	Tenderer should have been in existence for a period of at least ten years.	• Certificate of Incorporation / Partnership Registration / PAN.
3.	Tenderer should be registered with Commercial Tax department and should have filed latest GST Returns.	• GST Registration. • Latest GST returns for the month of Dec-2023 or latest.
4.	Tenderer should have PAN and should have filed Income Tax Returns for the preceding three financial years.	• Copy of PAN. • Income Tax Returns for the preceding 3 financial years, i.e., FY 2021-22 (AY 2022-23), FY 2022-23 (AY 2023-24) and FY 2023-24 (AY 2024-25).
5.	Tenderer should meet the minimum Annual turnover requirement, stated in the Section 1 - IFT , in any three financial years out of the last five financial years, i.e., FY 2019-20 (AY 2020-21), FY 2020-21 (AY 2021-22), FY 2021-22 (AY 2022-23), FY 2022-23 (AY 2023-24) and FY 2023-24 (AY 2024-25).	• Annual Turnover and Networth Statement certified by Chartered Accountant as per format at Annexure I. • Audited Balance Sheet for the preceding 5 financial years i.e., FY 2019-20 (AY 2020-21), FY 2020-21 (AY 2021-22), FY 2021-22 (AY 2022-23), FY 2022-23 (AY 2023-24) and FY 2023-24 (AY 2024-25) duly certified by Chartered Accountant. • Audited Profit & Loss Statement for the preceding 5 financial years i.e., FY 2019-20 (AY 2020-21), FY 2020-21 (AY 2021-22), FY 2021-22 (AY 2022-23), FY 2022-23 (AY 2023-24) and FY 2023-24 (AY 2024-25) duly certified by Chartered Accountant.
6.	Tenderer should meet the minimum Networth requirement in the financial year FY 2023-24 (AY 2024-25) as mentioned in Section 1 - IFT .	• Annual Turnover and Networth Statement certified by Chartered Accountant as per format at Annexure I.
7.	If the Tenderer is an Authorized Supplier of 1) IP Camera Fixed (Indoor)	• Manufacturer Authorization Form as per format enclosed in Section 13.

Sl.	Qualification Criteria	Documentary Proof to be submitted by Tenderer
	2) IP Camera Fixed (Outdoor) 3) PTZ Camera 4) Ethernet Surge Protector 5) Network Video Recorder (8 Channel with Keyboard Mouse) 6) Hard Disk Drive 4TB for Network Video Server 7) PoE Switch Managed (24 Port) 8) LAN Components 9) Line Interactive UPS (1KVA) 10) Video Management Recording and Streaming Software (VMRSS) (Perpetual Channel Licenses) 11) Viewer for Desktop, Mobile, Tablet, LED TV, Video Wall, etc. (Unlimited Users Perpetual License) 12) Server (VMRSS) 13) Hard Drives 16TB HS 3.5-inch 7.2K RPM NL-SAS 12Gbps or better for Server (VMRSS) 14) 19" 16-Port CAT5 Dual Rail LCD KVM over IP Switch with Drawable LCD, Keyboard, Mouse/Trackpad 15) Online 10 KVA 1+1 Redundant Rack Mount UPS with 8 Minutes Battery Backup for Server Rack the Tender should submit a Manufacturer Authorization Form (MAF) from the respective manufacturer/OEM of the items. The manufacturer can issue Manufacturer Authorization Form to one or more Authorized Suppliers for this IFT. The Authorized Supplier should associate with only one manufacturer for an item / equipment. In case Tenderer submits Manufacturer Authorization Form from two or more manufacturers for the same item, such bids shall be summarily rejected.	
8.	Manufacturer Performance – Manufacturer should have manufactured and supplied similar to the type up to at least 100% of the quantity required in Central Government / State Government / Public Sector Undertaking, during the preceding three financial years for the following items 1) IP Camera Fixed (Indoor)	16) Manufacturer's Performance Statement as per format at Section 12. 17) Copy of Supply Order / Purchase Order / Invoice for Authorized Suppliers performance.

Sl.	Qualification Criteria	Documentary Proof to be submitted by Tenderer
	2) IP Camera Fixed (Outdoor) 3) PTZ Camera 4) Ethernet Surge Protector 5) Network Video Recorder (8 Channel with Keyboard Mouse) 6) Hard Disk Drive 4TB for Network Video Server 7) PoE Switch Managed (24 Port) 8) LAN Components 9) Line Interactive UPS (1KVA) 10) Video Management Recording and Streaming Software (VMRSS) (Perpetual Channel Licenses) 11) Viewer for Desktop, Mobile, Tablet, LED TV, Video Wall, etc. (Unlimited Users Perpetual License) 12) Server (VMRSS) 13) Hard Drives 16TB HS 3.5-inch 7.2K RPM NL-SAS 12Gbps or better for Server (VMRSS) 14) 19" 16-Port CAT5 Dual Rail LCD KVM over IP Switch with Drawable LCD, Keyboard, Mouse/Trackpad 15) Online 10 KVA 1+1 Redundant Rack Mount UPS with 8 Minutes Battery Backup for Server Rack	
9.	Authorized Suppliers performance – Authorized Supplier should have implemented at least one project consisting of 1,600 CCTV Cameras with value of Rs. 12 crores or more in Central Government / State Government / Public Sector Undertaking during the preceding three financial years.	- Authorized Supplier's Performance Statement as per format at Section 12/A. - Copy of Supply Order / Purchase Order / Invoice for Authorized Suppliers performance. - End user certificate / Work Completion certificate / Satisfactory Performance certificate.
10.	Equipment and quality control Employed by manufacturer as per proforma given in Section 14 . Tenderer can also submit valid ISO9001 certification of manufacturer instead of Proforma given in Section 14 .	Equipment and quality control Employed by manufacturer as per proforma given in Section 14 or ISO 9001 certificate.
11.	Details of Models quoted.	Tender Form as per format at Section 8.
12.	Compliance to Technical Specifications.	Compliance to Technical Specifications enclosed at Section 6.
13.	Technical Literature of Quoted model.	Technical Literature of Quoted model.

Tender for Supply, Installation, Configuration, Testing, Commissioning and Warranty of
CCTV for Wholesale Depot (WSD)

Sl.	Qualification Criteria	Documentary Proof to be submitted by Tenderer
14.	Affidavit on software products.	Affidavit as per format at Annexure III.
15.	Affidavit on Intellectual Property Rights.	Affidavit as per format at Annexure III.
16.	Affidavit on Restrictions on Public Procurement from Bidders of certain countries.	Affidavit as per format at Annexure III.
17.	Tenderer should be ISO 9001 certified.	Valid ISO 9001 certificate
18.	Tenderer should be ISO 27001 certified.	Valid ISO 27001 certificate
19.	Tenderer should have at least three (3) Offices/Service Centers in each of the four (4) Divisions in Karnataka, i.e., at least 12 Offices/Service Centers in Karnataka OR Tenderer should submit a self declaration stating that the Tenderer shall open at least three (3) Offices/Service Centers in each of the four (4) Divisions in Karnataka, i.e., at least 12 Office/Service Center in Karnataka within 30 days from the date Notification of Award.	- Proof of Service Center in Karnataka as per format at Section 15. - Copy of Supply Order / Purchase Order / Invoice
20.	Affidavit on Rs. 100/- stamp paper notarized.	Affidavit as per format at Annexure III.

SECTION 8 - TENDER FORM

IFT No. _____	Date: _____.____._____
---------------	------------------------

To,

The Commissioner,
Food, Civil Supplies & Consumer Affairs Department,
Government of Karnataka,
Bangalore – 560052

Sir / Madam,

Having examined the tender documents in connection with the Supply of below goods called in this tender to your department for the year _____ called by you, I / We, the undersigned offer to supply and deliver the above said items in conformity with the terms and conditions of the tender at the rates quoted in the price bid if the contract is awarded in my / our favour.

Sl.	Item / Equipment / Service	Make	Model	Remarks
1				

I / We undertake that if our tender is accepted, I / We shall enter into a contract to deliver the goods and services in accordance with the delivery schedule. I / We agree to abide by this tender for the specified period.

I / We undertake to deposit a Security Deposit amount in accordance with the terms and conditions of the tender if our offer is accepted. I / We understand that you are not bound to accept the lowest or any quotations you may receive. We undertake, if our tender is accepted, to deliver the goods in accordance with the delivery schedule specified in the Schedule of requirements.

If our tender is accepted, we will submit performance security, a sum equivalent to 5 percent of the Contract Price for the due performance of the Contract, in the form prescribed by the Purchaser. We agree to abide by this tender for the Tender validity period specified in **Clause 3.9** of the ITT and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a formal contract is prepared and executed, this tender, together with your written acceptance thereof and your notification of award, shall constitute a binding Contract between us. We undertake that, in competing for (and, if the award is made to us, in executing) the above contract, we will strictly observe the laws against fraud and corruption in force in India namely "Prevention of Corruption Act 1988".

We understand that you are not bound to accept the lowest or any tender you may receive.

We clarify/confirm that we comply with the eligibility requirements as per ITT **Clause 1.1** of the tender documents.

Firm / Company Seal	Designation:

1. Price Schedule

- 1.1. The financial proposal should be submitted in the eProcurement portal only.
- 1.2. The financial proposal format is given in the RFP for information purpose only. The quantities stated in the financial format are subject to change during clarification, addendum, corrigendum.
- 1.3. The financial proposal details should not be disclosed in the technical proposal. If the financial proposal details are disclosed in the technical proposal, such bids shall be summarily rejected.
- 1.4. All rates and amounts quoted shall be inclusive of Customs Duty, GST, transportation, insurance, supply, customization, installation, site preparation, configuration, testing, commissioning, maintenance, warranty, operations, training, technical support, all documentations, etc. which are required for the successful completion and successful operations of the project.
- 1.5. It is the responsibility of the Tenderer to quote for all hardware, components, software, firmware, design, development, testing, technical documentations, reports, drawings, assembly, manufacturing, job processing, licenses, accessories, tools, consumables, labour, manpower, services, fees, charges, incidentals, project management, rentals, coordination with other stakeholders (vendors / stakeholders / Departments / OEMs / manufacturers / etc.), communication & Internet, back-office works, boarding, lodging, per diem, transportation, stationery and any other requirements which are required for the successful commissioning and operations of the project but are not explicitly stated in the Tender. If the Tenderer fails to quote for the complete end-to-end requirements of the project as stated hereinabove, it shall be the responsibility of the Tenderer to provide it at their own risk and cost.
- 1.6. The Client reserves the right to change the financial bid format through addendum / corrigendum.
- 1.7. The rates and amounts quoted, negotiated and finalized shall remain fixed during the contract period.
- 1.8. The Tenderer shall quote for the 4th, 5th and 6th year Comprehensive Annual Maintenance Contract (C-AMC) in the provision given in the eProcurement portal.

SECTION 9 - DETAILS OF EARNEST MONEY DEPOSIT

(To be submitted on letter head of Tenderer)

IFT No. _____	Date: __.__.____
---------------	------------------

To,

The Commissioner,
Food, Civil Supplies & Consumer Affairs Department,
Government of Karnataka,
Bangalore – 560052

Sir / Madam,

We have deposited Earnest Money Deposit of Rs.
(Rupees..... only) at approved bank by e-procurement to central
pooling account of Government of Karnataka, the details of which are as follows:

- 1) Bank & Branch
- 2) Method of remittance and its details
- 3) DD for Rs. bearing no. of

We agree that the EMD may be forfeited by the purchaser if we:

- 1) Withdraw our tender during the period of tender validity specified by us in the Tender Form (Section 8);
- 2) Do not accept the correction of the Tender Price Pursuant to Clause 5.3.3 of ITT
- 3) Do not sign the Agreement within the specified time limit in case we are successful and notification of award has been communicated as required ITT Clause 6.7
- 4) Do not furnish the required Performance Security deposit as required ITT Clause 6.8.
